

Vision Destiny 2022 – Session Eight

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

1st March 2021

Son, the glory days are coming in the midst of the deep darkness of deception that covers the minds of those enslaved to the false knowledge systems.

The revealing of the sons who walk in and as the light will illuminate the darkness with the light of love and truth.

The vital key is the maturing of enough sons to raise the consciousness levels of sonship to be in a union of hearts and minds.

All division and divisiveness is the fruit of independent knowledge that raises people above each other and creates elites who seek to control, suppress and rule over the masses.

Family was never meant to have divisions or be hierarchical, patriarchal or matriarchal but to function by relational honour where all generations respect each other.

The restoration of family honour and respect will bring blessing to the earth again and creation itself will respond to the oneness that family reveals.

All divisions including those of nations, nationalism, gender, ethnicity, colour, race, religion, background, social standing or any other arbitrary category are the result of following the path of independence.

Union and oneness respects and honours uniqueness within family and all members are treated equally, as equality is a strong value within family.

Restoration of family values will enable the sons of God to arise to illuminate those values by leaving systems that are denominated to separate based on theology, doctrine or creed.

Son, following the creeds is placing man-made concepts above the truth as the creeds were produced and motivated by the need for doctrinal purity and the fear of losing control.

Those who produced the creeds did not trust us to teach Our children.

The creeds have placed tradition over truth and have been used to support orthodoxy and perpetuate lies that create division.

The creeds are used to produce the same result as at Babel to make a name for themselves based on fear of uniqueness.

Vision Destiny 2022 – Session Eight

Oneness and union comes from relationship and intimacy, not the dogma of forced agreement or consensus that the creeds represent.

When true union manifests there is no need for creeds as there is relationship based on honour and trust with cardiognosis between God and each other.

All religions have their creedal systems to force unity based on the agreement of beliefs to control and stop progressive knowledge.

Progressive knowledge produces panic in religious systems and the fear of losing control.

Progressive revelation is the hallmark of family where seeking the truth in relationship is valued and honoured as it unveils deeper truth and brings enlightenment.

Enlightenment is feared by all religious systems that are creedal, traditional or hierarchical in structure as it threatens the status quo of control.

The greatest creed was the production of the Bible as a closed canon that stopped the progressive revelation that was intended for every generation.

Family enables generations to honour each other whilst encouraging progression because there is no need to fear losing position.

You are always family but the functions within family change as each matures from child to parent to grandparent to great grandparent; and the truth is passed on and progressive revelation can be encouraged.

Children can benefit from the knowledge and wisdom of their parents but the hallmark of wise parents is that they will benefit from the progressive knowledge of their children and eventually grandchildren.

Within the family of mankind as We intended, there would have only been fruitfulness, increase and expansion to fill the earth and go beyond.

All systems inspired by the tree of the knowledge of good and evil produce division and devalue family by using control not relationship, because they are based in fear.

Lost identity is lost family and is based in the deception and fear that produces independence from God and is responsible for the desire for false identity produced by cults.

All religions are actually like cults in that they promise identity and family but only control their members into conformity to creeds that restricts and fears progressive revelation.

Son, We are family in the Perichoresis of true union and We invite all Our children to experience the love, joy and peace of rest.

We are I AM that I AM and We reveal Ourselves progressively through relationship so all Our children can be fully enlightened and know who they are in union with Us.

Vision Destiny 2022 – Session Eight

Family is based on unconditional love and is by definition inclusive but any theology that excludes is a deception.

All of creation is family and was designed to function together in union and harmony.

We unconditionally love all things that We have created and We have made the provision for total restoration, built into the fabric of creation itself.

All creation is universally quantumly connected and already in union without knowing it.

The harder those who seek to divide and separate it try, the greater the force will be that draws it back together.

The potential energy for restored union is stored within creation itself at a quantum level and the relational entanglement that connects all things will eventually reunite all things.

Enlightenment and expanded consciousness is awakening creation to the reality of entanglement, as the living grace light of love exists within all things within Us.

