

Vision Destiny 2022 – Session Five

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time and cosmic dimensions.

3rd February 2021

Son, this light of love and truth will illuminate all that is in darkness when the sons of God abide in the light of Our countenance, knowing Our true nature and their true identity.

So many of Our sons are immature in regards to the truth because they are still programmed by their religious systems and need a deconstruction and renewal of their minds.

There are many who have received some truth but have not pursued the whole truth, content with limited knowledge.

Our sons must be awakened to the truth of love's light if the world is to awake from the matrix of delusions they have been living in.

Theological and doctrinal deception of all kinds has so many sons trapped in the delusion of religion, locked out of intimate relationship.

Only encounters with the light of love and truth that reveal unconditional love and limitless grace will set Our sons free to fulfil their destiny.

The angelic orbs you have encountered in the earth shield carry the light and frequencies that can activate encounters. They are waiting for the sons to legislate their deployment into the earth.

As they are assigned and mandated by Our sons, they will facilitate a great season of encounters through dreams, visions and visitations that will stir Our children out of their religious slumber to engage beyond the veil.

As you saw those in the earth shield being shocked by the light of truth, so those still tethered to the earth will also be shocked when they come to the realisation that they can engage heaven before they die.

There are so many living wilderness existences under the darkness of man's mediatorial coverings, unable to see the freedom that is possible by living in the light.

We have been wooing Our sons into a more intimate relationship with Us and many have come to maturity by the draw of Our love but many still have not awakened.

Son, that is why angelic shock and awe tactics will be needed to shake them out of their slumber in the darkness.

Vision Destiny 2022 – Session Five

They must be awakened from their stupor by encounters with extreme demonstrations of the light just as Brother Saul was many years ago.

Son, mobilise the sons to legislate for the angelic legions that have been prepared for a time such as this and are ready for deployment.

Limitless, Liberty, Blessing, Union, Truth Revealer, Truth Restorer, Truth Establisher, Sikurt, Protector and others are ready to be assigned to engage the earth with powerful and shocking encounters.

I shifted my attention to the earth shield but was aware of my multidimensional positions as I began to engage the angelic orbs, this time not for engaging me but those on the earth.

I call for the light of love and truth to shine brightly; for lightning bolts of truth and love bombs to manifest on earth at it is in heaven.

I call for Damascus and Emmaus road type encounters that will capture and captivate hearts and minds with the light of love and truth.

I release the angelic legions carrying the message of love's light and truth to explode revelation into the earth, to invade the lives of those sleeping and slumbering in deception.

I focused my attention on specific people groups, streams, and cultures to be a guide for the angelic legions to follow.

I call for engagements with the Futurist, eschatological Zionist, dispensational streams.

I call for engagements with the Universalist streams.

I call for engagements with the Mystical streams.

I call for engagements with the Energy healing streams.

I call for engagements with the Pentecostal and Charismatic streams.

I call for engagements with the Evangelical streams.

I call for engagements with the Reformed streams.

I call for engagements with the Orthodox streams.

I call for engagements with the Catholic streams.

I call for engagements with those who have left the church to search for the truth.

I call for engagements with those who have left the church hurt and disillusioned.

I saw the angelic orbs stream into the earth but I know there needs to be many others who are legislating for the light of love and truth to go forth.

4th February 2021

Son, with the light of love and truth that is beginning to shine into the earth will come the weight of Our glory.

As you embrace Our glory your glory will begin to engage creation more effectively and all the dimensional realms will begin to resonate with the frequency of your sonship.

Vision Destiny 2022 – Session Five

Sonship will bring the frequency of hope to creation that is the hope of freedom from its bondage to corruption and decay.

As love's light shines, creation is waiting in anticipation of a greater revealing of sonship that is coming and hope is rising.

The greater the truth that comes into the light, the more the darkness is exposed, the more that hope rises, and the more creation begins to respond.

As you abide in the light of Our countenance in the realm of light in perfection, your glory and lovingkindness will increase in its effectiveness.

Son, you only have to be who you were created you to be and the light of love and truth will increase as your consciousness expands as your mind is renewed.

Your engagements with the angelic realm are increasing: you are seeing more being restored and the dimensional beings are also engaging you for help in becoming free.

