I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

11th March 2021

During a restoration government ascension I re-engaged the fiery portal and I again saw the dimensional portals arranged like a Merkabah of portals each composed of different substances.

I felt the energy, a frequency like a homing beacon, coming from each group of portals; and looking in, I saw that there were beings representative of all manner of different dimensional realities.

I felt the overwhelming need to release mercy into the portals.

As I did, Nancy saw some very small beings coming through one of the portals; they were like midgits with transparent heads with arcing light filaments.

I saw them also and we attempted to communicate with them asking them who they were and what that wanted.

They revealed that they had been reaching out to me in my sleep and I began to release declarations of mercy over them.

They identified themselves as the guardians of Servi and they were at our service so we commissioned them to be carriers of mercy to the beings in the other dimensional portals.

Servi is the collective name for the portals of the constellation of Cancer.

They revealed that they engage through the constellation of Cancer which is characterised by humility and service.

The Father later revealed that each constellation is a hub for dimensional portals that are all different.

Son, you have experienced freely the power and depth of Our mercy and now have emissaries to take mercy to the dimensions to raise hope and expectation.

Use your mandate wisely to freely give what you have freely received to bring freedom and restoration dimensionally.

On another occasion I went back through the fiery portal again and I felt slightly overwhelmed with the task, so I began to think about how I would choose which portals to engage first.

I immediately felt a strong frequency drawing me to the water portal but also other frequencies coming from each of the portals.

I began to brood over each of the portals and the beings that existed in those dimensions and as I did I felt the desires of the Father's heart.

Vision Destiny 2022 – Session Ten

I engaged the matrix of light to interface with the intentions of the Father's heart where I saw possibilities before me so I chose the reality that I could engage all of the portals that I had felt drawing me.

I was greatly energised and I was able to expand the quantum moment to engage each portal in turn to release the frequency of triumphant mercy.

Each of the portals were connected like rings joined in a Merkabah-like formation and within each there were beings that looked very different but had a similar or connected frequency.

I engaged each type of portal and each connected portal of that substance – water, air, fire, earth, energy, colour, light, sound, crystal, metal etc. – in turn, where I was met by representatives and released the mercy of the intentions of the Father's heart.

I was filled with joyous wonder at the creativity expressed in each portal and each type of being within them.

The manifoldness of God's wisdom and creativity is just so amazing that I was and still am in awe.

They all had one thing in common, in spite of the amazing differences in form: they drew me to release mercy, as they all had emotive stories that were expressed as intense feelings rather than words but they moved me to feel deep compassion.

They all felt isolated and disconnected from home and from us as sons, only having the merest echo of a long-past memory of union left.

The triumphant mercy and limitless grace of a loving God had brought those memories to life and hope was instilled in them for restored union once again.

15th March 2021

Son, all Our children are constantly in Our thoughts and in Our heart; and Our desire for each is that they would come to realise that they have free access to us.

All have access to face to face relational intimacy but only those willing to abandon their own agendas will mature to the level of abiding in the light.

All Our children have been given the ability to choose which path they follow but We have placed the memory of their eternal identity within their hearts to eventually draw them home.

We do not directly intervene but are constantly creating the opportunities for them to see the light of the truth that works together to bring good.

The deception of the path of the tree of the knowledge of good and evil blinds Our children and obscures the path to the tree of life but it can never completely remove ability to choose life.

The narrative is constantly being rewritten to enable all Our children to choose to return home but We do not force anyone.

Our love never fails and never gives up and no one can escape it but the right to choose remains or else there could be no true intimacy.

There is a global and cosmic awakening to love that will enable many who are living in the darkness of deception to see the light if they would but take their eyes off themselves.
Most being awakened are outside the church and religious spheres.

The more of Our sons who live in the light of their identity within I am that I am, at rest from self, the greater the light of love and truth will shine and the more will be awakened.

The story of restoration is continually being written and more are becoming aware of its narrative each day.

The momentum is shifting and the frequency of hope is beginning to resonate with eternity within the hearts of creation.

The light of day is dawning and many are choosing to embrace the reality of union and oneness and reject the independence they have been deceived by.

As more of the sons of God discover the ability to brood in the Cradle of Life they will become the sound of many waters as oracles fulfilling their destiny to create a reality of union that is aligned to Our intention.

