

Vision Destiny 2022 – Session Twelve

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

25th March 2021

Son, Perichoresis is a union of oneness where hearts, minds and purpose are 100% synchronised in love, with no individual agendas; but We do have personalities and roles.

A body is in union and moves as one, even though it is made up of many individual parts; and so it must be with the mind.

All who are in union, though they are part of the body of Christ, must have the mind of Christ, with one intention and no individual agendas.

That is corporate worship: all surrendered to obeisance of heart, mind and purpose focused on the intention of the Father's heart.

Son, when you look at a group of sons that might seem impossible but remember there is nothing that is impossible for Us.

Bringing the sons of God to a joint consciousness is only something We can do; but We did that with the early church, who gathered waiting for what was promised, and We will do it again.

When hearts are turned towards Us, We will unify the minds into the union and oneness that is required to create a new reality.

When the hearts of Our sons know the passion of Our heart for restoration and resonate, they will have one desire above all others.

Resonance will produce a union, as the desires of Our heart and the thoughts of Our mind become the one voice with which Our sons speak.

When Our sons speak with one voice it will be like the sound of many waters that the light of creation will respond to, to form reality.

Son, there are many things that hinder Our sons being in union that need to be addressed; but the root of all obstacles is fear and all fear is the result of not knowing unconditional love.

Fear is the ultimate deception, as in reality everything exists within unconditional love within Us, but the illusion of separation creates fear.

Only perfect love, which is unconditional love, can remove all fear from the hearts and minds of Our children.

Vision Destiny 2022 – Session Twelve

Only face to face intimacy can reveal unconditional love because there can be no separation when looking into Our eyes.

Dwelling Face to face, Heart to heart and Mind to mind produces a state of enlightened consciousness that We desire all Our children to have by personal experience so they can be at rest and in union with Us, each other and creation.

Son, that is why We have placed the desire to return to the eternal state within the hearts of all Our children, so they will be drawn home and become the example all creation is longing for.

Son, even within the most fallen of beings there is a deep longing to return and that is what you connect with when seeking to restore them.

As the hearts of Our children begin to feel Our desire for restoration, the resonance created with agreement will begin to awaken all creation to a love consciousness.

As this is happening, the frequency of creation is rising and the energy for transformation is being generated by the light of love and truth; so limitless grace and triumphant mercy will be released to restore all things.

29th March 2021

Son, mankind must enter into a season of enlightened rest, awakened to love, to be able to bring that glorious freedom to creation.

To truly enter rest, following the path of the tree of independent knowledge must be abandoned; therefore there will be a series of events that will shake trust in global knowledge-based systems.

All the systems developed in independence will be challenged, so mankind can see the futility of independence and the striving for identity it creates.

Only enlightenment to the identity of sonship will free Our children from the striving that produces the evil of toil, labour and hardships in lost identity.

All Our children are living in the poverty of unrealised potential and unfulfilled intention, deceived into striving using the works-based self-effort of independence.

The great deception has kept mankind living in the darkness and futility of fear, trapped in a performance-oriented life of lost identity.

Only the light of love and truth, shining with limitless grace and triumphant mercy, can bring the enlightenment and awakening needed to free Our children from the prison of independent lost identity.

Only the glorious rising and shining of the sons of God, living in the knowledge of their true identity, can awaken the rest of Our children to unconditional love.

Love which is conditional on behaviour or a standard of performance is not love at all, but works; and it is the deception of trying to earn Our love and acceptance that is behind all religious effort.

Vision Destiny 2022 – Session Twelve

It is religious or humanistic effort to prove to be worthy: that is the manifestation of mankind's lost identity and the striving for self-respect, self-realisation and all self.

Only an awakening to the reconciliation and inclusion of unconditional love can bring freedom from the slavery of lost identity.

The great deception has trapped Our children in the belief that they are not acceptable to Us as they are, and therefore they strive to perform.

All religion has resulted from the fear of independence and makes a God in its own image who needs appeasing through works of sacrifice and offering to make people acceptable.

The god of religion is an angry, distant deity who can never be satisfied and is to be feared and regularly appeased by works of performance.

That is not who We are, as We are love; and even Our fire is for refining and purification.

Son, you know the freedom that unconditional love has brought you and how accepting that you are loved and are already worthy by birthright has revealed your sonship identity.

That enlightenment has brought you the rest of love, joy and peace so you can live loved, love living and live loving; and that is what all Our children crave but strive for.

Only as more of the sons of God live in the glorious freedom of their glorious identity and glorious position, shining in their glory, can the light of love and truth bring about the awakening of humanity from their futile lives of self.

