

Vision Destiny 2022 – Session Nine

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time.

4th March 2021

I engaged the realm of light and became aware that the light was forming a matrix around me like a sacred geometric shape.

I was conforming to that shape which represented the intentions of the Father's heart.

Wisdom, Knowledge and Understanding came and connected to the matrix and the light became more intense.

The light focused into waves of thought that became intention and my emotions were overwhelmed with mercy.

Wisdom spoke: "This is where to interface with the intentions of the Father's heart so you can focus those intentions together in union with others in the earth shield".

I engaged the shield of light where I saw four other angels standing around the earth holding hands and as I watched, their heads bowed until they met and they formed a canopy over the earth.

Their heads were joined in the earth shield and seemed to be illuminating and energising those who were connecting to them.

This was a demonstration of union in action as the four became one and is how the earth shield needs to function.

They were Union, Liberty, Limitless and Blessing; and they were revealing hidden areas of the earth that were covered in the darkness of their opposites: division, bondage, restriction and cursing, which is poverty through lost identity.

I began to think about focusing mercy into those areas when the Father said "No, release a frequency to call others into union with Our intentions because there are not enough sons who have one mind."

I released another blue light call that had the frequency of union from the earth shield into the earth to draw the sons to the light of truth.

During the next gathering of a governmental group we received a mandate to connect with all the groups.

Connecting the groups to communicate and share heart and information to legislate in union was part of the process.

Vision Destiny 2022 – Session Nine

When engaging the earth shield on one occasion I saw Jesus standing and all of our light energy was connecting through Him like He was the hub unifying Us.

He spoke with a very loud and energised voice that shook me until I was vibrating: “Stop listening to other voices and focus your attention on what the Father is saying.”

Jesus spoke again with such power and authority “Peace, be still!”
Waves of that declaration rippled around the earth and out into the cosmos.

I saw many orbs of intense light begin to be energised and activated by that declaration and as I engaged them they took angelic form and enhanced my own energy and agreement.

Four angels engaged me: Union, Covenant, Peacemaker and Family; and then there were three others: Truth Revealer, Truth Restorer and Truth Establisher.
They each transferred light energy to strengthen my own light and frequency.

As I engaged their energy and light I could see the areas of darkness that were their opposites in the earth and with their cooperation was able to release the light of truth into those specific areas, targeting the darkness of division with the light and truth of union.

I continued with each of the others, targeting Competition with Covenant, Warmongering and Conflict with Peacemaker and Tribalism with Family.
These areas of darkness are what the Luciferian control systems use to maintain their deceptions.

I then saw areas of great darkness which was the deception that is covering the earth, so in agreement I released the light of Truth Revealer, Truth Restorer and Truth Establisher into those areas of darkness.

I bombarded those areas of darkness with the light of mercy, love and truth; but I knew that this would require all the governmental groups to be in harmony and union to be effective.

In another restoration government encounter, I saw three angels, Limitless, Revelation and Breakthrough, form a three-stranded cord that became a ring of fire that opened a portal.

I went through the portal and saw many portals connected into Merkabah-like structures and each group was formed of different substances.

I now know this was out in the cosmos in the constellation of Cancer.

There were fire portals, water portals, cloud portals, earth portals, energy portals, plasma portals, portals seemingly made of living beings, others like angelic beings, light portals, sound portals, colour portals.

Some portals were like gold, others silver, some like different types of gem stones.
Some like liquid mercury and other metallic fluid-like materials and there were many others too difficult to describe.

I sensed something like a frequency or signal coming from them and as I engaged I was drawn to the centre of each group that seemed to have the most powerful signal.

Vision Destiny 2022 – Session Nine

As I looked in, I first felt then heard a cry for help but also an expectancy of hope; and as I looked more closely, there were many beings in each, gathering together in union, and it was their thoughts and desires I was tuning in to.

Son, there are many more who need the sons of God to come together in a union of heart, mind and purpose.

Do not stop releasing the frequencies and issuing the calls to Our children to come into union and oneness with Our intention.

8th March 2021

Son, it is not time to hold back: do not be afraid, be bold and courageous to reveal the truth as there will be much opposition from those still programmed to believe what they have been taught.

Most people do not think for themselves or question what they have been taught because it is easier to accept everything as it is.

If a lie is told often enough and repeated by enough people it will usually be accepted as the truth by the majority.

Son, I have not called you to go with the majority but to be a pioneer, no matter where that takes you or how many people go with you.

Many will oppose you but keep your focus and persevere.

A lie is a lie, no matter how many people say it is the truth; and even if it is written in the history books that does not automatically make it true.

The light of truth and love will reveal the truth that will eventually expose those lies.

Sometimes you have to walk a lonely path to get to the destination and find the truth; and that path is usually not popular with those who want to play it safe or maintain the status quo.

Son, you do not have to defend yourself or explain yourself to those who are offended by the truth for whatever reason.

Always remain respectful and honouring to those who disagree or are offended.

