

## Vision Destiny 2022 – Session Four

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time and cosmic dimensions.

27th January 2021

Son, it is time to let go of the current political and religious spirit situation and move on in your heart; and trust that I will guide you if there is anything that I want you to do.

It is time to be passionate about the truth and focus on calling the sons of God to come out of the wilderness into the promised land.

Only by learning to cross the veil to engage with Us face to face will there be true change and transformation into Our image.

As you participate in the earth shield, focus your attention on those who have been shaken and are looking for the truth.

Call them out of the darkness of the coverings that they have been under into the light of love and truth.

Call them out of the mediatorial system of the old Moses generation to join the Joshua generation and take their places in heaven.

Call them out of their lost identity into the knowledge of the truth of who We made them to be.

Remember where you were 13 years ago and have compassion on those in similar places.

Release the frequency of sonship and the blue light call continually, to enable those who are hungry and seeking to find you and the [Engaging God programme](#).

The shaking that has been taking place is preparing the next wave who are beginning to look for the answers for themselves, and drawing them to the light.

Son, focus on the great awakening to love as that will be their way to the truth and the abundance of life that awaits them.

There are also those of Our children who have not come to the realisation of who We are who also are beginning to look for the truth.

Release the frequency of hope and send the light that will unveil Our presence within them and their inclusion in Us.

Call for the light to shine brightly around those We are calling who will become the champions of the next generation and ambassadors of reconciliation.

## Vision Destiny 2022 – Session Four

There are those who are becoming ready and the time of a global awakening to love is fast approaching, so direct the oracles of Our heart towards the next generation.

I released the frequency of light and issued another blue light call and focused on releasing the light of love and truth from the earth shield to call the next generation to come to the light of truth.

I call for the light to shine into darkness to reveal the truth of God as love.

I call for the angelic legions to take the message of love to those who need a supernatural encounter with the light of love and truth.

I call for the light of love to shine brightly to reveal that the Father is pleased to demonstrate that Jesus is already within those awakened.

I call for the next generation to come forth into their destiny as sons of God.

Son, make stronger connections in the spirit by opening up your heart and releasing your frequency through the Merkabah.

Broadcast your identity to all dimensions to make the connections that will join you heart to heart with those who are like-minded.

Immediately I was aware of my multidimensional reality and from each of those quantum moment positions I released my song into creation.

I felt the echo and knew that I had connected with many seekers of truth that I am now calling to connect heart to heart.

Son, there are so many that need hope to inspire them at this time of great transition and change, so be one of the oracles of Our heart that they need to reveal who We truly are.

There are those who have almost given up, whose light is but a flicker and are only just clinging on to life: give them your light.

All that you have absorbed from Our face in the realm of light in perfection, broadcast with passion and burning desire.

There are those like Saul of Tarsus was who will be blinded by the light of truth that encounters them, so send angelic helpers to guide them while their spiritual eyes become accustomed to the light of love and truth.

Son, Our glory is about to be released, so get ready to receive those who are awakened to the truth. We must provide safe places of relationship for people to come to where they can find rest.

28th January 2021

Son, the Kingdom of God is the culture of heaven and a counter-culture on earth, to fill the earth with the glory of Our presence within Our children.

The Kingdom is not primarily about government, but dominion does flow from it naturally when Our children are joined to Us in a mystic union of heart and mind in an intimate love relationship.

Son, you cannot use laws to control people, as they only produce rebellion.

Rebellion is a heart matter that stems from lost identity and only love can change the heart, not law.

## Vision Destiny 2022 – Session Four

The issue of abortion cannot be legislated out of existence as it is primarily a moral issue that changes when Our children's hearts are aligned to Our heart through relationship, not laws.

All of the issues that are called 'sin' by religion are sourced in the need for identity and position and the real sin is the deceived choice to live independently from Us.

Restoration of relationship with Us is the hope for a return to the paradise where there was no sin, only bliss and blessing; and that results in a childlike trust in Our provision, protection and guidance.

Laws that seek to prohibit a behaviour in reality only focus the soul on it, and are counterproductive in that people become what they focus on, even if they are trying not to.

The answer to all negative behaviour is to focus on positive behaviour: that is why face to face intimacy which eliminates fear of punishment creates a desire for transformation that changes behaviour.

Only the knowledge that comes from the cardiagnosis of union can bring freedom to Our children because that knowledge comes with blessing's empowerment to prosper and succeed.

