

## Vision-Destiny 2018 – 02

### Session 02

- Share revelation from 2017
- What has God said and what has God revealed?
- Conversations and Visions relevant for 2018
- What is the application for me the church here and for the wider church?

We are in for a wild ride of discovery

The very core beliefs that we might have held are going to be challenged by the extravagantly revealed love of God who is Father, Son and Holy Spirit

- **As God reveals Himself to us it will be like first love all over again discovering who He truly is**

Last time we saw that we in are transition from the season of Justice to a season of grace, greater grace and grace upon grace where we will be endued with God's enabling power

- **The very essence of God, love, is being released in greater dimensions that correspond to the grace outpouring that we are going to come into**

The Ekklesia is God's chosen vehicle for love to be revealed to the world

Not living on path of self but walking the path of the tree of life revealing the way of the fiery sword through the cross.

The pattern, the mould, the expression of Ekklesia is three as one foundational love.

My response to engaging the fire:

- I embrace the true expression of loves fire in self-sacrifice upon the altar of the temple (Isa 6) whose purpose is to see the earth filled with the glory of the Lord expressed in the glory of sonship.
- I embrace the coals of the crucible of self-dying as a living sacrifice yielded and surrendered to love.
- I embrace the fire of purification and refinement. Here am I send me. Encountering loves fire stirs passion in my heart
- I embrace my place in what always was the heart and mind of love and in what is Your name expressed in 4 living creatures and the 4 faces of your government of love and where I am seated to administrate what will be.
- I take my place as a chancellor and ambassador to and for the Joshua generation.

I call for the light of love to rise to expose the lies hidden in the darkness of antichrist demonic doctrines that have twisted distorted and marred the image of God. Isa 53

I call for the leviathan spirit to be exposed the twister revealed in the idols of false doctrines now accepted as truth.

Let the angelic legions go forth with the light of love into the minds of those wavering in the wilderness valley decision and to those at Gilgal let the reproach of the self-righteousness path be exposed by the light of love.

- Son there is no ego or self within love. Love that is God is otherly, relational love, conversational love and the essence of I am is love. Love is the light the words the thoughts the desires concerning others.
- Son love is not about needs because in love there is no focus on self just others there is no self anything as self as a thought a concept never existed until the covering cherub placed I into the equation.
- Son we do not require worship or adoration because we have a need but because for mankind it is directed away from self and is an expression of what love is being the first steps to living outside of self.

**The pathway of self always focuses on I but the true pathway of life always focuses on love which is always directed towards relationship and therefore others.**

**True love never demands of others but gives others the opportunity to give to the others in relationship.**

**Love always seeks to defer to bless empower promote others never itself.**

- ➔ Son it was inevitable because we are love in essence that we would create those to be in our image who would love loved and love living because living is giving and We love to give to bless to prosper.

**Selfishness ego is what blocks the reception of the blessing.**

- So many focus on the needs of self and are never in the place to receive.
- Being blessed is always an opportunity to have enough for all needs so the goods deeds can be accomplished because the needs are not considered.

Seeking first the kingdom and righteousness is love expressed because self is not the focus

All worry and anxiety is rooted in fear and fear is focused on self.

The Kingdom of God is where love is expressed it is founded upon love its essence is love.

The whole kingdom is focused on others loving others righteousness peace and joy. Justice is where others can be blessed and is foundational.

Justice was never meant to be the removal of freedom from people but the giving of freedom to people.

That is why the cross is central to justice because all obstacles to love were removed, all the requirements of man's law were met and laying down life because of love for others is now finished.

All who were separated are now included in Me waiting to discover the truth of who We really are.

Love is joy and peace experienced because nothing is ever missing or broken when the focus is otherly.

Ephesians 1:4-6 He associated us in Christ before the fall of the world! Jesus is God's mind made up about us! He always knew in his love that he would present us again face-to-face before him in blameless innocence. God found us in Christ before he lost us in Adam! He is the architect of our design; his heart dream realized our coming of age in Christ. His grace-plan is to be celebrated: he greatly endeared us and highly favored us in Christ. His love for his Son is his love for us.

