

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

When our spirits resonate with truth we will discover that there are many wonders beyond those specifically mentioned in the Bible

We are walking with God on a relational journey to discover more about Him and ourselves and what our role is in restoration

We have the Holy Spirit of Truth in us and with us as our guide

We have Jesus, the way, truth and life, in us and with us to disciple us

We have our loving Father in us and with us to Father us into sonship

Agape love should be what we use to measure and test everything against

If you don't resonate with anything on the journey, park it and continue to pursue the truth with God directly

There are many things that I don't yet fully understand cognitively but that does not necessarily make them wrong

There have been many things that I was convinced were true that I now realise were merely man's opinions and ideas

The 4 streams of thought that are converging into one mighty river are:

Mystic sonship, Realised eschatology, Universal reconciliation, Energy frequency healing

We are going to cover energy frequency healing in these sessions

Restoration includes personal wholeness

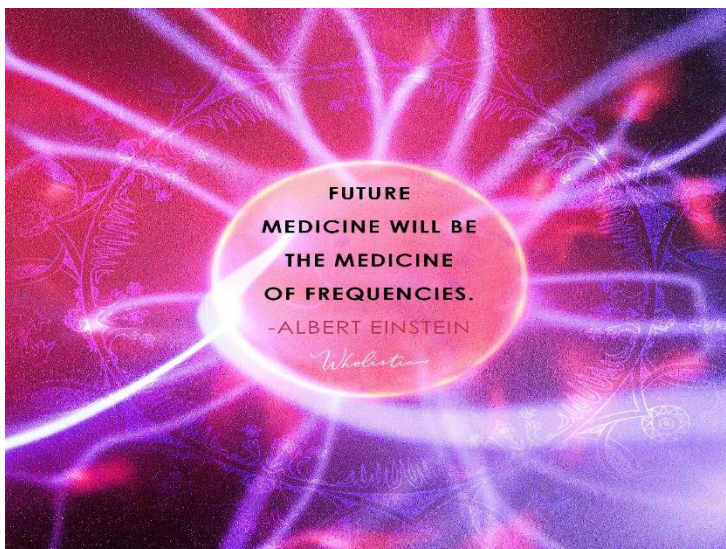

Energy frequency healing is being restored in this transition period to help us be made whole

Energy and frequency are related to many different healing modalities

It is also related to consciousness and creativity using the revelation of frequency and quantum physics

As a son radiating the frequency of heaven in the earth

Choosing to create the reality of restoration

Future medicine will be based on controlling energy in the body -Professor William Tiller, Stanford University

Restoration includes restoring sonship abilities to use energy frequencies

In healing and creating

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

What does energy healing include?

- Light
- Sound
- Vibrations
- Food
- Essential Oils
- Crystals

- Words
- Thoughts
- Emotions
- Trapped Emotions
- Heart
- Tuning Forks and Crystal Bowls

Our birthright is immortality
Man was created immortal
Sin ushered in mortality
Jesus came to reset the record
Therefore in His death we have immortality restored
When we die with Him, we are raised with Him to immortality

Deut 30:19 I call heaven and earth to witness against you today, that I have set before you life and death, the blessing and the curse. So choose life in order that you may live, you and your descendants, 20 by loving the Lord your God, by obeying His voice, and by holding fast to Him; for this is your life and the length of your days,

Psa 21:1 O Lord, in Your strength the king will be glad, and in Your salvation how greatly he will rejoice! 2 You have given him his heart's desire, and You have not withheld the request of his lips. Selah. 3 For You meet him with the blessings of good things; You set a crown of fine gold on his head. 4 He asked life of You, You gave it to him, Length of days forever and ever. Age enduring

Prov 3:1 My son, do not forget my teaching, but let your heart keep my commandments; 2 For length of days and years of life and peace they will add to you. 3 Do not let kindness and truth leave you; bind them around your neck, write them on the tablet of your heart.

John 6:50 This is the bread which comes down out of heaven, so that one may eat of it and not die. 51 I am the living bread that came down out of heaven; if anyone eats of this bread, he will live forever; and the bread also which I will give for the life of the world is My flesh."