There is great activity, even if most of it is not cognitive: you are being increasingly effective by living multidimensionally from a state of being at rest.

Son, continue to focus on revealing the truth as an oracle of Our heart, as that is your priority consciousness mandate in this season.

My focus shifted to the earth shield where Jesus was connecting the light of truth as all the light of Our being was interconnected thorough Him.

This is forming a vast neural net of truth that is challenging, deconstructing and renewing all Our minds so we will be joined in the mind of Christ.

The truths that we all have are connecting and exposing the lies and deception that we all have, to bring us all into agreement and alignment with the Truth.

I saw many interconnections taking place as our light was flowing through Jesus the light; and He was redirecting us to make new interactions in the spirit and physical realms.

The earth shield was getting stronger and energised with the purified enlightening of our networked minds and interactions.

Son, this process is perpetual, as the union of hearts and minds continue and fuse into an agreement of desire and intention.

The shield needs more sons to complete it so that Our intention for the restoration of all things can be focused dimensionally from the union of hearts and minds in the light of love, and truth and limitless grace is released.

Vision Destiny 2022 – Session Five

Release the blue light call with greater intensity to draw Our sons to participate in the earth shield; and engage in the light of love and truth.

8th February 2021

Son, as you look into Our face, you will see the true reality and truth that will reshape history and form the basis of the future.

Only face to face intimacy can reveal the truth to those who are willing to see without the filters of their own understanding distorting their vision.

Son, that is why only the pure in heart can see who We really are; and that is why healing the heart, restoring the soul and renewing the mind is a process all will need to go through to be able to see the truth.

All will need to have the godly wisdom to act on that knowledge without being deceived and that wisdom can only come through the restoration relational process.

Son, do not stop at the beginning of wisdom: let the stage of awe and wonder take you to the deeper knowledge, wisdom and understanding that is only found within I AM that I AM.

This knowledge is not hidden from you, but for you to discover within Us; and your journey to enlightenment will produce the wisdom of maturity that you will need as a son.

Wisdom is the crown of glory that creation will respond to as the frequency of your true identity is revealed.

Only a crown of wisdom that comes through wearing a crown of thorns carries a frequency that has the fruit of the process of maturity.

Son, only as you learn to really trust Us through the process will creation trust who you are and respond to your sonship.

The fires of adversity produce the purification that is characteristic of trust that runs deep and is not superficial.

Everyone finds it easy to trust in Our lovingkindness when the going is easy; but when it gets tough, that is the true hallmark of real trust that has been forged in the fire of Our love.

Those who are willing to walk through the flames to obtain wisdom will be revealed as sons of God to creation and will be able to discern the truth from the deception.

Only by abiding in the light, no matter how intense it gets, will you be able to know the truth of true reality and enable others to see it.

Only a light bright enough to blind you to the deception will enable you to see true reality and be enlightened just as Saul experienced on the DIY tree path he was following to Damascus.

Only when he was blinded to the deception that was normal life to him was he able to see who We are and find his true destiny.

Vision Destiny 2022 – Session Five

Only those who are willing to embrace the light that blinds them to the deception of normalcy will be able to be enlightened to see true reality and become awakened to creative sonship.

The tree of independence limits the creative abilities of Our children but the tree of life is limitless in grace and overflowing in lovingkindness and unconditional love.

The tree of life is always in season and its fruit is able to produce the limitless creativity necessary for Our sons to mature into the ascended fathers they are destined to become.

Son, desire and pursue the crown of wisdom, wherever the journey takes you, by abiding in the realm of light in perfection so you can gaze upon Our face.

True wisdom will grow, it cannot be imparted; and true knowledge is experienced, not received as information; so true understanding is a result of the journey to enlightenment that all must walk.

9th February 2021

Son, rejoice in the light of truth, bask in unconditional love and revel in limitless grace as there is abundance and overflow here.

The light of Our glory is lavish and bountiful and to be enjoyed to the full, so immerse yourself in the height, depth and breadth of the love of I AM that I AM.

As I sank deeper into that ocean of pure bliss, I became more and more intoxicated by the fragrance and taste of the very essence of I AM that I AM.

My being became saturated in the thick oil of love's essence as I rejoiced, full of gratitude for being in that place of perfection.