The whole of creation is groaning, longing and waiting for the revealing of the glorious light of sonship and We will shake the very foundation of independence to reveal Our sons.

Prepare the Joshua generation to be shaken, for the great deception to be exposed, so they can be enlightened to unconditional love by the light of love and truth.

30th March 2021

Son, receive the mercy that so many in creation need, to triumph over a judgment that is not coming from heaven.

Heaven's judgment is clear: the whole of creation has been pronounced 'not guilty' and is innocent of all accusations brought from all sources.

From Our perspective, creation's innocence was agreed and guaranteed before the beginning, and therefore restoration is certain; but We do not operate independently of Our children.

We desire agreement and union of hearts and minds.

We desire relational union, agreement and cooperation with the desires and intentions of Our heart and We are constantly working to bring good out of every situation.

Restored harmony within all of creation is Our intention because We are passionate about all We have created.

The more Our sons receive and know Our mercy and unconditional love, the easier it will be for union and limitless grace to restore relationship between all creation.

Vision Destiny 2022 – Session Twelve

It is sons made in Our image who are responsible as coheirs with Us to establish Kingdom government and expand peace throughout the dimensions.

Creation needs demonstrations of triumphant mercy to awaken it to a conscious awareness of unconditional love, so all within it will be able to be set free.

I felt waves of mercy within the light, radiating from the Father's face, each wave going deeper into my being.

The more those waves kept coming, the more compassion and love I began to feel for creation and all that is within it, and the more mercy I was able to absorb.

Son, you must encourage Our sons to abide here as you do, so their capacity for unconditional love and mercy can increase.

I felt inspired with the intentions of the Father's heart, so I engaged the fiery portal within the constellation of Cancer and was drawn to the group of golden portals.

As I engaged the central portal that connected all the others within that group, I felt such a deep, almost overwhelming sense of loss.

I was drawn just within the event horizon, where I felt an even greater sense of what this dimension was suffering from.

In contrast to the external appearance of the portal being gold, within there was the total and complete opposite that: deep deprivation and poverty beyond my ability to express.

I felt such shame and loss that the original intention of God as creator has been so tarnished that there was nothing even shiny or reflective and everything was absorbed.

The light had no capacity to reflect, but that was just an external symptom of the shame that dominated this environment.

I released all the mercy I had absorbed; but this time, being still entangled with the mercy coming from the Father's face, I became a conduit for mercy to triumphantly begin to overcome generations of shame.

Mercy continued to ripple out, wave after wave, until finally I felt my task had been accomplished; and then I saw a golden glow, as if the dawn was just about to break forth.

I felt such a relief as the weight of shame I empathised with was lifted and I was consciously back with the Father.

Son, Our sons are mandated to engage the dimensions as you have done but they must be able to absorb Our mercy and have the capacity for unconditional love.

Humanity's understanding of judgment must be transformed by the truth of Our true essence so that righteousness and true justice, which is triumphant mercy, can overcome the deception.

Vision Destiny 2022 – Session Twelve

31st March 2021

Engaging with the Father face to face, I looked deeply into His eyes and wave after wave of mercy rolled over me once again.

As I absorbed that triumphant mercy, I became saturated, completely filled, until it felt like I had no more capacity.

Inspired by mercy, I engaged the earth shield.

The Father said, "Son you must abide in this state so you are not just a container of mercy but a conduit of Our triumphant mercy."

In the light of the earth shield, I began looking to release that mercy when Wisdom, Knowledge, Understanding and Prudence surrounded me; they blocked my sight into the earth so I had to feel, and at that moment I began to connect and empathise with the emotions of those who desperately needed mercy.

I felt the lostness, hopelessness, despair, loneliness of the marginalised, stigmatised, abused, and isolated, so I just released all the mercy I had absorbed, but mercy kept flowing from the Father's face in a steady inexhaustible supply.

I heard and felt the intention of the Father's heart that mercy must go beyond their children to creation itself that has just as much need.

The angelic beings around me blocked the eyes of my heart towards people and opened my heart towards creation, focusing my attention on how the earth felt.

To begin with I felt similar emotions like isolation and separation from sonship, but then I began to feel the effects of the abuse that the different parts of creation had suffered.

I began to sense the earth, air, sea, water, trees, plants, animals, birds and fish, and I became even more aware of their lostness, hopelessness, and despair over their treatment by humanity

Such sorrow about the pollution of land, sea and air: the asset stripping, extinction, deforestation, over-fishing, whaling, plasticising and becoming a rubbish dump for our refuse.