2 Tim 1:9-10 ... according to the power of God, who has saved us and called us with a holy calling, not according to our works, but according to His own purpose and grace which was given to us in Christ Jesus before time began, but has now been revealed by the appearing of our Saviour Jesus Christ, who has abolished death and brought life and immortality to light through the gospel

1 Cor 15:51-54 Behold, I tell you a mystery: We shall not all sleep, but we shall all be changed – in a moment, in the twinkling of an eye, at the last trumpet. For the trumpet will sound, and the dead will be raised incorruptible, and we shall be changed.

1 Cor 15:51-54 For this corruptible must put on incorruption, and this mortal must put on immortality. So when this corruptible has put on incorruption, and this mortal has put on

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

immortality, then shall be brought to pass the saying that is written, "Death is swallowed up in victory."

Romans 2:7 Eternal life to those who by patient continuance in doing good seek for glory, honour, and immortality

There is a difference between eternal life and immortality

Quality and quantity

2 Cor 5:1-10 For we know that if the earthly tent we live in is destroyed, we have a building from God, an eternal house in heaven, not built by human hands. Meanwhile we groan, longing to be clothed instead with our heavenly dwelling, because when we are clothed, we will not be found naked.

2 Cor 5:1-10 For while we are in this tent, we groan and are burdened, because we do not wish to be unclothed but to be clothed instead with our heavenly dwelling, so that what is mortal may be swallowed up by life. Now the one who has fashioned us for this very purpose is God, who has given us the Spirit as a deposit, guaranteeing what is to come.

Matt 17:1-2 After six days Jesus took with him Peter, James and John the brother of James, and led them up a high mountain by themselves. 2 There he was transfigured before them. His face shone like the sun, and his clothes became as white as the light.

Jesus was modelling His heavenly dwelling

Matt 17:9 As they were coming down the mountain, Jesus instructed them, "Don't tell anyone what you have seen, until the Son of Man has been raised from the dead."

It became available to us after the resurrection

Why Energy Healing?

Because it is one of the tools the Father is revealing in the earth today to help us physically step into immortality

There are other tools that will be used to give us a strategy to move into our immortality inheritance

We know the need for food to nourish our bodies and supply the energy for life.

However, when we get ill, we start to look for other solutions.

Praying for Jesus to heal us

A visit to the doctor for chemicals

Pharmaceutical is from the same Greek word root as witchcraft, *pharmakeia*, meaning sorcery, magic, the practice of magic arts.

Primarily signified the use of medicine, drugs, spells; then, poisoning; then sorcery.

Every pharmaceutical drug has effects

Not a single pharmaceutical drug is natural.

It is not possible to patent anything that exists in nature. They will not invest the money in something they cannot patent.

Pharmaceutical drugs do not produce coherent frequencies and can distort our frequency

We ignore the provision that exists in nature for our healing

Revelation 22:1-2 Then the angel showed me the river of the water of life... On each side of the river stood the tree of life, bearing twelve crops of fruit, yielding its fruit every month. And the leaves of the tree are for the healing of the nations.

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

The pharmaceutical companies have done a great job of reprogramming our thinking around health
They are not creating cures,
They are creating customers because they are driven by profit

What is energy?

Energy, in physics, the capacity for doing work. It may exist in potential, kinetic, thermal, electrical, chemical, nuclear, or other various forms and can be transformed from one form to another.

The basic scientific fact: everything is energy.

Energy can neither be created nor destroyed

In other words: the total sum of energy that exists in the universe today is exactly the same as when the universe was created.

God is energy

At its simplest, energy is defined as the capacity of a force to perform work, or produce an effect.

When God created the universe....

His energy was released into it.

When God created us, His energy was released into us

He placed that life force of energy within us and therefore we have the capacity to use that life energy for life or for death.

Deut 30:19 This day I call the heavens and the earth as witnesses against you that I have set before you life and death, blessings and curse. Now choose life...

His energy is the energy in which all things exist

His energy is the energy by which all things are held together.

Acts 17:28 For in Him we live, and move, and have our being;

He is the life force energy of the universe

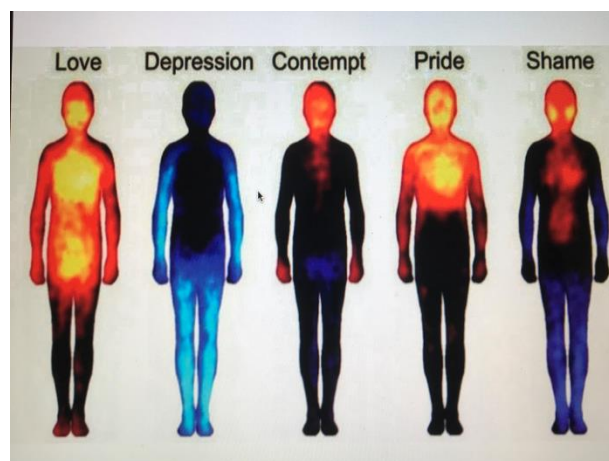

Human Energy Field

A few decades ago science denied the existence of any form of human energy.

