

I will share my 2018 journals sequentially that will include:

What God said and did in 2018

What does that mean for 2019?

What does God want to reveal and unveil to us 2019?

What does God want us to do and where does He want to take us in 2019?

Please don't believe anything I say just because I say it

If you resonate with anything I say in your spirit or if you object strongly to anything I share take it back to God and openly ask Him to give you direct revelation

I can only share information about my revelation that has come through my personal encounters and experience

Only by engaging God yourselves can you have revelation not information

We all need to know the truth

Love is my plumb line for truth

God said to me "If it is not unconditional love, it is not Me.

"If it is love, it is Me; and love must be unconditional and otherly, otherwise it is not love at all"

Don't tell people how lost they are

Show them how loved they are!

Son I have called you to establish ambassadors for the Joshua Generation through the Engaging God programme; now is the time to begin to action that call.

For 2019, be ready to strategically gather with groups who will legislate for their nations, people groups etc.

You need to facilitate the groups, not to mentor but to legislate to open up the atmosphere for My sons to arise, cross over and take their places, seated beyond the veil.

I will call those who are ready to take this responsibility but you must gather them and release them to function together as groups and as individual ambassadors.

Son, the time for action is here and as your focus shifts so will the desire of your heart to function as ambassador for the Joshua Generation.

I have reserved you a place within the 70 but your role as ambassador must become more of a priority and more strategic as you present your cases for nations and people groups.

I have My gifts and callings for the families of the earth that have been lost but it is time for restoration to begin

Send out the blue light call that carries the resonance of My heart so deep will call to deep to connect the ambassadors with the families within My heart as Father

I call for the restoration of family within the government of heaven for the Joshua Generation.

I call for the ambassadors to respond to the frequency of God's heart

I call for the hearts of God's children to be turned back to their identity and destiny as ambassadors

I call for the sound of the trumpet to resonate within the Engaging God programme to reach, engage and connect with those who have been called so they can be gathered, equipped and released.

I call for the angelic messengers of the Joshua Generation to go forth to engage the wilderness and release the desire for those seeking and searching for more to cross over

I call for the message to equip the Joshua Generation within the Engaging God programme to break into new territories

I release the sound into South America and the [Spanish speaking](#) peoples [[Portuguese](#)]  
I release the sound into [French speaking](#) people  
I release sound into old Soviet bloc countries  
I release the sound into Africa

I release the sound into India as a gateway to Asia  
I release the sound into China and to [Chinese speaking](#) peoples  
I release the sound into Japan and Japanese speaking peoples  
I release the sound into Australasia  
I release a new sound into the western world

Son, when you raise up ambassadors you will be able to model how strategic government functions. This can be replicated by those who I will call here at Freedom and in other groups

Son, reach out to the ambassadors that I am calling.  
Engage them in the spirit and in the natural realms with a call to sonship and action.  
I am raising up those who will take responsibility for creation as sons who know My heart and will be moved by what moves Me.

Call them to rise up and take action by coming together in governmental ambassadorial groups. There can be groups geographically and demographically called and they can function together governmentally with the hearts of fathers and mothers in the spirit.

I call the ambassadors to respond to the frequency of heaven's call  
I call for the frequency of God's heart to be released  
I call for those whose destiny is being revealed to respond to love's frequency

I call for fathers and mothers to rise up as mentors and take their places  
I call for the ambassadors for the Joshua Generation to hear and resonate with the desire of the Father's heart  
I call for geographical representatives to come forth

I call for demographical representatives to come forth  
I call for language and people group representatives to come forth  
I release the blue light from the throne of heaven to go forth and radiate the call to ambassadors

Son, feel the intensity of My desire for the establishing of the Joshua generation and for the harvest. My deep desire causes the desire of most of My people to pale into insignificance.

Son, set out the criteria for those who express interest in being ambassadors  
Willingness to promote the Joshua Generation through the Engaging God programme strategically to the area or people they represent in heaven and on earth

Willingness to legislate for the Joshua Generation to come out of the wilderness of the old system into the freedom of the new order within your spheres of authority  
Willingness to represent people groups and areas before the courts and assemblies of heaven

The ambassadors' roles within the Engaging God programme are to promote the resources for equipping the Joshua Generation and to legislate for the Joshua Generation strategically within people groups, nations, continents, language groups etc.

The ambassadors groups are not to be for general mentoring or general legislation but must be strategic for calling forth the Joshua Generation out of the wilderness to rise up as sons.

Let My desire be the motivation that is transmitted to My children to become sons who carry the heart of the Father.

It is the passion and cry of My heart for ambassadors to arise so My sons can arise and take their places within the realms of heaven.

Son, rest and trust Me and I will establish something new as this is My blueprint and My DNA runs through it.

A return to the original heart of what I have spoken but with a new heavenly perspective will release fresh growth and new life.