- **Son let love as found in us surround you, shield you and supply you**
- **Dance in the midst of love**
- **Live to the full in the midst of love.**
- **This is the true meaning of you being in Us and We being in you.**

Lifted up on the chariot Merkabah into the garden of the Father down into the pool past the chest swimming deeper and deeper to a tunnel, like an artery to the Heart of God.

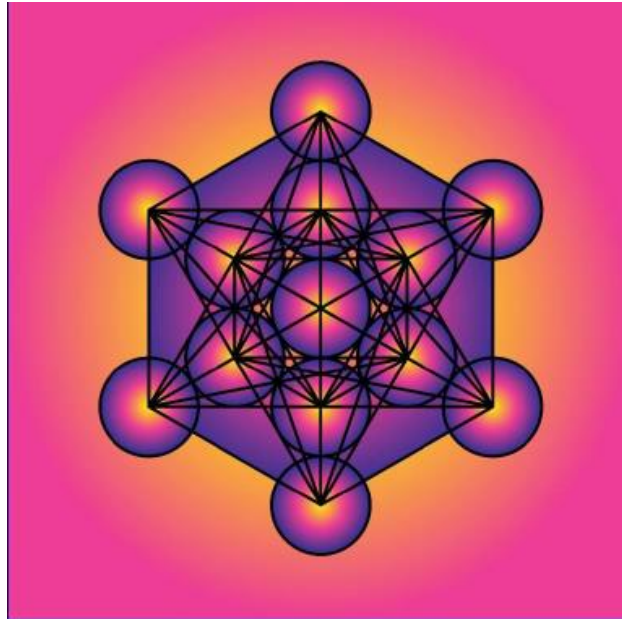

I stand in an intense light a consuming light of God's desire for me.

I see the centre of the circle of Father, Son and Spirit and I am drawn to be in harmony with love

Around love there is the tree of life framework of the mind and thoughts of the heart of relationship.

Blue is everywhere I am connected to the neural net of the tree of life an organic flow of life in conversation of I am.

Metatron's cube, a living construct of pure thought energy arranged and connected to the circles of I am.

What was before there was and is framing the desire and purpose to the relational connections of all that is within I am.

The wheels within wheels within wheels aligned in organic relational order.

Sonship the thoughts of desire expressed in the light of sons making up the fruit of life.

I am a desire and a thought expressed as a son that interdimensionally connects was, is and will be.

I am a son of God conscious of the I-am-reality love, precepts statutes and law the Father, Son and Spirit.

As a son indwelt and indwelling life as the river flows through me agreed one in oneness.

As it is in heaven flowing as the wave frequency of love peace and joy kingdom's essence expressed on earth.

**Son be bold and courageous with the law of foundations to bring new beginnings.**

Son you are authorised in the one new man to establish the law of foundations.

As a new man oneness I express the desire and the thought of union.

All new foundations must be an expression of love's essence oneness

**All new foundations must have a mandate a blueprint as the arc that demands oneness**

- You are authorised to call for new foundations of oneness
- You are authorised to call for blueprints of oneness

- You are authorised to call for the relational connections of the beginnings of what will be the foundations of My government
- You are authorised to be the catalyst of agreement

New foundations will be the essential element of everything that has the designation new

The resulting expression will be a true reflection of the heart and mind of oneness  
 Communion will become central to commissioning the new in all its expressions of oneness.

- Son let your relationship with Us be expressed in everything don't partition or fragment anything or you will not be oneness.
- Son you must be one as we are one and your heart must be open to touch all with love's essence.
- My desire is that love will be all in all.

I love to live inside the consuming fire of God's heart immersed and submerged within His love.

Embracing the purifying love in fire that all that spoils the image of God in me be refined and purified.

That my life would contain no spot or blemish that my very DNA is restored to original condition.

