

Vision-Destiny 2018 – 03

Session 03

- Sharing revelation from 2017
- What has God said and what has God revealed? – Conversations and Visionary encounters relevant for 2018
- What is the application for me the church here and for the wider church?

We are in for a wild ride of discovery

The very core beliefs that we might have held are going to be challenged by the extravagantly revealed love of God who is Father, Son and Holy Spirit

As God reveals Himself to us it will be like first love all over again discovering who He truly is

Last time we saw that we are invited to embrace the consuming fire of God's love to reveal our sonship

The truth of who God really is being unveiled in love and as love

- **God who is Father, Son and Spirit desires that we live loved, love living and live loving**

I had a number of significant encounters that took me beyond again

These encounters stretched me and challenged me and although I don't cognitively understand them all they have stirred me and directed me

On the dance floor we engage darkness in the culture house and see that which has been lost the mark of redemptive purpose hidden beneath layers of man-made traditions.

I see the truth of uniqueness the mark of God's desire and design of each people group and I call it forth to be restored.

I call for all the families of the earth to be restored and their destiny that mirrors God's design to be unveiled to the cosmos.

- I call for the truth to come out of darkness into the light to restore hope inspire faith and release the light hidden and obscured by the veils of human tradition.
- I call for the alignment of the circle of the deep to open the house of commissioning to release the messages, the calls to destiny of those from each family to receive their identity and positions as light bearers to the truth unveiled to restore the families of the earth to their destinies as families of their heavenly Father.

- I call for the release of the messenger angels to invade the darkness of the families of the earth with the commission of truth to the representatives in waiting.
- I call for the light of truth and love to pierce and penetrate the darkness to target the worst that mankind's depravity can offer with the power of love's extravagant abundant.
- I call for the targeting angels to mark out those to be commissioned for the love bombs to explode over their lives.

Son feel My heart for My families the desire to restore identity and purpose. Son feel the pleasure that restored sonship brings to My heart, this was My pleasure and delight in the beginning and so it will be in the end. Son let My joy be in you so the joy of your sonship can be completed.

Restorations joy where the end and beginning complete the circle of desire. Where what was establishes will be through those willing to stand in the gap of what is to be the bridge of the way, truth and life.

- **My desire that every family of the earth be blessed and a blessing realised in the restoration of all things is the motivation that truth requires.**
- **The light of love revealed in the restoration of all things is the reality of sonship the very image of conformity.**
- **All My children are predestined to be conformed to the image held secure before the ages within Jesus restoration is not a dream but a certain hope.**

Son embrace the dream so it incubates desire to become the certain hope that inspires you to live loved, love living to live loving.

Son let the truth reveal the futility of following the self-deception of the path of life without God to unveil the true reality of the way of the tree of life.

Son do you see that living from the place of intimacy frees you from this DIY tree living keep your focus on where you are positioned in the heavenlies and you will continue to live loved love living and live loving.

This overwhelming love is what true life is all about My oneness with you affirms my oneness with all as I am is not partial.

Son as you have at last come to know all are included in My love having been reconciled by the justice of the cross.

I died so all can now live as all did with Me when I conquered death, all are included in My resurrection.

- **Son My great desire is that the eyes of all would be opened to know the truth of where they are and live loved rather than that DIY pursuit of**

love and identity. Live with an emphasis on love from loves perspective reveal to all the overwhelming joy and peace that flow from being within Me.

Son as you live from heaven's position and perspective where true sonship is realised let heaven manifest on earth through you as you become the conduit for the fullness of our intimate relationship to be fully realised and expressed.

Son the true light of love must shine with the brilliance of heaven's radiant glory to remove the veils from the minds of all those for which I died to liberate from the DIY tree pathway.

→ Son how will the world see sonship if the household of faith live a DIY existence of slavery?

Son live life to the fullest and express your freedom with total abandonment to expose the limitations of the DIY religious bondage that had plagued My people by enslaving them to another's earthbound theology and doctrines rather than true face to face encounters beyond the veils of their own limitations into the fullness of where I am now ascended as a forerunner for all to enter into their full seated position of sonship.

Son rejoice! Scream it out shout it from the roof tops that all have been included in My love and that none need to live in the lostness of DIY tree's path.

My love is limitless and unrelenting it reached down to the depths and ascended to the heights it is beyond beyond all human comprehension from the DIY perspective but it will not relent until every knee bows and every tongue confesses that they have experienced My love.

Love had won love has overcome and love will not fall in its purpose, a oneness that reveals true identity the destiny of sonship.

Identity through the spirit not by works faith is given to us by God. It is not how much faith we can muster it takes but a mustard seed of God's faith.