The Quantum Lumens are only activated by the sound of Our voice and only Our sons who are resonating with Our intention are recognised as oracles.

They are only called oracles when they speak what We are speaking.

The ability to be heard by the living light within the fabric of creation is reserved for those sons who abide in the matrix of light interfacing with Our intention.

Only those willing to abandon their own agendas and surrender to union and oneness will be able to abide in Our heart and mind and create the reality of Our intention.

Creation is longing and waiting for the revealing of mature sons who can speak as Our voice because they dwell in the oneness and union of being.

As I sat in my reclining sofa at rest, the sun began to stream into the room, illuminating and warming my face; and at that moment I felt the peace, beauty and wonder of creation and longed for its freedom like never before.

Son, remember this moment when things do not look like what you have felt and be inspired and never give up.

The facts of life must never be allowed to change the truth in your mind or you will succumb to doubt.

At that moment I thought of when the angel Gabriel came to visit Mary and shared such amazing thoughts of God and His love to a girl who virtually no one knew but the encounter changed her life forever.

He is speaking to you continually.

This is the end of an era; a new generation is introduced. “In many and various ways God spoke of old to our fathers through the prophets, but now, in the conclusion of the ages, God has spoken to us in sonship-language!”

Luke 1:28 Entering the house, he stood in front of her and greeted her with a most joyful salute! “Heavenly bliss, in its most bountiful extreme is yours! The extravagant favour of God [for mankind] infuses you with grace! The Lord is with you!”

Luke 1:30 The Messenger spoke to her and immediately re-assured her to have no fear - “God is head over heels in love with you! This is your moment to discover how favoured you have always been! 31 For behold, you will be mystically captured in your womb and conceive and bear a son. And you shall name him Jesus!”

Hebrews 1:1 God, after He spoke long ago to the fathers in the prophets in many portions and in many ways, 2 in these last days has spoken to us in His Son, whom He appointed heir of all things, through whom also He made the world. 3 And He is the radiance of His glory and the exact representation of His nature, and upholds all things by the word of His power. When He had made purification of sins, He sat down at the right hand of the Majesty on high,

Hebrews 1:1 Throughout ancient times God spoke in many fragments and glimpses of prophetic thought to our fathers. Now, this entire conversation has finally dawned in sonship. Suddenly what seemed to be an ancient language falls fresh and new like the dew on the tender grass! He is the sum total of every utterance of God. He is whom the prophets pointed to and we are his immediate audience!

Hebrews 1:2 In sonship, God declares the Incarnate Word to be the heir of all things. He is, after all, the author of the ages. We have our beginning and our being in him.

Hebrews 1:3 Jesus is the crescendo of God’s conversation; he gives context and content to the authentic thought. Everything that God had in mind for mankind is voiced in him. Jesus is God’s language. He is the radiant and flawless expression of the person and intent of God. He mirrors God’s character and exhibits his every attribute in human form.

Hebrews 1:3 He is the voice of God announcing our redeemed innocence. This voice is the dynamic that sustains the entire cosmos. He is the force of the universe upholding everything that exists as the executive authority of God, enthroned in the boundless measure of his majesty.

2 Cor 4:4 in whose case the god of this world has blinded the minds of the unbelieving so that they might not see the light of the gospel of the glory of Christ, who is the image of God 6 For God, who said, “Light shall shine out of darkness,” is the One who has shone in our hearts to give the Light of the knowledge of the glory of God in the face of Christ.

2 Cor 4:4 The survival and self-improvement programs of the religious systems of this world veil the minds of the unbelievers; exploiting their ignorance about their true origin and their redeemed innocence.

2 Cor 4:4 The veil of unbelief obstructs a person’s view and keeps them from seeing what the light of the gospel so clearly reveals: the glory of God is the image and likeness of our Maker redeemed in human form; this is what the gospel of Christ is all about.

Vision Destiny 2022 – Session Ten

2 Cor 4:6 The light source is founded in the same God who said, “Light, be!” And light shone out of darkness! He lit the lamp in our understanding so that we may clearly recognize the features of his likeness in the face of Jesus Christ reflected within us.

16th March 2021

Son, come fly with Me.

I knew the familiar voice of the Spirit and I willingly and excitedly accepted the invitation as I knew that this would be an adventure.

We began to fly through the solar system, slowing enough as we passed by the planets that I could feel the frequency that they were emitting.