My life presented continuously on the altar as a living sacrifice that produces a fragrance of gratitude birthed in love not obligation an offering of love that embraces identity in sonship.

Son I recognise desire within your heart for love and I call you to come with Me into the depths of love walk with Me once again.

Where Father?

Beyond son, beyond. So we stepped through micro worm holes that I can see connecting the dimensional spheres of the twelves of the wheels within wheels of the circle of the deep.

We stand in the 13th dimension connected and observing all the dimensions from the centre of all sacred geometry.

- Son this is where the intangible is connected to the dimensional and the physical and temporal meets the spiritual realms.
- Love's light is the focal point and the gravitational force that holds all together in harmonious connectivity.
- Son here is where the conversation is communicated to connect all in all.

- Come here and you are connected to the tangible expression of I am that is within the inner world of the quantum realm and the outer world of the visible realm.
- This is where everything has their existence their being dimensionally connected within I am.
- This is the touch point of love's reality the essence that enables the fabric existence.

Why am I here?

Son all authentic governmental authority must eventually connect with I am's love essence of the freedom of the glory of sonship is to be released.

Son don't just wonder, experience love's essence within the light that is heart and mind and desire.

Son feel Me who I truly am and feel yourself son live and move and exist from here the core of all existence.

- Son love is more than you can contain but loves light is where wave and particle coexist in harmony of now that is beyond for you.
- Son be, so love's light can exist in you in the place where your heart and mind and spirit are one expression.

Father how do I get here?

Son you are here your light was always here your sonship essence along with all My sons is the light of life here but the light of love which is My essence holds all things within itself.

- **You are within I am and I am is in you.**

The faith of God that we live by is the persuasion of the truth that comes from within the relationship with Father, Son and Spirit.

I am convinced of truth and that truth is the foundation that my life is lived from.

Faith is living loved in the full expectation of the inheritance of sonship that flows from the relationship of being included in Jesus, in the Father and in the Spirit.

- **The Bible is the romance of the ages, the heart of God the Lover seeking to restore relationship with the objects of His love.**

Jesus mission was to reveal and then redeem the blueprint image and likeness of the invisible God in human form.

- **The Bible is a mirror revealing our redeemed identity. We behold and we become as we gaze into the mirror of our true likeness to discover the integrity of our redeemed innocence.**

Personal opinion or traditional beliefs cannot compare to the living revelations of relationship with the living word.

The written word of truth accurately preserves His original ideas and it resonates within our hearts.

The bible records how the invisible God found expression of His image and likeness invisible form in human life.

The Bible is about Jesus the living word redeeming His image in man.

Son make this truth of the finished work of the cross that has included everyone in Me known to all.

Son let this truth which is the true reality for all My children be revealed in an explosion of wonder and awe.

Son call for the love bombs of heavenly reality to explode within the hearts and minds of all My people

Let these explosive truths wreak havoc against the deceptive lies of religion that keep My people in bondage.

- **Son I call for truth to be unveiled reality to be exposed from under the coverings of theology and doctrines that have the enemies marks of the old stamped all over them.**

The scandal is in the open exposed by the extravagant lavishness of love expressed in the complete victory of the cross over the marred image of mankind.

Son produce the legislation that will empower My people to revel in the truth that will expose all the lies and deception that has produced religious bondage.

### **The law of truth**

The authority of the son of God as the truth expressed in the sons of God's restored image.

This law authorises the Joshua Generation to be champions of truth who will fully reflect the truth the express image of God as revealed in Jesus.

- You are authorised to use the truth to expose the scandal of religion.
- You are authorised to declare decree and demonstrate the true reality of your freedom in Christ.
- You are authorised to release the smart love bombs to explode strategically both to those trapped within religious mindsets and systems.
- You are authorised to proclaim the excellencies of the truth that has brought you out of darkness into the creative light of true reality.
- You are authorised to pierce and penetrate the darkness of veiled minds with love's light to bring the freedom of the restored image of sonship.
- You are to be the demonstration of love's light as you walk the path of the way truth and life.

