Share revelation from 2017

What has God said and what has God revealed? – Conversations and Visionary encounters relevant for 2018

What is the application for me the church here and for the wider church?

- To live loved is to rediscover my true identity as a son in relationship with a loving heavenly Father.
- Agape love leads me to rest and remember his image and likeness redeemed in us.
- To love living is to express the joy of life from the place of rest to engage creation in sonship
- To live loving is to express the peace found in relationship as a son in and through and to everything to bring restoration.

The glorious freedom of sonship rest is love's most wonderful conclusion.

The tree of life is sonship as expressed in Jesus and the DIY tree is sonship expressed in Adam's independence.

- **Son I did not put a tree in the garden I was the tree and Adam was the tree. Free will was the greatest gift but was also potentially the greatest curse.**

Mankind was the son who chose to receive inheritance without relationship

I am the Father who has run with restoration rest towards the whole of mankind and embraced it at the cross and clothed it with love at the resurrection and have seated it in authority at the ascension.

Son that is why all were chosen to be before me in blameless innocence because I am is rest.

Son the written word is not linear in its form. It does not tell a story in an ordered fashion so what you seek concerning the order of the Holy Spirit's role in salvation being born from above and baptised is not presented formulaically but relationally.

- **Things occurred within people's testimonies that unveiled the truth as they encountered it but was never meant to be a model for others to follow.**
- **Everyone's relationship is different and personal and so it is meant to be.**

Timings of experiences are not communicated so people can follow the pattern but to reveal there are many ways of engaging Me because I am manifold in nature.

What and when things took place is not really the point of what is communicated but the fact they did take place when the realisation of the truth occurred.

As different groups of people shared their stories of realisation encounters it was not supposed to turn relational experiences into a systematic theologically progressive formula.

What occurred at the cross and the resurrection and ascension and at My AD 70 coming were in a sense to be treated as one event planned and predestined and now fully accessible to all people both those living physically this moment and those who are living in other dimensional planes.

- The revelational moments for Jews, Samaritans, Gentiles, Ethiopians and Ephesians were not intended to reveal any specific pattern to be followed or methodology for engaging or experiencing the Spirit.
- **The baptism with or in the Spirit or being filled with or by the Spirit can be realised as salvation is realised or later with water baptism or not.**
- **Everything is supposed to be realised relationally and therefore cannot be made into a formula.**

Does it not say the wind blows where it will in association with the Spirit therefore all things are possible with all people at all times as the Spirit wills.

- **By all means present the menu but don't dictate what order it is eaten not in a fixed and rigid way.**

The many ways in which these things were recorded was the point not a linear record as every journey is different by design and according to the willingness of the participants.

What must I do to be saved was the question asked that has been misunderstood and misrepresented.

With the Philippian jailor this was a physical salvation from harm and danger from the authorities not a spiritual event

Paul took advantage of the situation to reveal that physical and spiritual are from the same source – trusting in Me

Son convene the courts for the restoration of redemptive purpose so there can be cooperation trust and a willingness for self-sacrifice.

Son help produce the legislation that will empower hope and restore vision.

- I see emerging from the clouds of confusion new fresh vision.
- I see a chest full of new scrolls being delivered by the angels from the House of scrolls.
- Restoration of identity and image revealed in truth encounters where there will be men in white linen reading scrolls inspiring a fresh expectancy.
- I see a council of elders assigned out of the court of the upright directed from the affairs of the nation's house.

- I see the Joshua Generation begin to rise up out of religious confusion with their inheritance to possess the new landscape the new vista that will be revealed.
- I see new realities created from hearts and minds empowered by the refreshing presence of the breath of life.

A new hope with new dreams and new visions and fresh expectancy emerging from the disappointment of false dawns.

Out of the ashes of the old emerge the sons of God with renewed vigour strength energy refreshed with the very breath of God.

Restoration is the theme.

Restored sonship, restored vision, restored relationship, restored passion, restored hope, restored position, restored identity, and restored purpose.

The restoration of the sons of God rising up from the hidden and obscure places like Joseph coming out of the dungeon prison to take their places invested, enthroned seated in the heavenly places ruling and reigning as the mountain of the house of the Lord.