With the advances in technology, specifically with the device called the SQUID (superconducting quantum interference device) magnetometer

Now tiny magnetic fields have been detected from biochemical and physiological activities within the body.

Using this device, scientists have learned that all the tissues and organs of the body produce specific vibrations

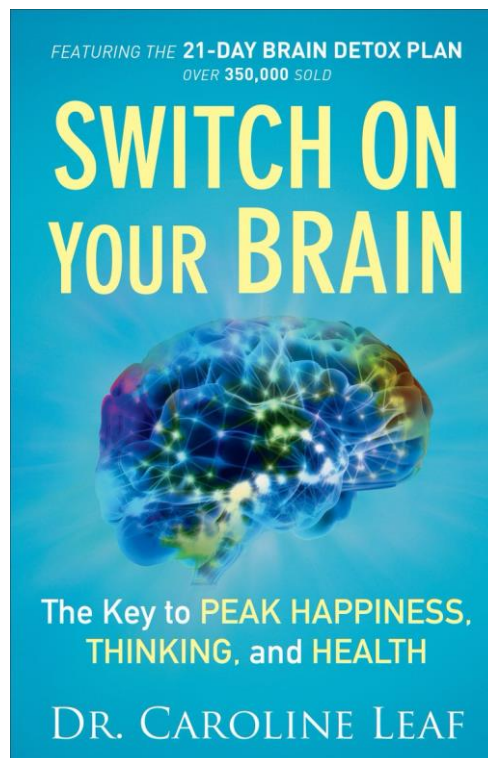

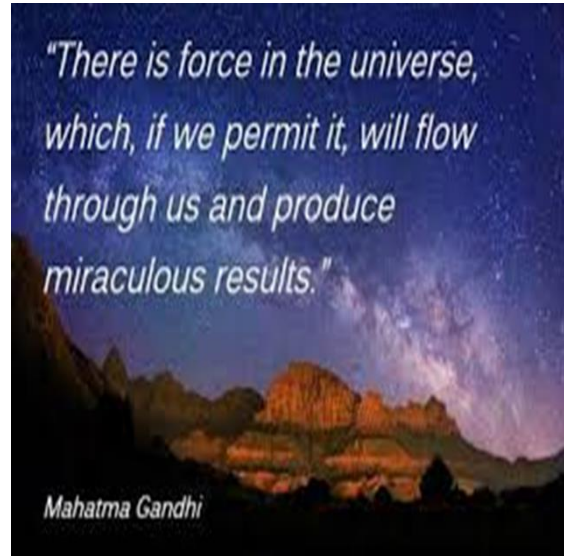

Spiritual people recognise the pure energy force within the universe
They just don't know who that energy is

Over the last 10 years this has become so universally accepted that even the United States federal government has come out in publicly agreeing:
Almost all health issues originate from one problem – STRESS.

When we talk about stress, we are not talking about circumstantial issues that we usually think about as stress.
It is physiological stress that results in illness and disease.
Stress is related to how we think

Physiological stress is when our nervous system is out of balance.
Where there is negative energy where once there was positive energy.
Where stress has caused an imbalance within a certain area of the body.
By receiving the correct energy vibrations, we can bring energy balance back into our body

DNA and our thinking
The following section has several quotes directly from this book
It also contains a 21 day brain detox plan from toxic thinking

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

To quote Caroline Leaf (Communication pathologist and audiologist, who has worked in the field of neuroscience since 1985)

All thinking activity is real and can be seen on brain imaging.

Just the mind activity from engaging with the last few sentences generates electromagnetic, electrochemical and quantum action in your neurons

It causes:

- Magnetic fields that can be measured
- Electrical impulses that can be tracked
- Chemical effects that can be seen and measured
- Photons to be activated that can be captured on computer screens

Energy activity that can be explained using quantum physics

Vibrations in the membranes of the neurons that can be picked up by instrumentation

This combined activity sets up an intricate and organized sequence of actions of neurotransmitters, proteins and energy that forms a signal.