- In humility you have the rights as My children to openly flaunt your freedom in joyous abandonment to expose the scandal of religious bondage to works.
- You have the authority to expose any and all theology and doctrines that is a misrepresentation of My character and nature which is fully revealed in the eternal love relationship within Father Son and Spirit.
- You are authorised to expose the lies that keep My children from their true inheritance as My original designed image of sonship.
- I hereby confirm and acknowledge your right as My children to display My full image as sons of the light of love.

Jesus is the high priest who has made intercession.

Intercession is not really prayer, it is like the intersection of God and man.

He is the One mediator between God and man, not God and believers. He is the mediator-intersection through which God flows to the human family.

God doesn't begin involving himself in your life when you believe.

When you believe it, you will see He has been with you your whole life forming you in the womb, whispering love to your heart even when you didn't know him, gently guiding you without control when you didn't know the way.

**Believing doesn't make him your intermediary/mediator/intercessor; believing sees what was always true.**

Compare the yoke of Jesus with the yoke of religion righteousness with self-righteousness

Freedom from the constructs of the mind-sets and world views of religion that has been fabricated from the humanistic path of good and evil.

Evil being the hardships and futility of self-effort that we live in founded by the fear of death.

**Son these truths are the foundation of the call for the Joshua Generation. My destiny for mankind revealed. Use them within the context of the law of truth to expose the limitations that religion has imposed on My people.**

My love cannot be overcome light cannot be overcome with darkness, death cannot overcome life. These truths can be used to unveil my people from the belief that have been pulled over their eyes.

- Son write the book focus on it let Me creatively inspire you to share your journey to beyond to inspire others to come out of the wilderness that has robbed them of relationship and responsibility.

- Son let passion arise in your heart that will move you to go beyond even where you are now to live from My heart to reveal My heart and then complete the thread of theology to where it inevitably is taking you.

You will need to define and redefine all that is posted from a perspective of journey not destination.

The prophetic timetable will need to be refined and redefined from current perspective.

Son you can now see that a thread will be prophetic understanding that unveils your journey's conclusion of fulfilment and of fresh revelation not based on past words but current relationship.

The truth is the truth but you cannot prove it using definitive scriptural evidence but that does not make it any less true.

**➔ Son you will have to trust Me that what I have revealed is the truth because I am the truth not because the bible process it.**

I have judged My household to reveal the truth so the principle of judgement is clearly part of My character and nature but is not the prophetic fulfilment of a truth.

Son there was a last day and it was fulfilled but there will come a last day for every age to come that is the natural order of things.

The end of one age marks the beginning of a new age and the opportunity for resurrection new life from death is continuous because there is no end to increase.

- Son although the ages change for the forerunners, many are still living in the blindness of ignorance
- I never stop revealing truth as I am truth
- All ages run concurrently so no one ever loses the opportunity to embrace and experience what for some is old revelation

The cycle seed- death-roots-shoots-fruits-seed is continuously occurring daily in the process of being a living sacrifice.

The truth unveils life as limitless possibilities for daily fruit production as the cycle and circle of life follow the ancient pathway of what was, is and is to come.

- **Son journeys unveil the beyond that is the purpose. The destination is but the end and the new beginning.**
- **My depths are bottomless that is why deep will continue to call to deep and there is no end just continual new beginnings and new journeys.**

Son you are a true explorer of the deep and a pioneer at heart keep being who you were destined to be and let My desire be continually be your compass.

Psa 139:23 Search me, O God,  
and know my heart; Try me and  
know my anxious thoughts; 24  
and see if there be any hurtful  
way in me, and lead me in the  
everlasting way.

Close your eyes and begin to  
think of Jesus  
Give Jesus permission to  
examine your heart and give you  
a health check  
Give your heart to Jesus and  
ask Him to unveil your destiny  
scroll writing it upon your heart