- Son My image has been distorted so My own people see Me as the angry archer ready to loose the arrow of against them.
- Son help reveal Me as the lover of their souls ready with Cupid's arrow as it were to penetrate the hardness of their hearts with My love.
- Son this idol this false image must be destroyed by the extravagant lavishness of My love revealed as the true face of God.
- Son smash down the high places the lofty thoughts that obscured Me from view.
- This false theology and false doctrine has created a religious idol that has replaced My face with the of image of the angry God.
- Son My anger is directed towards that which obscures My love and creates fear of Me in My people not against those who I love.

Son all died in the DIY self-effort of the path they chose but all are alive in the faith of the path of life.

All died and all are now alive but they can't all see it and know it because they have their minds veiled by the wrong image that religions of all kinds has presented.

Son help remove the veil by revealing Me the true God of love the great circle and dance of relationship by living loved, loving living and living loving.

Son this kind of testimony and the light that truly shines through it can remove the veils as it has done in you.

Son let My love for you as you have experienced as My son ignite a jealousy that will cause pursuit and bring rest and trust in face to face intimacy.

Son expose the lies with extravagant testimonies of true love to reveal by unveiling My true character and nature love, light and fire.

I won't relent until I have it all My love is stronger than death which was the last enemy to be defeated.

- ➔ **I have the keys off death and Sheol and the doors are open not locked and the gates Zion created in the great sacrifice are open for all ages past present and future.**
- ➔ **Son let the spirit and the wife say come.**

Father you have called us to be about your business. What is your business in regards to the community mountain?

Son it is time to be realigned so that everyone can see the origin of your name in relation to Me and the true freedom that comes in salvation.

Son it is now the opportunity to put your trust in Me and watch how heaven's resources are attached to the ordinances and ordnance.

What is the ordinance that has been decreed and established in heaven? What are the strategies that have been agreed in heaven?

- Come into alignment and the resources will be released.

Who had seen my report? Who has asked My opinion?

- Now is the time to end the associations with the world systems and solutions and align yourselves with heaven's government.
- I said expand but what do you need to expand? I authorised you to remove the barriers and divisions to enable expansion in one area to provide the solutions in another area.
- The partitions of time and space need to be realigned to the strategy of heaven.
- The 2 fiery scrolls are your mandate through the whole Ekklesia so the priorities must be seen in this light and not partitioned by your thinking
- I see everything from My perspective align yourselves with the relational oneness that is Me.
- The community mountain sphere is to align itself with the mandate for the harvest and the equipping of a generation.

- I have given you the authority to call specific people groups why have you not focused on what is before you?

To feed and clothe and house must be seen from the same mandate perspective and then you will be able to see how expansion in one area can benefit the others.

Son if you reappropriate time and space and finances to give priority to expansion of the equipping mandate then the harvest mandate will follow.

Resource my people as your priority and I will resource that which you seek.

- Transforming lives comes in many ways don't separate them in your minds and you will see that the goal to be a resource centre will be fulfilled by prioritising the resources and the resourcing.

Son there are many ways to equip short medium and long term start with intensives and then expand to collectives.

100 times 30 x 50 will provide the same as 3 times 50000 and 10 x 50 x100 will provide the same as 1 x 50000.

Son don't under value what you can provide as resources to equip through intensives and workshops.

- **As My people begin to realise the value of heavenly government and Ekklesia rather than church then you will have people waiting to enrol in intensive workshops and conferences that will propel them forward in the kingdom.**
- **Son evaluate what you have as resources and mobilise them to expand to provide the solutions for rapid expansion within the kingdom.**

Father I come to your throne of grace and lay my head over your heart. I rest in your love and mercy.

I share my concerns with you I surrender to your Wisdom and grace.

I don't need to understand how or why or when or what. I trust you.

- ➔ **Son openness honesty and transparency are vital components of all relationships and all government don't relent in your pursuit.**
- ➔ **You must be open about your concerns don't be put off by defensiveness and bring everything into the light.**
- ➔ **I will open the treasuries of heaven when you are walking in the light with one another.**

Son I call you to open the flood gates of heaven and receive the abundance of blessing and the empowerment to prosper but you must seek Me first and not rely on your own understanding of what I reveal.

- The strategy of heaven is available if you will let go of the strategy of earth first.
- Rest because you trust Me not as a formula.

Son walk with Me beyond this place once again.

We walk through some trees that line the river into a clearing and there are the portals to beyond.

I begin to see what I have not seen before there is a path that goes beyond even this place.

I stop for a brief moment to feel the isolation of this place to feel the atmosphere almost loneliness and longing.

Father why? Son no one has walked here as this place is the beginning of the end of ascension.

I will show you the path beyond here that comes from the last stone of fire.

The entrance to beyond this place is through final surrender to the fire of the last three stones.

The stones of sonship are those that were waiting for the sons to create from the glory of their image. No one has ever reached that place of serenity but now it is becoming a potential possibility.

