

I am going to review some of the things that were key in 2018

I will share my journals that will include:

What God said in 2018

What God did in 2018

What does that mean for 2019?

What heavenly season are we in now?

What has God said for 2019?

What does God want us to do in 2019?

Where does God want us to go in 2019?

Please don't believe anything I say just because I say it

If you resonate within anything I say in your spirit or if you object strongly to anything I share take it back to God and openly ask Him to give you direct revelation

I can only share information about my revelation that has come through my personal encounters and experience

Only by engaging God yourselves can you have revelation not information

We all need to know the truth

Love is the highest governing principle of all creation

Therefore when debating truth and biblical hermeneutics love should still be the highest governing principle in Bible interpretation

Love keeps no record of wrongs; neither should we

God is love. This vital truth must be the rule for all Bible interpretation

Bible interpretation should deepen our appreciation and experience of God's love

Any Bible interpretations that lessen or diminish God as love must be flawed

Love is my plumb line for truth

God said to me "If it is not unconditional love, it is not Me.

If it is love, it is Me. And love must be unconditional and otherly, otherwise it is not love at all."

The Father has shared some things with me to share with you

Son, I have been calling to My children to come and take their places in heaven and find their heavenly roles to bring heaven to earth through their lives.

Son, anyone who becomes intimately acquainted with the thoughts and intentions of love revealed through knowing Me cannot fail to see their destiny within the desires of My heart.

I created all things to relate together: unique and individual, yet only fully complete when in the harmonious union of the whole.

The removal of all fragmentation, fracturedness and brokenness to restore wholeness is the ultimate goal of restoration

I am continually working all things together for good to facilitate restored wholeness.
It was My desire, it is My desire and will continue to be My desire to restore wholeness; that there will never be an end to increasing peace throughout My expanding kingdom.

Son, I am calling My children to a new level of sonship where the assemblies and councils of heaven are accessed and the roles of government are to be filled.
The mantles are prepared and the scrolls are ready for those who have accepted responsibility as sons and are willing to become mature.

All of My children have been invested with identity, destiny and position
Each has a birthright and an inheritance but there must be a succession before there can truly be an enthronement.
All are seated in Me but so few are actively functioning from that position.

The sound has gone forth and some have responded to the call to sonship but many do not want to go through the maturing process of friendship, lordship and kingship so they can receive the mantles and scrolls needed for positions within My kingdom government.

If the sons of God are not positioned in the heavens they cannot be fully manifested on the earth and the true Ekklesia cannot rise to become "Embassies of Heaven" on the earth.

What is established in heaven must be on earth but there is a lack of willingness to receive the heavenly and the earthly roles.

There are many who want to continue in the old order earthly roles without being enthroned in heaven.

There are now more who are embracing heaven but still few of those who are willing to take the earthly responsibility to establish heaven on the earth.
Will you accept the call and actively take your places?

The call is not to just to keep ascending but to dwell in dual realms and function in heaven and on earth as mature, responsible sons.

True reality can only be shaped from a heavenly perspective. It is but a dream without earthly expression.

The individual call is to be a gateway of heaven on the earth but that is but the beginning. Unless there are earthly expressions, the true mountain of the house of the Lord will remain in the shadow of the religious systems of men.

Your new covenant inheritance has an open heaven through the torn veil; do not let the veils of the old restrictions limit the full scope of your sonship.

My sons need to arise and take their places in heaven so I can reveal and release them into the earth to answer the groaning of a creation in bondage to corruption and decay.
My sons are called to administrate and oversee increase not decay.

Decay and death are the result of independence but with the face to face restored innocence of relationship there is fruitfulness and increase that will bring the abundant life of My desire.

The power of the resurrected sons of God will be demonstrated on earth as it is on the mountains of heaven.

Who is willing to embrace the dark cloud of separation and reintegration of soul and spirit?

Who will have the courage to respond to the call to go beyond investiture to succession to embrace heavenly enthronement so that earthly coronations can take place?

Every encounter will be a further opportunity for a deeper revelation of identity, position and authority.

All My children have a destiny that involves their inheritance and birthright so that they can all be mature sons of God revealed out of heaven into the earth.

I have been releasing a sound that is designed to connect to the deep desire that is within all My children for relationship and responsibility.