Our mandate to be fruitful is not based in productivity and profitability but being blessed to be a blessing in a covenant relationship of lovingkindness.

The fruit of the Spirit is the product of love that produces perpetual blessing as it is about giving not receiving.

Gal 5:22 But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, 23 gentleness, self-control; against such things there is no law.

The focus of the deception of the independent path of the tree of the knowledge of good and evil is always selfish and about receiving rather than giving.

The focus on me, myself and I are the results of the deception of independence.

The first lie in all creation was 'I will'.

The 'I will' of independence always results in the lost identity of selfishness and produces nothing that is good.

It always produces a fall that produces entropy.

Son, as you know there is nothing that has been inspired and produced by following the path of independence that can be restored.

The deception of the so-called 'seven mountain mandate' is sourced from the same Luciferian agenda as the Tower of Babel, under the guise of religion.

The agenda of the Kingdom is the union of two mountains to function as one, as the mountain of the house of the Lord and mount Zion converge to produce a union of heaven and earth.

The return to a restored paradise can only be found in the mystic union of God and man as one where I AM that I AM lives in mankind and mankind lives within I AM that I AM.

Humanity is the counterfeit produced by independence.

## Vision Destiny 2022 – Session Four

That restored union will produce a true government of love, joy and peace in the rest of being free from the need to work to earn.

Restored union with Us will bring the acceptance, affirmation, approval, appreciation and affection so craved by those who are living in lost identity.

The return to union is the utopia and paradise that all of humanity has been searching for but it can never be found in independence, as only union produces blessing.

Son, the light of love in union is beginning to shine brightly to awaken Our children to unconditional love consciousness.

That awakening will reveal the futility of independence and the power of union.

Unconditional love can only be found within the mystic union that is I AM that I AM and the reality of that truth has been hidden under the lies of religion and performance orientation.

1st February 2021

Son, the religious spirit draws well-meaning believers into a web of deceit by giving them a cause they think represents Our heart.

Once hooked, they are drawn deeper into the deception by their religious fervour and eventually a mania that blinds them to the deception.

This is the deception that the religious spirit uses in cults and sects that promote that they have secret hidden knowledge, higher truth or special revelations.

Even those who did receive revelation that was true are susceptible to the religious spirit deception, as they often separate and divide and make a name for themselves because they have to defend their special revelations from the orthodox church system that opposes it.

Whenever groups use their revelation to give them identity they become susceptible to the political spirit that drives them to divide and compete to defend their truth against the system.

Many groups become legalistic to maintain the purity of their truth and denominate into e.g. Baptists, Methodists, Pentecostal, Charismatic, Reformed etc.

This same deception was behind cults and the Jonestown and Waco tragedies.

Many people have been deceived by the offers of money for their causes for example the Omega Trust and trading fraud that gave believers the hope of a great wealth transfer.

The QAnon cult has deceived so many because it unites the political and the religious causes and hoodwinks them into believing lies or part-truths that fit their personal cause - be it ending human trafficking, stopping abortion or exposing the deep state.

The Luciferian agenda is then hidden behind layers of conspiracy that actually obscures the real truth and makes it unbelievable to many.

When the truth is hidden within a conspiracy, many are deceived because they lack the discernment to see the trap that they get caught in.

## Vision Destiny 2022 – Session Four

Son, you know how easy it is to be caught in these types of scams that use a grain of truth or a biblical concept to convince, and then it becomes an obsession.

The internet makes it easy to perpetrate these deceptions through forums and secret groups that prey on people's hopes and dreams by spreading misinformation that offers the next glimmer of hope, which never comes to fulfillment.

There is always a drama or crisis that keeps delaying things and usually a secret mole who feeds cryptic pieces of information into the groups to keep them on the hook.

There is usually a white knight who collects the misinformation and appears to be an expert who coordinates and disseminates the collected knowledge.

This was what was behind the Iraqi dinar fraud that caused many gullible but well-meaning Christians to buy thousands of worthless dinars in the expectation that the currency was going to be revalued and they would be instantly rich and able to fund the Kingdom.

That scam had well-known mystics who promoted it, with the illusion of secret heavenly knowledge that was just another deception, giving false hope to often vulnerable, susceptible people.

Many people become disillusioned when they discover that they have been deceived and then reject the real truth; and many others find other causes or live in denial and hold onto their version of reality.