I began to eulogise, pouring out my thanksgiving for being embraced in the arms of pure lovingkindness, cocooned in the character, nature and essence of God.

Praise and honour followed from my heart to His heart as I revelled in that joyous moment as if I was suspended in eternal bliss that captivated my being.

Son, never lose this moment: abide in this place of bliss so that this experience of true reality is your motivation and inspiration.

I felt inspired as I began to realise that this was how I was intended to be and how all creation was intended to exist.

This is what relationship is truly meant to be: a pure connection, the oneness of being in I AM that I AM and I AM that I AM being in me.

The true reality of the Father's heart emotions expressing the light of perfection is how He feels continually, even if we do not yet abide here.

A return to this state of being is the objective of the restoration of all things agenda and I felt totality inspired as a son to be an oracle of that passionate desire and intention.

Vision Destiny 2022 – Session Five

I was overflowing with joy, rejoicing at even the thought of creation being restored to that beautiful state of existence.

Amazing grace, amazing love, amazing light, amazing truth, captivated my whole being like never before as I rested, abiding in Him.

Son, there will be no end to the increase of the government, of Our desire for total and complete restoration for all things, and peace will be once more.

It is inevitable that there will be restoration to the place of peace where nothing is missing, broken, separated or out of place.

10th February 2021

Son, as you brood over Our heartfelt desire within the Cradle of Life and find union of heart and mind, the energy of your voice can be focused by intention to create reality.

Union in the oneness of heart, mind and purpose is the key to creativity, as brooding creates resonance and the frequency energises the living light grace strings that are the building blocks of all reality.

Many people are trying to create without union and are therefore functioning from the knowledge of the wrong tree path by trusting in their own understanding.

The reality that most of Our children are choosing just perpetuates their limited past experiences because it is limited to what they know.

To choose and create new realities, the mind must be renewed by the light of truth, framed by lovingkindness that is a reflection of who We are as love.

All societies and cultures have been framed by the knowledge that flows from the wrong tree, that of independence, but there are still some godly influences within each that keeps stability.

The shaking of those man-made systems is designed to expose the false knowledge of humanism so transition to the light of truth can take place.

Only an awakening to the love and light of enlightenment can facilitate a peaceful transition and transformation so heaven can begin to manifest on earth.

The increase in government must be peaceful, not by conquest, war or bloody revolution; that is why the growth of the Kingdom is described as being like yeast infiltrating the dough - but kneading is necessary at times.

The times of shaking that occur during periods of awakening often seem to be revolutionary but are just Our hands kneading the dough, as it were.

The periods of shaking are designed to cause Our children to mistrust what they have been previously relying on, to seek for a more secure foundation for their lives.

When the storms and quakes of Our shaking take place, many look for the stability of the Rock which cannot be moved and will remain to fill the earth.

Vision Destiny 2022 – Session Five

The shaking is designed to cause instability so that Our children will stop trusting in their own independent self-effort and abilities to seek first Our Kingdom, which is trustworthy.

When everything seems to be failing and the world systems have no answers, then Our children will begin to look for the solutions from a different source.

Shaking and shifting is always accompanied with the light of truth shining in the darkness of fear to bring hope and enlightenment. That brings the changes necessary for Kingdom increase but it is a slow, generational process.

Son, when three generations are in union there will be exponential growth and your mandate is to help facilitate that union.

In the past, the political and religious spirits have infiltrated to create empire or rebellion that causes division.

Only when the first generation who are enlightened embrace and mentor the next generation, rather than resisting or controlling it, can the third generation be reached.

Son, this is why immortality is so important to embrace, so that the first generation will still be alive and well within that union.

The truth of abundant life and immortality is one of the keys to being able to unify the generations.

Joshua only united two generations: they were able to occupy the Promised Land but never possessed it fully, as the third generation were independent.

The next generation can be the billionfold harvest of harvesters and reach the third generation, if the heavenly storehouses are ready to receive them.

Only embassies of heaven that are new wineskin Ekklesia, free from the mediatorial systems of hierarchical control structures, will be able to accomplish union.

Son, call the Joshua generation to arise and come out from under the coverings of the old religious orders to embrace their destinies to unify the three generations.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at deeper levels of being.