I will intensify that sound frequency during this time so encourage all to be open and sensitive spiritually to resonate with that sound.

The Law of Deconstruction

The context is the renewal of the mind.

Rom 12:2 and do not be conformed to this world, but be transformed by the renewing of your mind

Eph 2:23 and that you be renewed in the spirit of your mind.

The deconstruction of the mind's pillars by challenging and shaking old mindsets with love bombs of truth.

You are authorised to accelerate the process of cognitive dissonance

You are authorised to release traumatic encounters that will fracture the illusions of minds

You are authorised to expose the old systems to new levels of revelation

You are authorised to release the messenger angels to facilitate mind-quakes

You are authorised to increase the intensity and pressure for transformation through facilitating deeper dimensional encounters with the Truth

It is our destiny to rule in God's kingdom by being enthroned so we can administrate heaven on the earth

We need to be free from the tethering of our soul to this physical realm so we will not need to continually step in and out of heaven.

The process must be relational; so the focus is on engaging God as love so we can live loved, love living and live loving

We can begin to fulfil our destiny by answering creation's groan to bring about the restoration of all things

Son the mind is a battleground for many people but it is designed to be the place of dimensional convergence from a place of rest.

Rest is the state of abiding in love, joy and peace which is fully abiding in I AM.

To be at rest (love, joy, peace) is to live loved, love living and live loving within the perichoretic circle of the dance that can be experienced only with a renewed mind and expanded consciousness
The limitations placed on the mind by the religious and cultural systems restricts My children to a life of being slaves to the system.

A mind free from past restrictions has the capacity to shape reality creatively through the living connection to My grace within all things.

Know My heart - the precepts, know My mind - the statutes and use My voice - the laws to shape reality so the beginning and end converge in time from eternity.

Religion is a veil of darkness masquerading as light but it is only a DIY system of beliefs that conform My children to slavery.

The religiously conformed mind is an illusion of having freedom and enlightenment when in reality the mind is chained and darkened.

Expanding our consciousness which is the state of being aware of and responsive to one's surroundings

A person's awareness or perception of something

Awareness of, knowledge of the existence of, alertness to, sensitivity to, realization of, cognizance of, mindfulness of,

Religious deconstruction will challenge our views of God

Challenge our views of man's theology and doctrines

Challenge our views of ourselves

Challenge our views of creation and dimensional reality

After deconstruction there must be a renewing of the mind

True *metanoia* is the agreement with God's mind about us and creation

Once the limitations and restrictions are removed there can be an expanding of our consciousness that awakens us to true reality

Son, you have the legislation;

now use it to open the hearts and minds of My children.

When My sons arise they will be able to live in the continual now with nonlinear thinking and the ability to create alternate realities.

The ability to choose the end from the beginning and continually realign reality to enable love to bring good in all things.

Sonship is inextricably intertwined with creation and its freedom from corruption and its restoration back to God's original intent

Restoration is but the beginning. What follows is the release of the creative abilities of My sons who will fulfil the mandate to be fruitful, multiply, fill, subdue and rule by expanding throughout the dimensions.

Love's light will shine with a radiant frequency that will bring an end to darkness and everything will be illuminated.

Sons arise and shine your light has come and the glory of the Lord has risen upon you.

Now is the time for creation to respond to the light of your glory, to be liberated into the freedom of your sonship.

Will you let God have unlimited access to your mind with no 'no go' areas?

Will you let God slay your sacred religious cows?

Son, see beyond the inevitability of history repeating itself to history itself being restored and fulfilled.

Beyond the end of this age is the beginning of a new age and that is what is inevitable as it has always been My heart for fruitfulness and increase.

Son, history to Me is but an opportunity for continued convergence of time with eternity, the what was with what is to release a restored what will be.

Son, linearity is not limited to multiplicity as you can have My mind which is connected to everything in the now.

Present reality is but an illusion that is being constantly reset until the perfect outcome is achieved.

All that is seemingly lost in history can be constantly be restored, reconciled and aligned in relationship.

Eph 1:4 is the key to what was was, face to face blameless innocence.

Separation is but a temporary illusion; intimacy is the true reality that will shape history.