We are the family of inclusivity, limitless in unconditional love and grace, and all will be restored. Union was established before creation and is within the fabric of all things at a quantum level.

Where does the word creed come from?

What is its purpose?

The word creed comes from the Latin word credo, which means “I believe” and is the mantra of the “I will” agenda.

Creeds are meant define the boundaries within which a group of people operates.

Creeds are by definition restrictive and hinder progressive revelation and true family, which is not based on “I believe” but on “I am”.

2nd March 2021

Son, there is need for greater shifting of mindsets, belief systems and values to awaken Our children from the deception of darkness that they are slumbering in.

A greater shift to awaken Our children to love consciousness is coming once this present shaking has fully been completed.

As there are more shakings to come until all are awakened to the futility and slavery of the “I will” agenda.

The global control systems, which are the front for the Luciferian agenda to keep the world in a state of delusional independence so it will accept the god of “I will”, will be exposed to the light of truth and love.

The light of truth and love is beginning to shine with greater brightness and its frequency is starting to shake the stability of those deceptive systems and Our children’s trust and dependence in and on them.

The truth is being revealed and those with their eyes opened will be able to discern what is happening and what is about to occur, so keep looking.

There is so much more to see and discern, if you see from the realm of light perspective in union with Our heart.

Vision Destiny 2022 – Session Eight

I shifted my focus to being in that joyful union of heart, mind and purpose, and rested in love's embrace, cocooned in light, basking in the radiance of glory.

Slowly, a deeper sense of desire came over me and a precept of God began to awake my consciousness to a truth of the nature of mercy, embedded in the matrix of light that holds all creation together.

God is love and mercy is the inevitable conclusion of a God who is lovingkindness. There can be no other conclusion to love therefore mercy must always be the result and there can be no end to mercy because God is always unconditional love.

Thoughts of mercy filled my mind and I became aware that the world systems are fixated on a type of twisted judgment and justice that is devoid of grace and mercy.

Yet as God is love and light and love is unconditional and grace is limitless, then mercy is also limitless and it is the inevitable product of love and grace.

Mercy is triumphant over all obstacles and hindrances to love and grace.

Even heaven's seasons always end with mercy that ushers in rest; and therefore judgment and justice are just as much a product of unconditional love and cannot exist independently from grace and mercy.

Son, you have been reading Our thoughts and your conclusion is correct: mercy is a precept that must align all the statutes of thinking and all the laws of being.

The deception of independence has isolated grace and mercy from judgment and justice and twisted mankind's understanding of Our nature.

Man has made a wrathful god of vengeance to outwork their need to appease and sacrifice by works.

With no grace and mercy, judgment and justice become the tools of an angry, vengeful god who punishes and torments his children.

That is not who We are, as love is kind and We are overflowing with lovingkindness.

That deception must be exposed to the light of truth that will unveil mercy as unending and is always the precursor to new beginnings and fresh starts.

"I will" is the mantra of religious dead works that needs laws to obey by their own efforts.

Seasons of judgment and justice are only precursors that enable grace and mercy to restore all things. When the truth of the present unperfected state is revealed by judgment, desire for and pursuit of new beginnings can follow.

Without a judgment that reveals what is not aligned to the truth and justice to ensure the judgment is acted upon, there would be no grace and mercy.

Judgment challenges the status quo of ignorance with enlightenment.

Judgment is not punishment of the present reality but is a verdict that reveals the truth of the present reality with a hope for different future reality.

Religion uses judgment to produce fear, guilt, shame and condemnation that requires dead works.

Vision Destiny 2022 – Session Eight

Before creation began, the grace and mercy of love was embedded within the fabric of creation to ensure restoration; but there would have been no need for judgment if there was no independence.

The twisted knowledge of the false tree path of independence needs judgment to life to reveal the truth of its deception.

Judgment is the verdict on the efficacy of the tree of the knowledge of good and evil.

Judgment is the consequence of independence and is only needed to define what is not good so Our children can turn to follow the light of the tree of life.