Beyond is a new city existing on multiple planes of reality that is the place for the peace between the dimensions to be restored.

- **Son the examples of My people over the politics of natural are the indication why this place is empty.**
- **Union can only come from oneness and oneness can flow from love and love is about the willingness to put those that disagree in the place of honour in your heart and be willing to lay down your life for them as I did.**

That is but the first stone and would be the foundation to engage that which you don't understand.

➔ **My people's response to immigration and aliens from their own people is the indication that the second stone is but a distant hope.**

The bigotry and hysteria that occurs is evident when anything not known or different creates such strong negative emotions.

I have been giving you a glimpse of what is destined to be the restoration of all things and I do mean all things.

On earth, under the earth, in the heavens and in all the dimensions of the created orders even those beyond your present comprehension.

Son be the provocation to end the mind-sets that create this divisive fear and xenophobic reactions.

That which you see and feel is but the tip of the iceberg when you see what I see within the hearts of those who claim to know me and don't.

Don't become discouraged as forerunners see the goals and the obstacles first.

I call you to establish the law of foundations that will enable the dawn of a new era that will unveil what is possible when My people engage My heart.

Son love won before and that is what makes beyond possible. It is only love that can be the solution to overcome all the obstacles you see. Love can win because love always won.

The new Jerusalem is but one of twelve cities that must be united over the ages to come into the restored order of love.

This is true transcendent glory of the three fours and the four threes.

This is the place where relationship and responsibility meet in perfection, where 4 portals meets the 3 governments and where the 3 governments meet the 4 portals.

Son come walk with Me. We walk in the pathways of my mind.

It is more illuminated and as we walk along a rather wide path we end up at the gulf.

Son connect the path.

How?

Walk, you have to make the connection by faith.

What am I connecting to?

What do you want to connect to?

I think then I walk and the path continues under our feet

We walk to a door but I hesitate before opening it.

Father this door carries with it great responsibility am I ready to use it?

Son you know.

I reach out and open the door and it opens up to vast area of abilities in the form of light paths with an amazing array of neurones lit up with multi-coloured blinking led like connections.

→ Son you have been activating this area every time you have been renewing your mind through My body and blood.

How do I use the abilities?

- By faith and the Spirit of the Lord.

I see a version of the world as thought and like little trains of light carrying energy thoughts as light information to and fro.

It is like a whole network of fibre optics in 3 dimensional array.

Before I could ask He did "You just know" a statement that in itself had depths of meaning and nuances.

Son you have the mind of the living word. You therefore have the ability to discern between the soul and spirit, thoughts and intentions of the heart and the sources thought and feeling.

This is quantum discernment in that it can also see what the vibrational frequencies are that resonate with grace and desire.

Son have you noticed the colours of the energy streams?

No.

Then focus your attention on the light wavelengths I begin to see short wavelengths are blue or cyan and are high frequency.

Medium wavelengths are medium frequency and magenta and the long wavelengths are low frequency and yellow.

Blue short high = the thoughts of spirit

Medium waves frequency magenta are soul and yellow long waves low frequency are worldly deceived thought. A pulse of inspiration marks the eternal source.

Son I know that you have questions hidden within but it is okay.

You don't have to hide them as I placed them there to cause you to seek Me.

Now that you have found Me in love not the answers, those questions can be answered.

Son I love the fact that you have allowed Me to become the centre of your trust and now I can enable you to see.

Son come and walk with Me once again.

We start going down this spiral staircase-like path deeper and deeper into a dimension beyond the trophy room and Tartarus to a place with a golden throne in the centre of the centre of the circles of the deep.

The centre of heavenly government and the centre of earthly government intersect in what was once glorious before it fell from its first estate.

Son I took you to the man-made root of the DIY path years ago now you have seen that the path of life can appear downwards and be upwards simultaneously.

You have willingly embraced the path of the humble and gentle heart now you can walk on the path of ascension to life and sonship as was intended but deferred.

- **Few have come here and few have left here only a few have ascended but now this place must become the transformation point for those willing to embrace the yoke.**
- **Only living loved can bring you to such a place and position of being low and high simultaneously.**

Only the intimate relationship with My heart of pure light and love can open the door for true ascension.

- **Many people are ascending, but that is not ascension be careful that My people don't settle for what is merely like an introduction to the main event.**

Son the throne of God and the throne of the sons of God was always intended to be a wheel within a wheel as we were always destined to be within and within.

Now you must have settled for being seated in the heavenlies in Me and have no desire to go beyond.

The questions that you have willingly surrendered were placed within the forerunners for the purpose of creating the desire to pursue.

There are those who have not surrendered those desires to embrace relationship which is the path to enlightenment and ascension.

- **The beyond beyond beyond awaits those who surrender their desire, to enter love.**
- **Love is the true path that is open to those who abandon the DIY path of wearisome self with a gentle and humble heart.**

The way up is down and the way down is up and everything meets at the core the centre of the circle of threes.