The great deception is designed to keep as many of Our children as possible believing lies as truth and living in a delusion that keeps them from their true identity as sons of God.

Those behind keeping the truth hidden and keeping the lies from being exposed control the world systems of commerce, media, economics, science, and politics; and they control the narratives that most people believe through the global media.

The Luciferian agenda behind the religious and political spirit facade desires to keep Our children living in darkness that is maintained by division, competition, conflict and tribalism through a survivalist mentality.

The same spirit that is behind denominationalism is behind nationalism and every form of empire, supremacy, discrimination, sectarianism, prejudice, racism, strife and enmity that keeps Our children from true union with each other.

Vision Destiny 2022 – Session Nine

True union can only be found by those who are at one within Us and so discover their true family is everyone, no matter what ethnicity, colour, political allegiance, background or history.

We have called all Our children to be one as We are one; and any division or separation or false unity based on anything at all is a deception that is sourced from the independent knowledge of the wrong tree.

We desire every family (who are in reality all one family) to be blessed so they are not taken advantage of by anyone or needing to take advantage of anyone.
Covenant is about mutual blessing, not exploitation.

Poverty is a curse orchestrated by those who control the financial systems but the economy of the kingdom is based on jubilee and that is based on blessing and well-being for all.

Capitalism makes winners and losers and Communism makes slaves to the system that provides for them; but in the kingdom, wealth is based on the fact that everyone is equally worthy and has the same intrinsic value.

Our desire is that everyone is blessed so that all of Our children are empowered to prosper and succeed in fulfilling their destiny in union with Us, each other and creation.

The deception that divides by creating competition and conflict has devalued everything by making productivity the measure of worth.

All Our children were created with a birthright and an inheritance within creation and working for or being a slave to someone was never Our intention.

All economic systems and ideologies are based on a flawed logic that is materialistic at heart and drives people to possess at the expense of others.

All kingdom government is based on covenant, which is always peaceful and mutually beneficial as it is respectful of difference and celebrates diversity within the whole.

It is vital to honour your diversity by placing equal value on all Our children's unique abilities just as all parts of the body are equally necessary for healthy living.

Any system that values someone or something above another is sourced from the lies of independent knowledge.

This utopian paradise was Our original intention and now most of Our children cannot even imagine that such a thing is even possible.

Son, the restoration of all things will transform and change everything that exists that has its source in the deception of the tree of independence.

The glory and true identity of Our children can only be found in restored union with Us and each other; and only then can creation be set free from its bondage into that glorious liberty.

Son, while the narrative is controlled by the global control systems Our children will remain in the darkness of deception, so the light must shine to create a narrative of truth.

Vision Destiny 2022 – Session Nine

Whatever you reveal in the light, some will call conspiracy, to keep the truth veiled in darkness; but some will resonate with the truth in their hearts even though their minds will be confused.

The greater the intensity of the light, the deeper the truth can penetrate the darkness that keeps Our children deceived.

Truth must be spoken and revealed in love, or it will create even more conflict.

Son, the deception goes back to the first “I will” statement of independence and many were deceived by it long before mankind was deceived; so restoration must go back to that point of departure from union and inclusion within Us.

I am that I am is not a declaration of independence but of union; as I am is in reality We are, and you are one.

One family that includes all that We created is the initial goal of restoration and, once accomplished, there will only be limitlessness.

Son, limitlessness is only possible when all know they are unconditionally loved and included; then no one will need to compete or compare themselves to anyone else, as they will know who they are within the union of oneness.

9th March 2021

Son, come and walk with Me.

We began in the Father's garden, which was beautiful beyond description, alive with joyous wonder, and I felt a sense of innocence and purity.

It was like everything was new and fresh, and all life was celebrating my presence just as much as the Father's presence.

I was filled with overwhelming joy, which is such an inadequate description for what I was really feeling but there are no words for it.

Son, there are new mercies every day, as every day is a new beginning with excitement and innocent expectation; so live as if yesterday is forgotten and tomorrow never thought of.

Lam 3:22 The Lord's acts of mercy indeed do not end, for His compassions do not fail. 23 They are new every morning; great is Your faithfulness.

Mercy is designed to reset every day so it is like the first day; so that everything can be enjoyed over and over again, wisdom is retained and innocence is not lost.

Mercy is designed to make all of creation as it was in the beginning: childlike, innocent, filled with possibility and enthusiasm.

Mercy is designed to restore and reset every relationship to union and untainted oneness, filled with the joy of life.

Following the path of the tree of the knowledge of good and evil caused the retaining of knowledge of yesterday and all its associated trauma, which has resulted in the consequences of disease and aging.

Vision Destiny 2022 – Session Nine

When each day was fresh with mercy and limitless grace, with no negative memory, there was no aging and everything was perfect.

Without yesterday or tomorrow there is only the purity and innocence of being.

The simplicity of innocence was lost, and along with it mankind's true identity, as the work of retaining independent knowledge became the goal of life instead of joyous enjoyment.

Son, what you felt in Our garden was how creation was designed to be; where every innocent dawn had wisdom, understanding and maturity being retained but any independent knowledge forgotten.