Your thinking has just created a powerful signal that is going to change the landscape of your brain. This signal you have just created passes through the membrane of the cell, travels to the cell's nucleus and enters the chromosome, activating a strand of DNA.

The DNA is zipped up like a cocoon until it is activated or unzipped by the signal

As it is opened and the code is read, RNA (a type of protein that almost acts like a photocopier) makes a photocopy of the code, which serves as a guide or architectural plan to build the proteins within the cell.

These proteins you have just caused to be built by your thought process hold the information you have just received through a thought or memory

You have created substance.

Prov 23:7 As a man thinks in his heart so is he

Heb 11:1 faith is the substance of things hoped for, the evidence of things not seen.

A study by the Institute of HeartMath showed:

Thinking and feeling anger, fear, and frustration causes DNA to respond by tightening up and becoming shorter, switching off many DNA codes, causing a shut down in our body

However, this was also shown to be reversed by feelings of love, joy, peace, appreciation and gratitude

Phil 4:8 Finally, brethren, whatever is true, whatever is honourable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, dwell on these things.

Researchers also found that HIV positive patients who had positive thoughts and feelings had 300,000 times more resistance to the disease than those without positive feelings

Conclusion: When we choose to engage toxic thoughts (unforgiveness, bitterness, anger, resentment, irritation etc.) we change our DNA, which changes our brain wiring.

The good news:

A positive attitude and good choices around thinking had the result of rewiring everything back to the original, healthy, positive state.

Gratitude rewrites our brains and promotes health

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

Rom 12:2 Do not conform to the pattern of this world, but be transformed by the renewing of your mind

Through our thoughts we can be our own neurosurgeons as we make choices that will change the circuits in our brains

We are designed to do our own brain surgery and rewire our brains by the choice of our thinking.

Thinking God's thoughts will reset our DNA to His DNA
Start to take captive your thoughts and
Reprogram your DNA

To quote Joe Dispenza, a leading neuroscientist:
The body does not know the difference between the
experience and the memory of the experience.

Or put differently:

The body does not know the difference between the physical
experience or a thought experience (imagined experience)

Our brain does not know the difference between what we are
imagining and what we are experiencing.

Therefore when we mentally rehearse things we install new
neurological hardware

We need to ensure that what we are rehearsing is positive
and life-giving

Neuroscience says: positive thinking can move our brain function from being stuck in the past and
we use our brain function to create a map of the future

Jesus says: as we do this we begin to release the life force within us (the authority of sonship) to
create our future.

Light and sound

God is love and light; therefore love's light is our sonship revealed as we arise and shine

Our identity is revealed through engaging the light of truth

Jesus is the way, truth and life, and reveals our destiny and eternal identity as the light of the world

John 1:1,3-4

In the beginning was the Word...

Through him all things were made; without him nothing was made that has been made.

In him was life, and that life was the light of all mankind.

So God (the Word) created everything.

Gen 1:1-3 In the beginning God created the heavens and the earth. Now the earth was formless and
empty, darkness was over the surface of the deep, and the Spirit of God was hovering over the
waters. And God said, "Let there be light," and there was light.

It was reported in the Telegraph on 26 April 2016 that researchers in ovarian biology at North-
western University, Chicago discovered human life begins with a flash of light.

An explosion of tiny sparks emits from a human egg at the exact moment of conception.