A new day is dawning arise and shine the light has come and the glory of the Lord is risen upon you.

A new way for a new day and new order of sonship, the reality makers, history changers the restorers of the breach.

→ **Son I am calling the dread champions to arise sons aligning heaven and earth history makers and history changers unlimited and unrestricted warriors pioneers traversing time and space to restore all things.**

Non-linear time converges who will transcend the barriers of the fallen mind-sets and restore the convergence of was is and will be.

The time Lords of precepts statutes and laws releasing the ordinances of the eternal heart of God to reconvene the cosmic mind.

Sons in sacred geometry ascended and transcended.

Metatron's cube the mind of Christ the sons in mystic union dimensional harmony the restored ascended man.

Divine cosmic interdimensional restored order ascended transcended the convergence of was is and will be in the cosmic consciousness of restored sonship.

The symphony of age's harmonic frequencies concordant in the music of the spheres.

Destiny calling to the sons of men to take their places as the sons of God ambassadors of restoration the convergence of creational order.

Reality transcenders shapers beyond the restoration of what would have been so all can from being the restorers of the age to the age of the transcenders.

The infinite resources of the Hive minds exponentially increasing limitless potential possibilities of the connected minds of sons in mystic union.

Ascension to transcendence from one to dual to multidimensions

- **Son be passionate be creative and just learn to be and all will be well with your soul.**
- **Son all things are restored in the now of My heart and mind draw from your being.**
- **Let restoration flow from being restored so that what was was is aligned to what is and then what will be will be what was intended.**

Son go beyond ascension to the transcendence of the space and dimensions.

My desires are always being tuned and always being restored in peace and rest.

All is well so all will be well.

- **Son foreknowledge implies a fixed future where continual knowledge reveals a fluid convergence of time and eternity.**
- **Relationship is the key factor people miss in regards to time and future because where all is outworked in cooperation in coheirship there can be no fate.**

Son everything is continually in a state of creative flux where we are restoring from the complete mind.

- **Son the real restoration is where sonship is restored and memory of identity is recovered.**

Relationship is the governmental order of all creative expression where we are one means we are also one and we are also one.

Eternal individual and corporate.

The true nature of a hive mind is one for all and all for one where all are content to be and be part.

Individuals and individuality are incorporated accepted in creativity not alienated by conformity.

Predestined to be conformed to sonship to be is both relational and creative.

Ascension to transcendence from one to dual to multidimensions

Son rest and trust and see. It is time to focus and realign everything to purpose within the expansion of the visible and values of the blueprint.

Son you have to be bold in unveiling the vision to call people into destiny and purpose.

- **Review everything using new versus old filters**
- **The old is not confined to biblical revelation alone.**
- **Everything must be evaluated from a new versus old perspective including mind-sets, practices, provision, ministry, government, administration, HR, structures, management etc.**

Therefore review everything using the lens of the new.

Questions to consider

- Is everything established in heaven first?
- Is everything administrated in heaven first?
- Do the same patterns of government run through everything?
- Have angels been assigned for everything?
- Are the Chancellor's Houses aligned for everything?
- Do we have laws and legislation for everything?
- Are we operating in faith?
- Are there Ketubahs for everything?
- Are we using our Ketubahs correctly?
- Is everything lived from a marriage perspective?
- Are we trading correctly?
- Are we releasing sound, frequencies and light from the heavenly realms out into all our spheres of authority?

Son let everything flow from My heart of love.

As you live from My within My passion and desire be motivated by the depth of My love for all of My creation.

- **My desire for restoration is the outworking of My love.**
- **How could I give up on anything as I carry it all in My heart?**
- **Everyone and everything has a special place assigned within My heart.**
- **Son express My heart to all you engage and let the desires of My heart become the desires of your heart.**
- **Son be the son that you were made to be mirrored within the vast some of My thoughts.**

Son the world needs to know Me so lift Me up so that all can see and be drawn to Me.

Son let the sons of God arise in restored glorious maturity.