I felt so sad and so responsible that mankind as stewards had misused their position of authority, to abuse, dishonour and disrespect the planet, as humanity.

I immediately asked for forgiveness as a son of God on behalf of humanity for its callous treatment of creation, for its selfishness and self-centredness, indifference, dishonouring, disrespecting and abuse.

I felt such compassion and empathy that I became a channel for mercy to flow through me like a mighty river of justice into the earth, land, sea, air, core and crust as a conduit for the Father's love and compassion.

I knew that this was not enough, and humanity needs to wake up to the truth and become aware of its responsibility towards creation and be restored to harmony.

Vision Destiny 2022 – Session Twelve

Son, more of Our sons must desire to abide here to become conduits of Our unconditional love, limitless grace and triumphant mercy, to restore peace and harmony to creation.

Son, you have already experienced some of the dimensional disharmony and isolation from just two dimensions within one constellation: there is so much more to engage with.

Creation is groaning with pain and loss and is longing for the revealing of sons who will restore relationship and take responsibility for its freedom and harmony.

Humanity's independence from Us has also resulted in its independence and separation from creation. The consequence of lost identity is always separation and lost relationship.

Son, continue to be a channel for Our triumphant mercy, unconditional love and limitless grace by staying in rest, living loved, loving living and living loving, not just towards Our children but towards all of creation.

Feel Our heart's desire and passion for restoration and be motivated and inspired to persevere and never give up in your pursuit of fulfilling your destiny as a coheir and co-creator.

Son, wear the crown of mercy with honour and respect for creation by being clothed in the glorious light of your sonship.

1st April 2021

Son, great changes must take place to bring to an end the deception and influence of the control systems that originate from the tree of the knowledge of good and evil.

Our children are mostly oblivious to what influences and controls their minds and lives but an awakening is taking place and the light of truth is beginning to reveal the systems of slavery.

So many of Our children have lost the ability to discern along with their identity, and blindly follow the societal and culture norms they are conditioned by.

Some forerunners are beginning to question and challenge the norms; and protests are a sign that some are beginning to wake up to some truth.

Those who claim to follow Jesus but accept division, violence, conflict and tribalism are totally deceived and have been so programmed by religion and fear that they are willing to embrace war over peace.

The political spirit is rampant within the evangelical system and many of the so called prophetic movements are completely deceived into looking for political solutions and are not seeking first Our Kingdom.

The combination of the political and religious spirit is a powerful deceptive force that has hoodwinked so many into blindly believing and following lies and conspiracies.

The light of truth is going to expose the lack of the fruit of the Spirit operating within those systems and many will be shocked into examining what and who they are following.

Vision Destiny 2022 – Session Twelve

The theology, doctrines and leaders behind these movements are going to be scrutinised by the Spirit of Truth and weighed in the balances - and they will be found wanting.

The judgment of those systems will result in Our children waking up to the reality that they have been deceived; but there is no guilt, shame or condemnation, as justice and mercy always follows judgment.

Son, all the systems are being weighed and put on trial within the courts of heaven and the verdicts are releasing the mandates for the great shakings that are and will be taking place. These shakings are not for punishment, but redemption.

The light of love and truth is revealing the deceptions; and limitless grace and triumphant mercy are being poured out from heaven and through the earth shield into the earth.

The resultant global awakening of the consciousness of humanity will accelerate the process of restoration as more of Our children become aware of Our desires and intentions.

The great revealing of love will shake the religious systems characterised by dead works and many will be set free from the bondage to the law, duty and obligation that they are trapped in.

Son, the political and religious spirit has used the front of Talmudic and Christian Zionism to fulfil its agenda but their desired goal of one counterfeit new world order government is neither religious nor political.

The light of truth needs to be focused from the earth shield to shine on very specific targets so that they can be brought into the light and exposed as deception.

Your mandate gives you the authority to shine the light onto the deception of eschatology to reveal how it has deceived Our children into believing in the failure of the sonship mandate.

Others have different targets to focus on but the light of love and truth will shine so brightly that nothing will escape and remain hidden.

Everything that originated from the Luciferian rebellion that resulted in mankind's independence will be shaken and only that which is founded on the kingdom of righteousness, mercy and lovingkindness will remain.

The fiery truth of Our loving presence will consume everything before it like a wildfire of lovingkindness that will restore all things.

We are love, spirit, light and fire; and all will come to know us and be restored.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

Vision Destiny 2022 – Session Twelve

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at deeper levels of being.