Any foundational government is built on the principles of being a living sacrifice and having no personal agenda.

The process of maturity individually and corporately runs together hand in hand as there is surrender to only do what you see the Father doing.

True transformation is the key to the metamorphosis of what was into what it will become.

As those who are foundational are transformed so will the heavenly perspective be able to be perceived and thus the true Ekklesia and the real embassy of heaven can come forth.

Son, the government needed for taking possession of the Promised Land in war is different from that which is needed for occupying the land in peace.

The transition between war and peace is often difficult but needs to be made for the possession of inheritance.

Son, be available to help facilitate the process of change and transformation that is needed but do not influence the process, just support it.

This is a season of judgment where the evidence is being gathered and a verdict is being made.

The case that is being judged: is Freedom Church a reflection of heaven on earth as a true Ekklesia?

Does Freedom Church reflect the heavenly blueprint of the Father's heart and design?

The verdict will be delivered to those who are willing to participate in the process.

Son, why do you think that the Engaging God programme is successful and the transition from church to Ekklesia is still a struggle?

Because you have followed Me step by step and have listened to My voice and have seen what I have been doing.

You have prepared everything in heaven by decree and declaration first by putting the principles that you have learnt into practice.

Earthly solutions will never solve the problems; only heaven's perspective will bring about the change necessary.

Son, I will be calling many to engage with other dimensions and other dimensional races within their roles as My sons.

My sons are responsible for creation and all that I have created within what is known and in the still unknown.

I am unveiling truth and revelation to those who are maturing and this includes the ability to access My consuming fire to rescue those there and to engage in the restoration of those who have fallen. The fallen ones include those of what you call the angelic realm but there are also many other fallen dimensions.

My sons are ambassadors. They have been given the word and ministry of reconciliation that came not just from the work of the cross which would limit it to mankind... Reconciliation was upon the foundation stone of all creation because the living word, My son, was slain for all He created and spoke into being.

All things were created by Him and for Him therefore what occurred before the foundation or fall has the power to touch all creation, seen and unseen, in all dimensions, as reconciliation was embedded within creation itself.

The offering of the creator for the created exists within the fabric of creation itself and is the life force, the energy that is the grace frequency vibrating as strings within the smallest particles and largest structures.

Grace is integral within the foundation stone from which all creation emanated.

Son, the message of the redeeming, reconciling, restoring, resurrecting creator who is abundantly overflowing with life is available to all races and beings across all dimensions within all of creation.

No other races or beings carry, or have the possibility of carrying, the fullness of our DNA like sons of God as none were made in the full image and likeness of their creator as coheirs and co-creators in sonship.

Many were created with aspects of our likeness and many were created with aspects of our image but none other than man were spirit, soul and body.

None other have the capacity to be our dwelling place or have the capacity to dwell within us but all have the capacity to have restored relationship and know love.

Colossians 1:15-17 He is the image of the invisible God, the firstborn of all creation. For by Him all things were created, both in the heavens and on earth, visible and invisible, whether thrones or dominions or rulers or authorities - all things have been created through Him and for Him. He is before all things, and in Him all things hold together.

Son, the realms of heaven function as a wheel within a wheel within a wheel, all centred on the foundation stone of all creation, the mercy seat where the blood of My son is the essence of love that has enabled relationship between Us and mankind.

The tabernacle centred around the arc of union is the inner wheel that connects the outer wheel of the circle of the deep, the Mazzaroth, and the 12 high Chancellors' Houses.

The 4 thrones are centred around the arc.

Throne of grace

Throne of the ancient of days

The throne of the temple

The throne room.

The covenant of intimate grace, mercy and love is superimposed over the thrones and meets in the centre of YHVH

When we are in Him, we are YHSVH; Jesus being the full representative of both God and man.

The blood has always been on the foundation stone. Man in Christ has always been at the centre of relationship in the *perichoresis*.

The throne of grace, the throne of the ancient of days, connect the rivers of living water and fire at the centre of the pyramid which had the foundation of 12 stones and 12 houses that revolve around YHSVH

At the core, with the tree of life being the core of Metatron's cube, there are 4 thrones, 4 windows, 4 living creatures, 4 winds, 4 spirits, 4 points of the compass, 4 dimensions of 12, 4 corners of the base and the 4 faces of the pyramid of the mountain and house of God.

The mountain of the house of the Lord describes the wheel within wheel.

The capstone and foundation stone is Jesus: as above, so below.

High above all authority as son of God and below as son of man.

Phil 2:8 he humbled himself to death the convergence of time and eternity in YHSVH. The son of God and the son of man is the shin within Yod Hei Vav Hei.

In Him we live and move and exist Act 17:28 We are seated in Him in heavenly places

Philippians 2:5-11 Have this attitude in yourselves which was also in Christ Jesus, who, although He existed in the form of God, did not regard equality with God a thing to be grasped, but emptied Himself, taking the form of a bond-servant, and being made in the likeness of men. Being found in appearance as a man, He humbled Himself by becoming obedient to the point of death, even death on a cross.