I sensed that there were beings there but I did not see them.

I felt their unfulfilled purpose and a sadness that I had never contemplated before but they need to be restored.

Yes, it is mankind's responsibility to bring restoration to creation. That begins with sentient beings and as the earth is being restored there is also so much more.

There are guardians for each system that will help you when you learn to engage them.

We are going to engage the constellations and the dimensional portals that connect beyond the physical realms.

I remembered previous experiences that I had with the guardians and the specific encounters with the dimensional hub in the Pleiades region of space.

I also recalled the restoration government encounter with the constellation of Cancer accessed through the fiery portal.

Yes, that is right, you have been prepared for this journey; so now We wish to show you the extent and scope of Our desire for restoration.

We travelled at light speed through the constellations in an order that may be significant but I was too excited to notice.

We met the guardians of the constellations, who were large regal beings with an official air about them.

There was a plan for the portals that were at the core of each region and the guardians were key to engaging the hubs that connected to other dimensions.

There were some hubs that had no guardians around the portal.

In some of the constellations there were also angels who still governed, but others where I sensed (but did not see) a fallen being.

There are so many regions of space within each constellation but there seemed to be only one dimensional portal hub.

As we paused to observe the activity around each hub, some were occupied by different types of beings I wanted to engage but the Spirit said that this was a reconnaissance mission.

I did feel the frequency and energy of each hub and the draw of the portals that formed the Merkabah-like centres.

Vision Destiny 2022 – Session Ten

The enormity of the task hit me as I contemplated that each portal has multiple Merkabah within it but the cry for help that I had previously encountered from the beings inspired me.

Once we had visited all the constellations and their regions I had a galactic map of the portals in my mind.

We then went to a large council chamber where the representatives of the guardians were meeting and excitedly and noisily communicating with each other.

The Holy Spirit took centre stage and all came to attention and there was a hushed silence as I was introduced as one of the ambassadors of the sons of God.

The Father has a strategy for restoration that encompasses the sons of God and many will begin to come here for council.

The light of the hope of sonship is reaching the dimensions and desire is rising for freedom within but the nexus hubs must be restored first as they are coordinating the external interference that the earth is being shielded from.

I put all my experiences together and I saw the strategy that the Father is beginning to put in place: starting with the earth shield, but expanding beyond to incorporate the constellations. I believe there will be more shields for other spheres than the earth.

I felt the importance and significance of the shift and transition of the ages that we are currently in and the opportunity it is giving us.

The instability of times of transition affords opportunity for great restorational changes to take place but there has to be sonship and a union of government in place.

Son, you are mandated along with others to mobilise and organise those who are beginning to sense the call of the frequencies from beyond into a functioning government.

Everything must be according to its order and the earth is the first fruits but preparations must begin now for the restoration of all things in the dimensions beyond.

17th March 2021

Son, Our love is never-ending and cannot fail, no one can ever be separated from Our love other than in the futility of their own minds.

Separation from Us is an illusion that comes from the choice to be independent but it is not the reality as We are always at work to bring good to all of creation.

That is the nature of unconditional love: it is limitless in grace and overflowing with triumphant mercy towards everything that We have created.

Everything was predestined to be restored even before it was created because of the offering of life that was made that became the foundation stone of creation itself.

Son, a loving God could do nothing other than ensure the eternal security of all created things and yet still be able to give all the ability to choose.

The restoration of mankind from the separation of humanity back to face to face innocence has always been integral and central to the fulfilment of the restoration of all other created things.

Our nature would not allow anything to be able to thwart Our desire and intention that Our creation would exist in harmonious union.

Not even creation itself has the power to overcome love as love is Our essence and We are within all things and all things exists within Us.

Therefore love is within all things and all things exist within love and can never be separated from it.

The oracles of Our lovingkindness guarantee restoration because Our passion, burning desire, intense joy, deep compassion and commitment to union and blessing mean love is eventually overwhelming.

The light of love powers creation and will hold it all together until harmonious union is restored once again and Our original intention is fulfilled.

The revealing of love's light and truth in and through Our sons will set creation free from its bondage to corruption into the freedom of the glory that Our children live in.

When Our children are in bondage creation is in bondage so the glorious freedom of all humanity is the initial phase of restoration but all of creation is the inevitable conclusion.

Son, as Our sons begin to manifest Our passion for everything that We have created to be restored in love then the frequency of love's light will bring the hope of restoration to all things.