Issue the sound let the frequencies of harmony resound that carry the call to restoration.

Son only restored sonship, identity and position will answer creations groan for freedom.

The passion of God's loving desire for the deepest most intimate connection and unrestricted relational union can never be diminished or lessened because it is who He is, the great I am that I am.

I hear the sound of His voice come deeper son don't be afraid.

- I abandon myself to total surrender and I begin to be immersed cocooned in love's perfect robes.
- I sink deeper and deeper within I am through layer after layer of passionate desires until I am plunging into the purest light of love's expression.

- I begin to feel it and sense it heart to heart the overwhelming power of love's answer to every question, doubt, fear, emotion.
- Perfect love like this I have never felt before. I am swallowed up in love's perfection of lavish overflowing abundance grace and mercy swirling around me like extensions of love's desires.
- The power of love, the desire of love, the passion of love inextricably consuming and assimilating everything in its inevitable path towards total and complete restoration.
- I feel the pure passion of the Father's heart for all of His children and all of His creations.

Manifold, multicoloured, multifaceted, multilayered, multidimensional the pure essence of I am precept upon precept is where I am within I am.

- I call for the mobilisation of the heavenly legions to carry forth the call for the sons of God to come forth and rise up.
- I call into the wilderness for the sons of God to rise up and throw off the shackles of religious slavery.
- I call for the emancipation of the sons of God from the slavery to mere intellectual theological doctrinal knowledge.
- I call for encounters both of Emmaus and Damascus road significance.
- I call for the release of the scrolls and mantles by the angelic messengers
- I call for the Hunter and Gatherer angels to be released
- I call forth the identity of sonship deep within the sons of men
- I call for a new wave to come out of the wilderness to cross over beyond the veil.

Memory, wisdom, knowledge, understanding

Everyone, everything, everywhere

Creation and everything in it,

Original condition and functionality

Speed of light, vision

Sons arise - Restoring inheritance identity position and authority

Son see through the eyes of the lion.

What do you see?

- Father I see the need for governmental order and clarity.

I see mist and clouds covering my view indicating the need for expectations to be managed.

I see the lack of vision.

Son you come for help in time of need follow the same review process and clarify everything within your blueprint

Do you have a mandate?

Whose mandate would it be?

Who is responsible and who is accountable?

Son come and walk with Me.

What you see and have engaged must be understood from the perspective of function not form.

The Chancellor's Houses are representation of kingdom order and need to be used to align and bring everything into order

There must be relational order where heart, mind and voice need to be aligned, where seasons are aligned and ordered judgment justice grace and mercy.

Lion, Ox Eagle, Man heaven and earth

Where 2, 3, 4, 7, 12 are aligned and ordered.

Foundations and sacred geometric patterns, invisible, micro and macro function according to the same patterns and alignments.

The wheels within wheels within wheels function the same way in and through and over all things.

The circle of the deep is only the outer wheel that you can see within the visible spectrum this is based on the inner wheel and the innermost wheel all aligned and balanced.

All that you have seen operates within Me I am that I am.

- **All the sacred geometry that you see is but a physical image to represent a relational order of unity where everything and everyone was designed to have position and purpose to connect the realms and dimensions.**
- **The ages don't exist independently neither do the dimensions they coexist and converge and diverge in the covenantal circle.**

Son see what I see. From strings, quarks, electrons, neutrons, protons, atoms, molecules, planets, stars, systems, galaxies, universes, dimensions are but one thought observed and held together by the light of My light.

Son within the whole fabric of all that is each of you is the apple of My eye, the treasure of creation, of infinite value and worth.

Son be as we are dancing within the circle of love.

The circle of love includes all on multiple levels and layers of deep calling to deep.

The tree of life is sonship in relational order everyone and everything in unison and harmony all the sounds and light as one unified whole of love joy and peace.

Living in a state of not enough, just enough or more than enough?

Are we content with all our needs met but not having enough for all the good deeds prepared for us which are part of our destiny?