Son this is to encourage you that you are on the path to your destiny now free from the entanglements of the minds tethering to the limitations of desire questions.

Son be, that state is going to expand your reality to the state beyond your pre-existent thought within My mind.

Son feel My heart for the people who are but who are not.

- **Many have been invited to participate in the Joshua Generation but there is a lack of urgency and a reticence to really believe that they are truly My sons.**
- **Son call forth their sonship release a sound that will focus My people to their destiny.**

➔ **So many have crossed over into the new land but are still waiting at Gilgal not believing they are ready.**

➔ **The time of preparation is over the time to rise up is now, this is the Kairos moment to accept the responsibility of the sonship and fulfil My mandate to be the pioneers who will occupy the governmental positions within My kingdom.**

- I am not calling you to be explorers but pioneers who establish in your Jerusalem and Judea first.
- I am releasing the heavenly mandates and blueprints for embassies of heaven, this is My priority. Beach heads of heaven must be established in new order Ekklesia.
- Non conformity is not enough full restoration is My desire don't come out of the old and not embrace the challenges of the new.
- Don't be forerunners who only stay in Jerusalem and go no further.
- There are many more religious strongholds to knock down and their cities to possess.

Son inspire sonship by presenting a true demonstration of a son who has recovered his restored birth right not just his inheritance.

➔ **Your birth right is the responsibility for dominion through ascension.**

- **Ascension is not just crossing beyond the veil but becoming mature sons positioned upon their thrones seated in rest and responsibility.**

There are many who have crossed but they do not know their identity, position or full authority.

The assemblies and councils of heaven await those who will accept their invitation to participate not just observe.

- There are too many observer's watching and waiting for others and not enough willing to take responsibility to lay the deep foundations necessary.
- The reproach has been removed already now accept your new name and new identity and come take your seated position of heavenly governmental authority.
- Son call for the blueprint to become the preeminent focus not its component parts and I will enable the parts to become one whole.
- Son I said expand now I am revealing the true meaning of expansion to become one by having no borders.
- You must each go beyond the non-existent barriers that have limited you
- I am calling all the mountain spheres to expand the limitations that their borders have created and become an integrated whole.
- All for one and one for all. Fear will limit what is possible as one will only be for one and not for all.
- Acts 2 and 4 when everyone had all things in common and I added daily.

Son you are a crafted vessel fit for use moulded after My own heart designed for glory skilfully and wonderfully made.

See the perfected image look into My eyes and see My thoughts of your sonship. Son live loved from that reality choose life choose love choose to be as I am.

- **Son choose the limitless potential possibilities of creative sonship. Choose to live from creative reality unlimited by time or space free from all and any weights and encumbrances Living a loving existence radiating the light of your sonship as loves waves become loves particles restoring life as it always has been within the hope of My desire.**

Son you are fearfully and wonderfully made and I have chosen to put you on display for My love to be seen and My light to shine through your life.

Son do not rely on your own weight to keep you grounded be free from the limits of your mind and fly.

Son see your boundless energy that supplies all your needs from My glorious riches and take the leap of faith.

Phil 4:19 And my God will meet all your needs according to the riches of his glory in Christ Jesus.

Son live in My manifest provision knowing love and living loved in the fullness of I am.

Son see the spring of life flow from the place of intimacy in love's fullness expressed as an overflowing and abundant life of love.

Love has won, so love wins every time you live loved but love never wins when you try to make love win.

As I looked into His eyes and pondered the deep pools of love joy and peace that draw me in deeper and deeper into His rest where I trust.

Now I turn and look out to a different world one seen from heaven's perspective in its true light I am confident that all will be restored to that beautiful image of perfection.

I see the wheels within wheels

The music of the spheres begins to play as if the volume is turned up by my observation.

Son feel the joy of restoration where all becomes one once again and where one is more than it has ever been.

I call for love, joy and peace to pour out the heavenly fragrances of hope faith acceptance and belonging, and opportunities and purpose let them fill our atmosphere with heaven's oil.

I call for the restoration of all that has been lost by not living loved and not living as one.

I call for all to be one and one to be all fully restored.

I call for the law of restoration to be released from the scroll room where circle of the deep is aligned.

Isaiah 45:3 "I will give you the treasures of darkness and hidden wealth of secret places, so that you may know that it is I, The Lord, the God of Israel, who calls you by your name.

Son see My love and then you can see why I am relentless in pursuit of the desire of My heart for the restoration of all things so that everything that was conceived in My heart will come back into relationship.

Son restoration is love manifested to bring order to all creation where everything will find its true destiny only in reference to My love.

Close your eyes and begin to think of Jesus

Ask Jesus to take you back to the Father's heart to reveal your true identity

Ask Jesus to take you beyond beyond