Only when hope makes restoration a possibility for all things can that reality begin to manifest; therefore only love's light shining brightly can create such hope.

Without love's light there is no hope and without hope there is only the despair of lost identity in the deception of independence.

I began to brood in the Cradle of Life until I began to resonate with the sound of His voice.

I heard the declarations resonate.

Let the minds of the children of God be enlightened and renewed with love's light and truth to awaken their consciousness to Our true essence, nature and character and to their true identity as sons.

Let the sons of God arise to shine love's light and truth into the deep darkness that covers the earth in the deception of independence.

Let the light frequency of the earth be raised to penetrate the darkness of the dimensions that are in bondage to deception.

Let love's light and truth create such hope for the restoration of all things within all of creation that it raises its frequency to excite the Quantum Lumens to form restoration reality.

Let the truth of a God who is pure unconditional love arise and let all His enemies be restored to a face to face relationship of innocence.

Let God's loving, smiling countenance, compassion, favour and blessing overwhelm all of creation in limitless grace, triumphant mercy and unconditional love.

Numbers 6:24 “The Lord bless you, and keep you; 25 The Lord make His face shine on you, and be gracious to you; 26 The Lord lift up His countenance on you, and give you peace.”

As priests after the order of Melchizedek we are responsible for proclaiming the new covenant fulfilled blessing over all of creation.

Colossians 1:15 He is the image of the invisible God, the firstborn of all creation. 16 For by Him all things were created, both in the heavens and on earth, visible and invisible, whether thrones or dominions or rulers or authorities – all things have been created through Him and for Him. 17 He is before all things, and in Him all things hold together. 18 He is also head of the body, the church; and He is the beginning, the firstborn from the dead, so that He Himself will come to have first place in everything.

Colossians 1:19 For it was the Father’s good pleasure for all the fullness to dwell in Him, 20 and through Him to reconcile all things to Himself, having made peace through the blood of His cross; through Him, I say, whether things on earth or things in heaven. 21 And although you were formerly alienated and hostile in mind, engaged in evil deeds, 22 yet He has now reconciled you in His fleshly body through death, in order to present you before Him holy and blameless and beyond reproach

Colossians 1:23 if indeed you continue in the faith, firmly established and steadfast, and not moved away from the hope of the gospel that you have heard, which was proclaimed in all creation under heaven, and of which I, Paul, was made a minister.

Col 1:16 In him were all things created! Everything that is, begins in him whether in the heavenly realm or upon the earth, visible or invisible, every order of justice and every level of authority, be it kingdoms or governments, principalities or jurisdictions; all things were created by him and for him. 17 He is the initiator of all things, therefore everything finds its relevance and its true pattern only in him.

Col 1:18-19: The Ekklesia [church] is the visible expression [body] of which Jesus is the head. He is the principle rank of authority who leads the triumphant procession of our new birth out of the region of the dead. His pre-eminent rank is beyond threat. (“ ... leading the resurrection parade”

Col 1:20 He initiated the reconciliation of all things to himself. Through the blood of the cross God restored the original harmony. His reign of peace now extends to every visible thing upon the earth as well as those invisible things which are in the heavenly realm.

Col 1:21 Your indifferent mindset alienated you from God into a lifestyle of annoyances, hardships, and labours. Yet he has now fully reconciled and restored you to your original design.

Col 1:22 He accomplished this in dying our death in a human body; he fully represented us in order to fully present us again in blameless innocence, face-to-face with God; with no sense of guilt, suspicion, regret, or accusation; all charges against us are officially cancelled.

Vision Destiny 2022 – Session Ten

Col 1:23 Remain under the influence of what your faith knows to be true about you, firmly consolidated in the foundation of your belief so that nothing can distract you from the expectation of the Gospel; a hope that is consistent with what you have heard.

Col 1:23 Just as I, Paul, am in the ministry to proclaim the one and only message that rings true with resonance in all of creation under heaven. (The dimension of the invisible spiritual realm. “You stay grounded and steady in that bond of trust, constantly tuned in to the Message, careful not to be distracted or diverted. There is no other Message – just this one. Every creature under heaven gets this same Message. I, Paul, am a messenger of this Message.”
- The Message.)

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father’s heart.

Engage the realm of light to experience the light of love and truth at deeper levels of being.