Lost identity and the twisted knowledge of “I will” has perverted judgment with fear.

When there was only light in timeless existence, there was nothing to judge, as all was good; only with the independence that separated to form an absence of light and deception was a verdict necessary.

When mankind chose independence, a judgment of that choice was necessary so that they could turn away from that source and find the grace and mercy of lovingkindness awaiting them.

The cross where Jesus’ willingly offered Himself is the central point in mankind's history, as it restored grace and mercy to complement and balance mankind's twisted need for judgment and justice.

The glorious light that was revealed was then obscured as the purpose of the cross to overcome darkness with light, so that Our mercy would triumph over mankind's judgment, was itself twisted by the religious spirit.

An act of pure loving mercy became twisted into the need for wrath and penal punishment to appease and angry god.

The light of truth must shine to reveal that mercy is a true reflection of Our loving nature and an angry, wrathful and vengeful god is a myth and lie.

Son, live loved, love living and live loving, overflowing with mercy, demonstrating that mercy with unconditional forgiveness.

Our mercy is as triumphant as Our grace is limitless and Our love is unconditional and overwhelming.

3rd March 2021

Son, the source of all deception is the deceiver who broke union and relationship to instigate independence.

Those who followed him into independence were deceived by the lie of “I will be like God” but all were tricked into worshipping the liar.

Mankind was deceived by the same lie and became slaves to dead works.

Eternity was placed in the hearts of Our children by design so that they would always seek God but they are deceived to do dead works to try to return home.

The path of the tree of the knowledge of good and evil was the independent way to seek to restore identity and find home.

This performance-oriented lifestyle creates a rat race or people living on a hamster wheel getting nowhere fast.

Vision Destiny 2022 – Session Eight

There lies the heart of the deception, as no works of independence can ever achieve restoration of identity or relationship because that is by grace alone and is the free birthright of all Our children.

The source of deception (Lucifer, or whatever other names he masquerades behind) has an agenda that he would be worshipped as god, but for most that is only through a mediator.

The Luciferian agenda that drives making a name for themselves in whatever religious or political guise that takes is a trap because works, laws and protocols enslave to systems and do not create relationship.

There is usually a puppet counterfeit political leader or spiritual figure that fronts the systems who is deceived into thinking they are god or mediate and speak for god.

Son, all religion is deception and all political or humanistic ideologies are deceptions that promise identity and union but that is only possible through restored relationship with Us as creator.

The Luciferian agenda deceives through the political and religious spirit to falsely unite Our children to a cause, nation, king, Messiah, guru, party, tribe, ideology or theology.

The Luciferian agenda has controlled the financial systems in modern times through Talmudic Zionists and that supports and controls the political and media systems.

These systems have controlled the narratives through division, competition, conflict and tribalism to create the conditions and environments that will make people more susceptible to an earthly political and religious counterfeit saviour messiah figure.

The Luciferian agenda is narcissistic and that requires no real relationship as it is selfish and is only about ego: 'me, myself and I' is at its core.

Son, the light of love and truth will begin to shine brightly through the ascended sons of God to reveal love's agenda to awaken Our children to who We truly are and reveal their identity, which will free them from the deception and delusion of independence.

An awakening to unconditional love and limitless grace and triumphant mercy will overcome the darkness of lost identity by raising consciousness levels of enlightenment to a realisation of inclusion, reconciliation and restored union.

Son, always focus on revealing the truth and the lies inevitably will be exposed by the purity of love's light that has a frequency that will resonate deep within the hearts of Our children.

The memory of eternity and union will resonate with the frequency of love's truth which is the purest of light and sound.

No deception can remain in pure light and the consuming fire of Our lovingkindness will refine and purify until no lies remain.

Son, We are pure light, pure love and pure fire: so live loved, love living and live loving, at rest within I AM that I AM and just be immersed in unconditional love, limitless grace and triumphant mercy.

Vision Destiny 2022 – Session Eight

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at deeper levels of being.