You cannot serve God and mammon DIY path independent meeting your own needs the lifestyle of Matt 6:33 is key...seek first

- **2 Cor 9:8 is a description of living with the mindset and attitude of wealth. Our trust is in the grace or enabling power of God for all situations and circumstances all and every eventuality is covered.**
- **Natural and supernatural provision is sourced in God and His abundance lavish overflowing love, grace and mercy.**

Parents provide for their children but also want to prepare their children to be able to provide for themselves.

God has a treasury house in heaven with a room in it filled with all we need to fulfil or destiny.

God has released a supply from that room but now wants to reveal to us how to access that

- Wealth is so much more than riches which is just possessions including money, it is the mind-set of knowing and trusting the abundance of God as a son not just a servant or even a steward.
- It is being endued with the wisdom to distribute not just accumulate
- There are protocols to access our treasury room and release its resources just like any earthly accounts.
- Proof of identity and knowing the pin or password having the signature being in possession of the card or the cheque book etc.
- God has built provision into the fabric of creation through the law of sowing and reaping.

This law or principle operates by faith or trust in God's goodness His character and nature as a living God. You give so that you can have an abundance to give more

So it is vitally important to understand the concepts of how to give and how to receive.

Son this is a place of security for you to rest and learn. I will unveil the keys to using the precepts that bring order and alignment for the Chancellor's Houses.

You have the seal and the staff and you have been given a crystal tree as an ambassador.

The seal and crystal will form an arc that brings authority to the staff.

You can use the staff as a rod that orders the future governmentally.

All eventualities must pass under the rod if they are to be aligned with the seasons of the circle of the deep.

The rod will become the rod of judgment, justice, grace and mercy that weighs and aligns the future with the heart of God.

Wisdom to choose is yours as a son there are many paths that lead to the same destination.

- **What is true for personal alignment will be the same principles for all alignments.**
- **The goal is to position the sons of God within the tree of life so that balance is restored to creation and its song is heard once again.**

The 4 sets of three open the 4 sets of 4 when aligned together governmentally. Three is always designed to become 4 when our lives become the window through which heaven and earth are aligned.

The 12 ambassadors of the circle of the deep represent the 12 dimensions of the 12 ages of man who are responsible for the restoration of all things throughout time and space.

The precepts of God's heart are always the reference point so the beginning and end of all things meet.

All governmental alignments of 3 must have a window to flow through administratively.

There are sevens which arise from threes when the fourth is the first of a seven. You will see the patterns that emerge from divine order 2, 3, 4, 7, 12 within Judgment Justice Grace Mercy

Precepts Statutes Laws Ordinances- Judgment
Ordinances Mantles Weapons Scrolls - Justice
Scrolls Discoveries Commissioning Culture -Grace
Culture Affairs Treasury Precepts - Mercy

With a foundation of 3

Precepts statutes laws ordinances mantles weapons scrolls

Precepts statutes laws scrolls discoveries commissioning culture

Precepts statutes laws commissioning culture, affairs, treasury

I stand with seal, crystal and rod and I call for this alignment of the circle of the deep with this Chancellor's Houses beginning the cycles of judgment that brings justice to release grace and mercy.

The councils and assemblies of heaven are aligned to the cycles of judgement justice grace and mercy seasons.

The seasons are aligned to the 4 faces of the circle of the deep.

Each house is a principle of alignment collectively but also a place of personal revelation for sonship to know the identity, position and authority of a son of God.

Father where do we go from here?

What seasons do we need to be aware of for 2018?

Son the path is still before you so keep moving forwards.

Do not be distracted by what you see in the natural realm keep your focus on the goals that you have mandates to achieve.

- **Keep the twin focus of the Joshua Generation and the Harvest in the forefront of your thinking and ensure that all that you are doing is aligned with those aims.**
- **If you continue to keep those two mandates your priorities your blueprint will be fulfilled as a natural consequence.**

All your spheres of governmental authority must keep their focus on the main objectives

The embassy of heaven, the exchange, FCA, EG and all the other mountains will be those that are the outworking of the primary objectives.

Son refocus your efforts on the mandates and everything else will fall into place.

If you get distracted by focusing on the individual parts the whole will suffer from loss of vision.