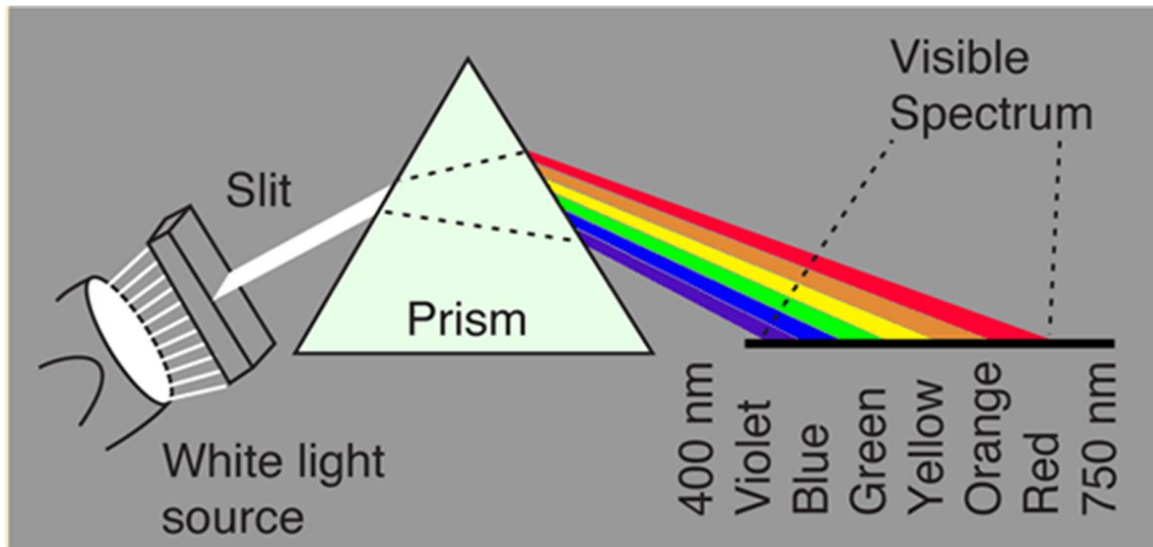

We are created by light and our spirit is light

We are created by light as light beings

Jesus is the light of the world. All light comes from Him.

Light is a fundamental part of who we are and how we function

We need light to remain healthy
Light is made up of various colours or radiant frequencies

Chromopathy: Colour Therapy... *Chromo* means colour and *pathy* means the technique of treatment. Through chromopathy, many chronic diseases can be treated. It's an alternative medicine method. It uses light, in the form of colours, to balance energy lacking in a person's body.

Ancient Egyptians and the Greeks used colour and light for healing. In Europe in the Middle Ages, Cathedrals had booths made of coloured glass where people would go to pray for and be healed. We see a remnant of this in the stained glass windows