Ephesians 1:4 He associated us in Christ before the fall of the world! Jesus is God's mind made up about us! He always knew in his love that he would present us again face-to-face before him in blameless innocence.

Son, this is the year of breakthrough for many who have learned to listen to the sound of My voice and become gentle and humble in heart. My desire is that My sons arise and take their places in the heavenlies with Me.

I long for the maturity of My children to become the sons that they have always been destined to be. My heart has always been open to My children so that they can enter the circle of love that has been waiting for them but so many have fear in their hearts towards Me.

I have been pouring out My love for countless generations but so few have truly experienced its power.

Son, I am not about to stop or give up on any of My children as My love endures always, as I cannot deny who I am.

Son, get ready to reveal who I really am to the world who cannot see Me yet.

Son discover new ways to unveil the truth to those too blind to see so that the light of truth can penetrate the darkness pulled over their minds.

The lightning bolts and love bombs of heaven's arsenal can be guided with precision to their intended targets by those who are willing to be the spotters on the front lines.

The conflict for the souls of My children is about to hot up physically and spiritually as more of My sons realise the full truth of the power and intensity of My love.

Son, so many are trying to get free from the effects of their bloodlines without taking responsibility for their restoration.

Son, stir My sons to embrace their full authority to preach the good news to those in physical and spiritual prisons; to the living and those beyond physical death.

Son, I desire that all My children will feel the intensity of a love that will never give up on them.

Son, I desire that the consuming fire of My compassionate love be released through My sons to all who are lost so that the full restoration process can be embraced.

Son come into your own personal fire to encounter and experience love at its ultimate level and embrace its transforming, refining and purifying power.

I chose to come back to the simplicity of pure relationship within the eternal circle of love, joy and peace.

I embraced the purification of love and I rest in love's essence within the security of precepts, statutes and laws.

I stood, knelt and I lay as I became merged with love in union and unison within I AM, so just being here is enough, joyously incapacitated by love's intrinsic values.

Son, arise and let go of this place

I sank deeper into love. The river of fire took me away, no longer a river bounded by banks and course but gloriously free to expand beyond all barriers.

I remembered my first visionary glimpse of heaven with a door unlocked only by the key of my heart, revealing the atmosphere of glorious liberty. And now I am back to where it first began, all limitations and restrictions like the wisps of a cloud dissipating, unable to be grasped.

I am again dissolving from all fixation to be part of the whole. Yet I am still distinct as I sensed and felt the universal discontent of the creation groaning but with hope that sons will also learn to be lost in wonder and awe.

Suddenly I snapped back and I was before the fire, scroll not in hand as before but somehow I *am* a scroll, unveiled before the consuming fire of God's loving judgment.

The eyes of fire, lovingly refining the motives behind every action to the purest intent.

The simplicity of love overwhelmed me and inspired me to as I drifted off to beyond beyond once again.

I felt the call and pull from the hearts and minds of those I am connected to by both mandate and essence.

I heard the thoughts of confusion and felt the despair of lostness and at the same time the restoration of all things gripped me and a resoluteness strengthened my resolve.

I felt led to the Council of 70 as an ambassador

I stood with renewed passion before the 70, with the crystal in hand but this time pulsing with energy and motivated by love, and called for mercy to triumph through judgment as I felt the full weight of confidence in the victory of the cross.

Waves of love for those trapped in despondency formed a strategy within my mind.

I saw the reality of restoration and its implications for those who were pulling at my heart and I shouted but one word "Freedom!" with all heaven's force behind it.

Rather than the echo of that cry diminishing it seemed to reverberate and increase in intensity.

Son, here in the waterfall that has been so special for you My love is overflowing and all the quests that you have fulfilled have been to show you that love is the ultimate authority and power.

Love enables you to go up and down, in and out and back and forth with no limitations, so that you can be a reference point for triangulation.

Live loved

Love living

Live loving

God's children, fully secure in their identity within the relationship of the circle of the dance of Father, Son and Spirit

I have laid a true foundation that can carry the weight of all mankind so all can become fully mature sons of God.

The ages to come are to be times of wonder and awe where I will take My sons on a amazing journey of creative discovery.

Knowing the depth, height, breath and length multidimensionally of My love is what this age is designed to accomplish.