Fresh mercies every day, restored innocence, and life was filled with joyous, creative discovery and wonder.

Life was about the purity of being, not the striving of doing and accomplishing.

There was re-creation every day, just as you have seen and felt in Our garden where there is no limitation, where every moment is all moments.

Fresh mercies every day is like an artist with a new canvas, new colours, new brushes; filled with creative possibilities, not tainted or negatively influenced by yesterday and with no need for thoughts of tomorrow.

Son, I know you cannot truly imagine what We are showing you as memory of knowledge is all you have known; but go deeper into the spirit and you will find the eternal now of being.

I tried to search for that experience in the memory of my pre-existent spirit but I soon realised that I was thinking in terms of memory and knowledge so I felt stuck.

So I rested from my works and began to sink deeper. At first I resisted, panicked at the thought of being lost without knowledge, but I soon abandoned myself, letting go of everything I knew.

I lost the fear of not knowing and returned to rest in being; and for the first time I had no thoughts, I just was in that moment of blissful innocence.

I cannot possibly explain what I experienced in any terms that would be intelligible but that is the point: there was no knowing, just pure, blameless, innocent being.

If this was my perfected self as the Father had intended, then there was no 'vast sum of thoughts about me' that I had been seeking the knowledge of, just my being within His being.

There I felt one, whole within the desire of union's existence: no words, no thoughts, no works; just content, satisfied as I am within I am that I am.

Son, you have now felt what life is like without retained independent knowledge: do not try to realise innocence but just abandon yourself to be in new mercies every day until you are restored to a state where there is no yesterday or tomorrow.

Vision Destiny 2022 – Session Nine

10th March 2021

Son, Our mercy is triumphant over all judgment, all guilt, all shame and all condemnation from all sources.

Overwhelming unconditional love is expressed in limitless grace and triumphant mercy, which is fully realised for the whole of creation at the cross.

All legal rights for any opposition to the restoration of all things were removed as mercy was triumphant over judgment; and now, in reality, justice and mercy are synonymous terms from Our perspective.

Mercy was triumphant when all accusations against humanity were nailed to the cross and the light of mercy overcame the darkness of humanity's requirement for judgment, justice, sacrifice and death.

In that moment Our unconditional loving mercy reconciled the whole cosmos back into relationship and all possible accusations and judgments against it were nullified.

All of creation is viewed through the lens of mercy, therefore all creation will be restored; but much of creation is still under the delusion of being separated.

The whole of creation must be awakened to unconditional love, limitless grace and triumphant mercy, to come to the realisation of restoration and inclusion.

The consciousness of most of creation is still trapped in the deception of independence and self-condemnation so extremes of mercy must be demonstrated.

When mankind demands justice, We release mercy; so that the fires of judgment are in reality just the consuming fire of refining, purifying love.

I heard a sound with a rhythm and frequency that was faint and almost imperceptible and hardly discernible above the background noise of life but then it started to get louder by absorbing all other sound until the only sound that could be heard was mercy.

Son, mercy will overcome and be triumphant; it will leaven the whole of creation so it can rise above the darkness of deception and delusion to shine gloriously with the light of love and truth like the sun.

There will be no night where darkness overcomes the day, as the creative light of mercy will bring the perpetual glorious daylight of new beginnings.

Son, legislate for Our mercy to become revealed in the great love awakening so all self-imposed separation will be seen as the illusion and delusion it really is.

The earth shield is powering up, energised with the light of love and truth, becoming limitless in grace and mercy; but there needs to be a union that will focus the intentions of Our heart.

Light can be a flickering candle or a powerful searchlight but it needs to be focused into a laser-precise beam of mercy to be effective.

Our intention provides the focus but only the union of hearts and minds of Our sons can purposefully direct mercy to its intended targets.

Vision Destiny 2022 – Session Nine

The union of sonship required to free creation cannot be achieved while there is such opposition to the restoration of all things, fuelled by a false image of who We are, that limits unconditional love, limitless grace and triumphant mercy to humanistic, limited levels of understanding.

Call for the awakening of Our children who are free from the negative religious programming that believes the lie that judgment and justice are more powerful than mercy that many of Our sons are still deceived and conditioned by.

The next age awakening of the harvesters is coming nearer and the everlasting doors are being prepared for the greatest outpouring of mercy in the earth there has ever been outside of the cross.

The deluge of the flood of judgment will be in comparison like a trickle to the torrent of Our mercy that will be poured out from heaven into the earth by the sons of God in union.

I released the frequency of union and the blue light call to draw the sons of God away from their own limited theological and doctrinal understanding to embrace unconditional love, limitless grace and triumphant mercy.

Rest is the key to restoration, revelation and creativity.
Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.
Breathe in deeply the unconditional love of the Father.
Be still and feel loved.

Be still and know that I am God.
I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.
Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.
Start to think of an open heaven and set your desire upon engaging the Father's heart.
Engage the realm of light to experience the light of love and truth at deeper levels of being.