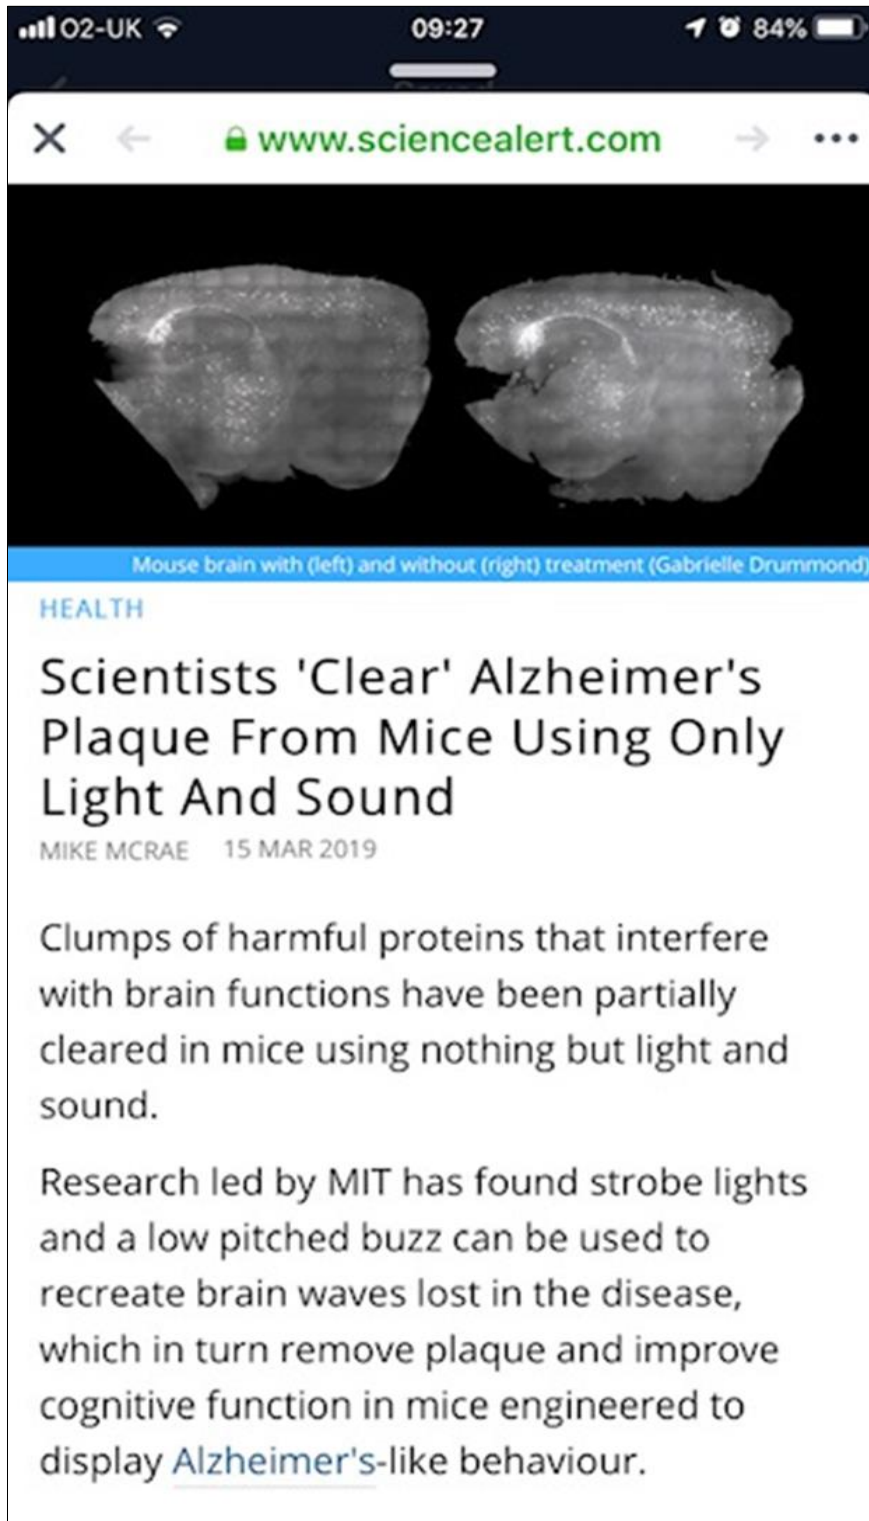

Light is part of the electromagnetic spectrum, which ranges from radio waves to gamma rays. Electromagnetic radiation waves, as their name suggests, are fluctuations of electric and magnetic fields, which is the movement of energy from one location to another. That energy, as colour, penetrates into our bodies and heals the deficiency, thereby healing the body

Any sound, whatever it may be, is caused by something vibrating. Sometimes it is audible, and other times not. Creation was created by frequency when God brooded over the earth

Joshua 6:16, 20 The seventh time around, when the priests sounded the trumpet blast, Joshua commanded the army, "Shout! For the Lord has given you the city!" ... When the trumpets sounded, the army shouted, and at the sound of the trumpet, when the men gave a loud shout, the wall collapsed; so everyone charged straight in, and they took the city.

Light and sound are both vibrations
Vibrations that impact the make up of the body

Screenshot taken from www.sciencealert.com

Vibrational Energy

Dr Royal Raymond Rife discovered one of the most ground-breaking medical tools in the last hundred years.

He invented the world's best optical microscope and subsequently discovered that the microbes in cancer cells could be totally devitalized by radio frequencies which left patients unharmed.

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

Due to financial and political interests, his discoveries were driven underground and much of his work was destroyed

In 1934, the University of Southern California appointed a Special Medical Research Committee to bring 16 terminal cancer patients from Pasadena County Hospital to Rife's San Diego Laboratory and clinic for treatment.

The team included doctors and pathologists assigned to examine the patients, if still alive, in 90 days. After the 3 months of treatment, the Committee concluded that 14 of the patients had been completely cured.

The treatment was then adjusted and the remaining 2 also were cured within the next 4 weeks. On November 20, 1931, forty-four of the nation's most respected medical authorities honoured Royal Rife with a banquet billed as "The End To All Diseases" at the Pasadena estate of Dr Milbank Johnson.

But by 1939, almost all of these distinguished doctors and scientists were denying that they had ever met Rife.

This complete reversal was the result of pressure from the drug companies on them. 'Pressure' is a very nice way of saying it.

On the eve of a press conference to announce the results of the 1934 study on Rife's cancer therapy, Dr Milbank Johnson, former president of the Southern California AMA, was fatally poisoned and his papers "lost".