There are twelve ages of man and twelve ages within each age: all opportunities to become mature sons in relationship and responsibility.

The ascent of man is a slow process from the created perspective hindered by the false images of Me that religion has made.

Revealing just how good I am is has not been easy as all that I do to unveil the truth of love is being twisted into lies and deception.

Religion has pulled the veils over the eyes of so many even those who don't believe anything so they can't see Me as pure love only wanting to do good and bring good in everyone and everything.

Even the attempts to show the extent and power of My consuming fiery love to reach beyond the grave has been twisted into a chamber of horrors: the hell illusion and delusion.

Son, I will never give up on even one of those who are My sons as I cannot deny Myself. Love cannot and will not fail as I will never give up and cannot be denied or resisted forever. Love wins.

If love does not win all in the end then I cannot be love; but love can never be forced, just continually demonstrated again and again until it eventually overcomes every obstacle, objection, excuse and reason.

My love never fails and never gives up and can never be escaped because it is filled with age enduring grace and mercy.

My grace and mercy will never cease to be a vehicle for love to be expressed and demonstrated abundantly, lavishly with extreme desire and intent without limits.

If love is limited it is not true love.

Love must be extreme or it is not love.

Love must seem wasteful and undeserved or it is not true love.

My love cannot be stopped by sin, rejection or death; it has experienced all there is and yet has conquered and overcome all things so all things can be restored to true love's face to face, relational innocence.

Romans 8:35 What will it take to distance us from the love of Christ? You name any potential calamity: intense pressure of the worst possible kind, cluster-phobia, persecution, destitution, loneliness, extreme exposure, life-threatening danger, or war?

Romans 8:38 This is my conviction; no threat whether it be in death or life; be it angelic beings, demon powers or political principalities, nothing known to us at this time, or even in the unknown future; 39 no dimension of any calculation in time or space, nor any device yet to be invented, has what it takes to separate us from the love of God demonstrated in Christ. Jesus is our ultimate authority.

Son, the times and the seasons are shifting and the wheels within wheels within wheels are being aligned to open the Chancellors' Houses for grace to come out of justice.

Increase in governmental authority will be the result when the sons of God arise to be seated, enthroned and ready to bring agreement as gateways of heaven into this earth.

New earthly foundations must be laid and the atmosphere must be cleared so that the everlasting doors can be opened and the glory of the children of God can be displayed through sonship on earth as it is in heaven.

Issue the call, re-energise the blue light call, for the sons of God to arise and take their places of responsibility within the tree of life.

I call for the light to shine to penetrate the veils of darkness and deception over those under the coverings of men.

I call for the angelic messengers to go forth with the call to cross over beyond the veil into inheritance and birthright.

I call for those whose hearts are beginning to ask the question 'there must be more than this' to connect with the [blog](#), [YouTube](#), [Engaging God](#) and the [book](#), and rise up and take their places within the Joshua Generation.

I call for the frequency of sonship to call the sons of God to arise and resonate with their destiny scroll to tune into destiny's call and hear the cry of God's heart.

I call for true love to release the true identity of sons and for the true heavenly positions be unveiled and revealed.

I call for the scandal that has twisted the character and nature of God to be revealed so that love can penetrate the religious systems, both Catholic and Protestant.

I call for love to be poured out and love bombs to be exploded to expose the lies that have twisted the reality of God's true essence and man's full inclusion.

I call for heaven's light to shine to burn brightly to attract sons like a moth to a flame.

I call for the revolution of the circle of the deep to begin the new season.

Precepts, statutes and laws align to open the ordinances, to align ordinances, mantles and weapons; to open the scrolls, to align scrolls, discoveries and commissioning, to open affairs of the nations, culture and the Treasury House. Precepts and precepts bring the beginning and end together in unity and harmony.

I call for the Council of 70 to release grace, grace upon grace and greater grace into the earth to facilitate the times and seasons for the Joshua Generation and the arising of the sons of God.

I call for Father's heart and mind to cause the voice of Almighty God to resonate in the heavens and the earth.

I call for the voice of El Shaddai to sound the heralding call into the wildernesses of man for sons to arise and cross over the Red Sea and Jordan into the promised land of sonship.

He is calling the sons of God to arise. Are you going to respond? ([Facebook post](#))
