

Vision Destiny 2022 – Session One

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Unconditional love, limitless grace and triumphant mercy are the hallmarks of genuine spirituality. Son, love wins because love has won; so continue to live lived, love living and live loving in the rest of being and you will be an ambassador of the light of truth.

14th December 2020

Son, as you learn to rest in being you will see your capacity increase greatly to be a son and an ascended father who is love.

The goal of sonship is not the restoration of all things, as that just restores the possibility of maturing beyond what is presently possible.

The true goal is to be like Us whose image you are made after; to be creative love and light.

Your connection to creation must be restored as that is what you will have with what you learn to create when you are mature.

Son, restoration is not the end, just a return to the beginning so that the journey can continue to become the intention of Our desire found in the light of the tree of life.

Dwelling in the realm of light, where you can continually gaze upon Our face and become conformed to Our image and abide, is a key.

The light of Our glory is absorbed into the fabric of your being in this place of intimacy.

Immediately I switched my conscious awareness to the realm of light where I am; and the light of His face was so much brighter, as if the level of glory I was able to stand in had increased.

It was like I was in a glorious sound and light bath, clothed in the glory of His face, absorbing love, light and the energy of being.

I felt more connected to all my quantum moments of being and knew that they had all increased in being also.

The splendour of the face of God is an awe-inspiring and truly wondrous sight to behold and become like and I was basking in the light of that glory.

Son, come walk with Me.

I found myself near the fire stones by the river of fire, where the Father was beckoning me to ascend the stones once again.

8th time on my journey to mature sonship that began in 2008

I remembered that I had already received an invitation to come but perhaps I needed the glorious light encounter first.

As the Father took a step, I followed, still somewhat apprehensive, as these encounters are challenging and disruptively life-changing.

Vision Destiny 2022 – Session One

The Father took hold of my hand and I felt infused with confidence as we stood on the first step of love which I had previously encountered 7 times before, each having different characteristics.

This time I felt love as before but I knew this was creative love and I was not just being a recipient but a participator as my creativity was being awakened.

To truly create is to truly love and only by creating can you know how to love as a creator.

I rejoiced as I felt filled with creative love potential but also became calmer and fully accepting of who I am at a deeper and higher level of being.

I am a son of God, made in His image to become a creative ascended father.

That moment stretched out before me to conclusion of ascension before the Father led me to take the next step.

I was now standing in deeper creative joy where I now understood the emotions of the statement 'it is very good' at a deeper creational level.

Each step played out in the quantum moment of being until we reached the top and stood on the tenth step when the eleventh step manifested.

Son, you will need to learn to be content and comfortable at a deeper level of glory and truth before ascending any further but you will know when the time is right.

I stood very still, just being in the creational characteristics, as this step contained the memories and the distilled consummation of all the previous 58 step encounters as if concentrated into this expanded moment.

Son, there will be no more encounters until 2021: just abide here, absorbing the true reality of creative being.

I had never felt more lovingly, joyfully and peacefully at rest just being.

4th January 2021

Son, 2021 is the year to go beyond your beyond in every area of your life as the knowledge of your sonship identity increases.

There will be changes that test you to the limit but that is where you rest in the eye of the storm.

Mankind is the pinnacle of creation, beyond the gods and all other created beings in all dimensions, but it is the lack of the knowledge of that reality that has kept Our sons in darkness.

The great deception is designed to keep Our children from the full knowledge and truth concerning their sonship identity and destiny.

Creation is waiting for the revealing of the true light of sonship so the darkness can be dispelled by the glorious brightness of the rising of Our sons to their position within the tree of life that is Christ.

The dark cloud that contains the realm of creative light is where the full knowledge of sonship can be absorbed into your being.

The greatest deception that has been perpetrated is that which has kept Our children from their true identity and destiny to rule creation with Us.

Vision Destiny 2022 – Session One

All deception is a product of leaving the creative light of Our shadow to walk in the created light of independence.

The knowledge of the true potential of mankind has been hidden by the division and subjugation into classes that devalues Our children based on anything material.

All division and separation is a tool of the deception that is used by the few to keep the many from the truth of their value and worth as sons.

Anything that divides our children and separates Our one family is an abhorrence to Us.

The subjugation of mankind by the old gods and their new minions the bankers, political warmongers and corporations that have replaced the priests of religion, just perpetuates the great deception.

There is one agenda behind all of the deceptions, that is to counterfeit the true with the false so mankind will believe the lie is the truth.

The Luciferian deception is to fool Our children into believing that they have to attain through independence who they already are.

The political and religious spirit systems that front the Luciferian agenda have used many guises throughout history to disguise the lies as truth.

The recording of history itself has been used to obscure the truth behind the twisted lies.