Also, after a failed attempt by Morris Fishbein to buy the rights to Rife's healing instrument for the medical drug industry, Rife's labs were destroyed by arson and sabotage.

Dr Nemes, who had duplicated some of the work of Rife, was killed in a mysterious fire which destroyed all his research papers.

A similar fire also destroyed the Burnett Lab, which was validating Rife's work.

Royal Rife himself was killed in 1971 by an "accidental" lethal dose of Valium and alcohol at Grossmont Hospital.

Thankfully some of Rife's records were subsequently discovered

Today, there are 2 not for profit organisations researching Cancer solutions.

The Independent Cancer Research Foundation, Inc. being one and they published the Truth about Cancer Series and the Cancer Tutor Website:

www.cancertutor.com

The other is The American Anti-Cancer Institute

These resources are being made available so that people who are suffering from cancer and other diseases are able to benefit free of charge from these discoveries

And can pursue their own discovery with in-home research into the effects of high radio frequencies by buying and using these machines in their own homes

I have a [Spooky2](#) Rife Machine for my family to use at home to try out

It can operate remotely via quantum entanglement and do biofeedback scans

It comes with a very extensive handbook, covering ailments from A-Z and their corresponding frequencies.

Dr. Rife's work culminated with The Smithsonian Institution publishing the following quote in their 1944 annual report:

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

“Disease organisms such those of tuberculosis, cancer, sarcoma, typhoid, and others may be observed to succumb when exposed to certain lethal frequencies peculiar to each individual organism, and directed upon them by rays conveying a wide range of waves.”

There is a man in the USA who is a Vietnam veteran
He brought himself back from stage 4 prostate cancer when he was sent away from the hospital to die.
He now raises money and buys machines for other veterans who are sent away with no hope.
All but one of the people he has worked with are still alive today.

Rest is the key to restoration and revelation
Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHWH
Breathe in deeply and exhale slowly Yod
Breathe in Hei and out Vav

Repeat: in Hei, out Yod, in Hei, and out Vav...
Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you
You are in a safe place
Now we can engage with the essence of who God is as love

We are going to step into Him, His life-force energy.
Feel His energy surround you
Feel yourself being swallowed up by life
Drink that life, feel it in every part of your body
Feel the clothing of your heavenly dwelling
Feel the mortality being swallowed up by immortality

Think about your favourite place
Remember the last time you were there. Remember the feelings of joy and contentment you felt.
Rest in those feelings.
As we go deeper into the memory we will recognise that those feelings are as real in the memory of the event as they were in physical event

Now we are going to expand this activation.
Our imagination is not a second class citizen
Faith is a substance, and it is first generated with our spirit in our imagination
Our imagination generates a substance

Embrace the Peace
Feel the Love of the Father
Allow Holy Spirit to take your imagination and fuel your thoughts and show you whatever He wants to show you. Ask Him what you want to know
Engage your spirit to work with your imagination to generate the substance to reset your thinking and your DNA

Ask Holy Spirit if there is a colour you are deficient in?
Is this deficiency affecting a physical condition?
Now we are going to receive that colour.
Jesus is the light, and the refracted light. Receive the colour you need
Visualise that colour being flooded into your being

MODULE 12: THE RESTORATION OF ALL THINGS PART 2
SESSION 15

Remember, as our imagination is able to generate the substance of faith
Our imagination is able to generate many other substances
In this instance, our imagination is going to generate the substance of the colour that we need
Engage your spirit to work with your imagination to generate the substance to reset your body and your DNA

Sound is an energy

Zephaniah 3:17 The Lord your God is with you, the Mighty Warrior who saves. He will take great delight in you; in his love he will no longer rebuke you, but will rejoice over you with singing. When He sings over us, it resets our frequency.

Let's take some time now and allow Him to sing over us!
Feel the vibrations of Him singing over you

Hear the invitation to come up here
Steps like Jacob's ladder leading up to heaven
Shift the focus of our mind
Walk up those steps to the door
Now step through the veil into the kingdom realm

Jesus is standing in the doorway
Present yourself to Jesus, your High Priest, as a living sacrifice
Let Him take you by the hand
Ask Him to reveal restoration and the oracles of the Father's heart
Ask Him to reveal the truth about energy healing

Jesus, please take each person and show them what they need to receive the mandate for restoration
Go wherever He takes you