Son, you know the Luciferian agenda that hides behind all these veils of deception, as I have shown you, but it will not be easy to separate the truth from the lies.

The agenda of the path of the tree of the knowledge of good and evil has always been a deception that preys on ego and lost identity.

All political and religious spirit activity can be traced back to that first lie - "I will ascend" - and have been outworked in the "We will make a name for ourselves" agenda. The agenda is to create a counterfeit that is able to fool most into believing it is real, just as it was at Babel.

There is a counterfeit god and a counterfeit kingdom or government agenda behind it all that has fooled most of Our children.

Be careful that you do not get obsessive and fall prey to the very thing you are mandated to expose, by keeping close to the pure Truth, only found in face to face relationship with Us.

Many will seek to discredit you when you threaten the deception and they will call you a conspiracy theorist or worse to protect their lies.

The conspiracy of global cabals keeps many from believing that there are actually groups seeking one world government but it also fools others into believing the twisted version that actually conceals the truth.

## Vision Destiny 2022 – Session Four

The religious spirit twists its own version of the deception e.g. one world government of the futurist eschatology, with a false Messiah figure of the Antichrist with a false prophet and a political beast. Political and religious spirit union is a powerful deception.

The truth becomes hidden in folklore and mythology but the Luciferian agenda is no less real and active in fulfilling its objective of a false god, no god, man is god and a false kingdom of globalisation and control.

Son, come to the light of truth and release the frequency of love's light to reveal the truth that will set Our children free to know their true identity and kingdom purpose.

2nd February 2021

Son, it is vital to ensure that you are continually engaging with the light of love and truth, as trust will enable the heart and the mind to be in perfect harmony.

Love must be the true motive of the heart and mind of anyone who can intentionally create reality, to align with the truth of Our desire and intention.

There must be no motive based in fear, anger, revenge or warfare: just that of peace.

The oracles of Our heart express fully who We are as love and the light of truth that radiates from Our face fully expresses the knowledge of Our desire and intention.

As you draw from the light by abiding in the realm of the light of love and truth in face to face intimacy, your motives will become purified and you will be able to discern the truth from amongst the veils of deception that often obscure it.

I gazed upon the beauty and majesty of the face of the Father and basked in the lovingkindness that was warm and inviting and felt cocooned in a mystery of wonder and awe.

I was just being in the perfection of the light: totally at rest in the peace of being, rejoicing in the joy of being, and completely content and satisfied in love's embrace.

From that place of being I felt a stirring in the Father's heart that drew my attention and I was moved to turn my gaze to the earth shield whilst still abiding in the light.

I saw the light intensify in the shield: it was as if energy shocks pulsed through everyone and got their attention.

I saw the light of truth begin to shock the minds to challenge beliefs, mindsets and values; to expose lies and deception.

I saw the shock and surprise of realisation come over the faces of those who began to embrace and not resist the cognitive dissonance that was occurring.

Cognitive dissonance can entrench some and deconstruct others, depending on our response.

I saw the light of truth begin to penetrate areas of their hearts and reveal deep and hidden motives, both purifying and harmonising their heart and mind union.

## Vision Destiny 2022 – Session Four

I saw all turn to look into the atmosphere of the earth and penetrate through that covering into the earth itself, going beyond the surface activity of life to the core of the planet itself.

I knew that the sons of light were being moved by love and truth to engage creation itself at a new level of empathy.

I felt the connection with the groaning of creation that was now passionate and intentional and would be necessary for all that will begin to take place in the coming season.

Son, this is what is going to take place in the transition to bring about the change in the seasons as the sons of God arise and shine with the light of love and truth.

As Our sons embrace their identity and destiny in regard to creation, they will embrace and be filled with unconditional love and limitless grace energy.

The living light of the Quantum Lumens will begin to respond to their choices creatively and reality itself will begin to align with Our original intention.

The light of truth that shines with lovingkindness will bring an awakening to love that will free so many of Our children from the deception, bondage and independence of the DIY tree and its Luciferian agenda.

Son, so many are caught in the eschatological trap that twists the truth they receive into a negative framework that is wrapped in fear and causes confusion within the restoration of all things movement.

You are mandated to challenge this false eschatological expectation with the truth of perfect love that will remove fear and create a true positive expectation for the future.

The restoration of all things is moving forwards unstoppably and progressively towards its inevitable conclusion, and that will be the platform for an even greater increase of kingdom government and peace.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at deeper levels of being.