Philippians 2:5-11 For this reason also, God highly exalted Him, and bestowed on Him the name which is above every name, so that at the name of Jesus every knee will bow, of those who are in heaven and on earth and under the earth, and that every tongue will confess that Jesus Christ is Lord, to the glory of God the Father.

Son, My heart for all My children is to be by My side, taking their places in relationship and responsibility.

I call forerunners to open the way through testimony so others can come

This is now known as morphic resonance.

Forerunners' testimonies are the good reports that overcome the resistance and fear that stop most people from attempting the hitherto impossible.

Noah, Abram, Sarai, Jacob, Joseph, Moses, Joshua, Caleb, Gideon were all forerunners in their own way but Jesus as the son of man and the Son of God became the ultimate forerunner.

Living in dual realms, overcoming death, resurrecting, overcoming the grave, leading captivity captive, opening and entering within the veil, being seated in heavenly places, removing the veils, receiving the kingdom, operating with the angelic realm, being an ambassador of the kingdom on earth, being the judge, converging time and eternity, being a living sacrifice.

For the joy set before Him He endured and He overcame and was the first born of us all. As He is, so are we in this world. As He was sent into this world, so are we. As He pre-existed, so did we; as He came out of eternity, so did we. He is the first born and second born of many brothers.

He went to prepare us to be in I AM.  
He returned with the keys of death and the grave by reconciling the whole cosmos to Himself.  
He gave a good report and opened the way for all to follow Him.

He humbled Himself under the mighty hand of God, only doing what He saw the Father doing, even to the point of death; and now He is exalted to the highest place, far above all other authority.

He grew in wisdom and stature with God and men by embracing His destiny as it was written in the scroll of the book.  
He was the light of the world and so are you.  
He embraced the wilderness, the garden and the cross as the ultimate forerunner for all sons follow His example.

Son, follow the example of My son and be ambassadors and forerunners of the new covenant wineskin as the way, living beyond the veil and being a gateway of the kingdom into the earth.

Son, the light of love will shine in and through the hearts and lives of those who will engage Me face to face.  
When someone looks into My eyes and sees the love, everything changes as I reveal truth that cannot be found anywhere else.

Restored innocence is the only thing that can truly change and transform My children.  
I am about to release grace and greater grace to enable many to be set free from the religious bondage and restrictions that have kept them from the light of love and kept them from shining the light of love into a world so desperate for real love.

The world needs the true testimony of the power of love to transform, heal and restore My children into the fullness of mature sons.  
Son, go on the offensive and assault the demonic religious doctrines that have robbed My people and kept them in darkness.

Son, be fearless and challenge the assumptions and presumptions of those that trust in the study of a book about Me rather than know Me face to face.  
I do not primarily want to reveal Myself in or through a book that I never commissioned

That book has become the substitute for real relationship with Me.  
This book was never intended to be the substitute for knowing Me face to face neither was it ever My intention that anything could replace the Spirit of Truth or the Living Word of God.

The system always defaulted to rules and laws and that is what the love and veneration of the Bible has become.  
The broken relationships, division, partitions that have created denominations, all based on their leaning to their own understanding, of their own interpretation of what was written to the first century.

All the councils and assemblies in the past that formed their creeds focused on understanding Me through a book and have created the foundation of a religion based on men's DIY efforts.

Christianity has become a DIY law-based religion that I never desired, authorised or established; this was truly the work of the antichrist spirit that still succeeds in blinding My people from the simplicity of the face to face relationship that is their birthright and inheritance.

The early church needed help to transform from the old covenant to the new and the letters that I inspired were to move from Jewish religion based in law to the freedom of the grace relationship that expresses love's light and reveals the light of My true character and nature.

Just how did a few hundred people inspired by the living word touch the known world?  
Not by creating a religion but arising and shining love's light into the deep darkness of religion and political systems which controlled the world.

I warned My people to beware of the infiltration of the leaven of the religious and political systems into the purity of relational love.

Yet again My children have played the whore with the DIY system of the world

I have released the grace needed to call My people out of the darkness of a book driven system of control into the face to face relationship with Me so innocence can be restored beyond the veil.

I AM is calling for the light of love to shine with the truth to restore relationship by removing the dependence on a book that has been used to create a religious system that has kept the world in darkness.

You have had to use the book to reveal that the book was never intended to replace the Spirit of truth; and now it is time to remove the book from its place at the centre of your ministry.

I have inspired those who are helping the transition from the religious book to the restored face to face innocence of relationship with Me.

The Mirror and the Passion are inspired to restore relationship in love and are an expression of love's light that has My grace at its centre but don't let them become another substitute for true relationship.