The empire spirit that has tried to counterfeit the true Kingdom with one independent world government made in their own image has used politics and religion to achieve that goal.

The latest form of that Luciferian agenda is Talmudic Zionism masquerading behind the political left of communism and the political right of nationalism.

The Luciferian goal of one false world government is controlled by the elite financiers who control the power through the money.

The political and religious spirit promotes its agenda through division, competition, conflict and tribalism whilst seeking to unite the world politically and religiously through deception.

The sons of God, in the light of their true identity, must arise to expose the darkness and the Luciferian agenda behind the latest deception.

Your focus this year is to facilitate restoration government and write the book that will expose the lies of Zionist eschatology that supports and perpetrates the deception amongst Our sons.

5 January 2021

Son, the glory of sonship is about to intensify, so be ready for increase by consciously engaging the realm of light within the creative dark cloud in perfection.

I shifted my consciousness to enter the realm of light to gaze at the wondrous beauty of the Father's face, resplendent in glory.

As I focused my full attention at a facet that drew my attention, the creative power of that truth became my reality as I absorbed the glorious light into my being.

Vision Destiny 2022 – Session One

Yes, son, true reality and true identity is found in the light of true perfection; prioritise this place of transfiguration.

The glory of your true identity is needed to bring freedom to creation but the great deception that has kept Our children from their true purpose of being must be exposed by the light of truth.

No eye has yet seen and no ear has yet heard all that is within Our heart for their being because that truth is too much for those who are still deceived by the seduction of the knowledge of the false tree path.

Son, only by absorbing the light of truth from who We are can Our children be transfigured into their true state of being.

Following the path of independence has created a false state of doing that keeps Our children in the darkness.

Son, by just being, the light of your glory will draw those clothed in darkness to the light of your rising, not to dispel the darkness but to transform it.

Only the light of glory that is absorbed from perfection has the energy of truth to restore darkness to light through its creative power.

As I turned my focus to facet after facet, I rejoiced in the glorious splendour of pure light and truth but I also became aware of the seemingly limitless facets there were.

The infinite glory and truth drew my gaze and the desire of my heart deeper into the pure love, joy and peace of being.

Son, the glorious creative light of perfection will be the truth that enables you to discern as it resonates within your being.

This resonance with truth within you will enable you to discern anything that is tainted by the doing of the DIY tree.

Son, you must learn to use this ability to discern wisely: not sceptically or suspiciously, but with a pure heart of love.

Love must be the motivation of all discernment as only love can win when deception is revealed by the light of truth.

Son, learn to discern with gentleness and humility of heart by being yoked to the Truth in a state of rest that will detect works by their negative energy.

Son, 2021 will be a year where discernment must be practised as so much deception will need to be brought into the light.

6th January 2021

Son, as you learn to abide in the realm of light in a state of being you will be able to discern that which does and that which does not resonate with Our heart of love and truth.

The frequency of the light of love and truth will be a genuine reflection of that which represents Us and that which is false, deceptive or not living will become more and more obvious.

Vision Destiny 2022 – Session One

Time spent in intimacy with the light of Our glory will ensure the light of your glory is a true reflection of who We truly are and creation will be able to respond to your light and the sound frequency of your voice.

In 2021 the spotlight of truth will shine brightly to expose the great deception of the Luciferian tree of the knowledge of good and evil agendas.

The deception of independence, the cult of I, can be found embedded within the original 'I will' statements that defined the motive of the first rebellion.

I is the same as 1 and there is no I in team and there can be no relationship with 1. That is why independence, division and separation are the tools of the religious and political spirit behind the Babel agenda of false unity seen in the statement 'we will make a name for ourselves'.

The Five "I wills" of Satan as revealed in Isaiah 14 give some background that will help us unveil the deception that has kept mankind in bondage to the Luciferian agenda.

In Isaiah 14:13-14 are five phrases expressing the sinful desires of Lucifer. Each begins with "I will" and reveals Satan's self-sufficiency and his self-worship.

Isa 14:12 How you [Lucifer] have fallen from heaven, You star of the morning, son of the dawn! You have been cut down to the earth, You who defeated the nations! 13 But you said in your heart, 'I will ascend to heaven; I will raise my throne above the stars of God, and I will sit on the mount of assembly in the recesses of the north. 14 I will ascend above the heights of the clouds; I will make myself like the Most High.'

I will ascend into heaven,
I will exalt my throne above the stars of God;
I will also sit on the mount of the congregation In the sides of the north;
I will ascend above the heights of the clouds,
I will be like the Most High.

Selfishness is the hallmark of the DIY tree agenda: 'I will' is its cry, as doing and works are its *modus operandi*.

Son, this why so many of Our children and even so many of those who know they are Our sons are weary and burdened and live on the treadmill of independence.

The call to all who are weary and heavy laden to come to the light of truth and find rest in their true identity is still being made today.

Son, rest is truly being and knowing the inclusion and acceptance of unending, unconditional love and limitless grace.

Being is being gentle and humble of heart and that is only to be found abiding within I AM that I AM in the true identity of being.

You cannot know yourself independent of your relationship with us.

The greatest deception has been fooling Our children to work - by their own independent self-effort - for what they already have and are as Our children.

Vision Destiny 2022 – Session One

The religious spirit enslaves Our children through the dead works of performance because they have lost their true identity and live as orphans even though they are already included in Our family.

The political spirit offers the false family of nationalism, tribalism and by denominating through division which is actually falsely uniting under a banner of colour, race, ethnicity, birthplace, religion, social status, class or any other man-made category that divides.

So many of Our children think they are uniting when they are actually dividing just as they were deceived into doing at the Tower of Babel.

We confused language to create family and they divided into nations and sought empires.

We mandated them to fill the earth as one family but they were deceived into making a name for themselves; and then once they were dispersed they falsely united, creating independent nations that would compete and fight for territory.

The empire spirit is the Luciferian agenda behind all attempts to conquer and form one world government under a false messiah figure.

The latest and current version is the Talmudic Zionist agenda behind the global control systems of economics, politics, corporations, media, entertainment, energy and pharmaceuticals that are the front of the religious and political spirit.

All the ideologies that have been created from the tree of the knowledge of good and evil are inherently flawed and that includes all forms of government, capitalism, communism, right, left and middle and all forms of economics.

The Kingdom of God is a relational, covenantal partnership of mutual support and encouragement where everyone is part of one family and finds fulfilment in being who they were created to be.

The world without the fall would be a very different place: and living in a garden environment, in harmony and oneness with creation is very different from living in a city, dependent upon mankind's technology and ingenuity.

The politicising of the prophetic movement to support conflicting ideologies is the work of the religious and political spirit and it has been exposed through the US presidential election as another deception that Our children and sons have fallen for.

Son, the Kingdom of God is a government of love, producing the fruit of righteousness, peace and joy so all can be blessed and fulfil their destiny.

You are mandated to expose the great deception and the Luciferian agendas behind it so the sons of God can rule righteously in love, free from the infiltration of the religious and political spirit.

7th January 2021

Son, the Kingdom is one of love, peace and joy ruling in righteousness.

There are many professing to seek first the kingdom but they only want government and not righteousness.

Vision Destiny 2022 – Session One

The fruit of righteousness is love, joy and peace and that is how you discern Our true Kingdom, that which flows from the throne of grace, through the tree of life.

Many who profess to be seeking the Kingdom are blinded to the truth by the deceptions of the religious and political spirit.

Violence is never the answer: only love wins, through forgiveness and reconciliation.

We have allowed the prophets to speak with a lying spirit to reveal the deception they are hoodwinked by and show how the political and religious spirit has infiltrated the church.

It is time for this deception to be exposed by the light of truth so Our children will reject all mediation and seek Us face to face and heart to heart.

The separation of the mediatorial spirit must be replaced by intimacy: that is why We are calling so many of Our children to leave the religious church systems.

The light of love and truth has been hidden under religious deception: so much so that many of Our children have rejected Us.

In truth they are rejecting the distorted view of who We are that religion has created in its own image.

Son, the frequency of love's light must be released into the earth to awaken Our children to a new level of consciousness that reveals Us to be love.

Love is the only antidote to the fear created by the deception that results from following the DIY tree path of independence.

Only the revealing and awakening to unconditional love and limitless grace will cast out the fear that is controlling people and making them so susceptible to the great deception and delusion.

Only the light of Truth can expose the lies to reveal what is true reality, so an awakening to love must be the precursor to the revealing of the great deception.

There are none so blind as those who will not see: that was made obvious by those who refuse to see the truth that is right in front of their own eyes.

They live in denial, refusing to accept the truth because they live in a false reality, thinking they are hearing Our voice; but in fact they hear the voices of reason, the voice of their own understanding and the lying voices of those prophets who have been infected by the religious and political spirit.

They lack the discernment to be able to distinguish the truth from the lies and are seduced by the conspiracies of the religious and political spirit.

Refusing to accept the truth, they are drawn deeper into deception where they become even more deluded.

It is time for the light of love to shine brightly through the sons of God who have experienced the true love of intimacy face to face.

Vision Destiny 2022 – Session One

The power of deception is great but the power of true love is greater; that is why there must be an awakening to love consciousness.

Son, brood in the Cradle of Life over the love awakening so you can be the sound of love that light will respond to, to form that reality.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at deeper levels of being.
