

Vision Destiny 2022 – Session Fourteen

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

20th April 2021

Son, come with Me, as I have something to show you that you need to know about.

We began to move through the constellations, beginning with the 12 known as the Mazzaroth.

In each one we stopped at dimensional portals where there were guardians stationed.

As we went beyond, to the other constellations, there were some portals that were not guarded.

I remembered that I had been to one of those unguarded portals in Pleides during a previous encounter; there had been a lot of interdimensional activity.

Son, all the dimensions accessible within the 12 constellations do not engage your realm unless everlasting doors are opened, such as the West gate.

Most activity between dimensions is coordinated by counterfeit councils and there are some portals that are currently active; but many are now being awakened and activated.

You have a mandate to engage the active portals as before; but you will need to cooperate with the angelic orders and guardians to protect those portals that are at risk of activation.

Son, whenever the ages are in transition, there is also increased opposition activity: that is why We have established the earth shield.

I began in a specific constellation that was activated and expanded the quantum moment to facilitate the process of restoration.

I engaged the light realm to discern the Father's heart, and brooded in the Cradle of Life until energised and resonating with the thoughts and intentions of the Father for that dimension.

Once I became a vibrating sound of many waters and an oracle, and the Quantum Lumens were activated within the Chamber of Creation, I was able to engage and overshadowed those at the event horizon with love's light for restoration.

The hope of mercy that was released was able to penetrate the dimensions beyond, before I moved on to the next constellation.

Each expanded moment was months of intense activity and there were times when I had to reenergise the gateways within my core being before attempting another process.

Vision Destiny 2022 – Session Fourteen

Son, continue to dwell in the light of Our presence and call on the angelic orders to engage the council before attempting to stop the occupation of other portals.

I called the four angels of transition to accompany me to the council: Transformation, Winds of Change, Sound of Many Waters and Refiners Fire.

The council was in session when I presented my mandate before them but they seemed to be aware as if I was not interrupting.

There was some debating of strategy before they finally stated their conclusion: more guardians need to be created to protect the vulnerable constellations.

They looked at me as if I knew what to do, but I had never created anything sentient before so I avoided their gaze.

Then I remembered the time in 2010 when Jesus created the horse by whittling wood and invited me to create something.

As I was very naive in 2010 I just thought about what I wanted to create, picturing it in mind, and then the beautifully-coloured bird appeared.

I shifted focus to the light realm as I thought this would be more complicated and I would need a mandate from the Father, not just a council edict.

Son, you now dwell here and within the Cradle of Life and know Our heart; so the process of creating is no more complicated, as you know the sequence that light responds to.

I was aware that the council was waiting so, surrounded by the four angels, I pictured many guardians in my mind and they just seemed to appear; but I was aware that there was a process behind this.

I heard the Father speak in my mind and I knew that there were limits to my creative mandate and others would also need to create.

Son, only choose the realities you know are Our intentions and help to mobilize others to become creatively activated.

The council assigned the newly-formed guardians to their constellational stations and I left, feeling somewhat bemused by the whole encounter.

Son, do not be overwhelmed by what you are being called to do: it is your destiny and that of all Our sons to be creatively responsible.

21st April 2021

Son, you can rest in the true knowledge of unconditional love, limitless grace and triumphant mercy so you can become all that was in Our desires and intentions for you.

The longer you spend in the light, the closer you will be able to come and the deeper intimacy you will be able to experience.

Abide, dwell, remain more and more conscious of this reality and it will transform you.

The truth is the truth but your understanding of the truth will become purer as all the programming of religion is refined by the consuming fire of love.

Vision Destiny 2022 – Session Fourteen

Theological doctrines that once defined who We were to you will continue to become meaningless in the light of love's truth that truly defines Our reality.

As you dwell in the light, the complex paradoxes of religion become ever more simplified as you learn to know by experience, not intellect.

Son, there is no doubt or fear in pure, unconditional love; just the light of truth that is being revealed as your consciousness is expanded.

The more simplified infiniteness becomes, the easier it becomes to know and accept the truth of sonship and know your true, unlimited and unrestricted identity and creative abilities.

Creating guardians was another step on your journey of discovering the creative reality of who you are and what you are capable of.

Creation is waiting, longing and groaning for the revealing of the creative glory of sonship so it can be set free and restored.

Romans 8:19 For the anxious longing of the creation waits eagerly for the revealing of the sons of God. 21 that the creation itself also will be set free from its slavery to corruption into the freedom of the glory of the children of God.

Son, now you know what is possible, you will receive more and greater creative mandates that are part of your progressive ascension to full and mature sonship.

Now that you know the process of creation and have personal testimony of your creative abilities you can rest and be, so you can just choose the creative reality.

As you have seen and experienced the process so many times now, the steps can merge into one choice. You can live in quantum moments that are all processes but feel like instantaneous creative choices of reality.

Son, never stop living in the reality of unconditional love, limitless grace and triumphant mercy, as that is the relational foundation of all creative choice.

Without unconditional, loving relationships that express lovingkindness, everything is futile, pointless and meaningless.

Unconditional love defines true reality; everything else is a deception that must be exposed by the light of love and truth.

Son, you will learn to let go of your past knowledge and experience so that you can truly be creative and not just form variations of what already exists.

Continue to embrace the transformation and renewal of your mind and the expansion of your consciousness that has been catalysed by your fire stone experiences.

Each of the life-changing encounters you have experienced on the fire stones of ascension has greater depths of transformation that are ongoing in your life, so continue to embrace them.

Vision Destiny 2022 – Session Fourteen

The more whole you become in union and oneness, the more multifaceted you will discover you are and the more creative you will be.

So rest in unconditional love, limitless grace and triumphant mercy and you will be able to be in a state of living loved, loving living and living loving beyond your wildest imaginations.

22nd April 2021

During a restoration government ascension we ascended a helical DNA-type ladder and we engaged the tree of life where a sap-like substance was being released.

We also engaged a counterfeit council where some trafficking strategy was taking place and saw some beings who were acting like guards stopping victims from believing in the possibility of freedom.

We also engaged an infinity loop which is deceiving humanity into believing in the possibility of eternal life through religious works and self-effort.

Trapped in a cycle of the futility of dead works.

The truth of the ascension of mankind through the Tree of Life was released like sap to free people from their lost identity and a cyclical existence that is going nowhere.

The sap from the Tree of Life was applied to bring freedom to those trapped by a form of AI; this substance was also applied to some beings that were guarding the AI control room.

The beings were engaged, forgiven and transformed into the guardians of dimensional portals that they were intended to be, and released to take up their positions in the constellations.

We felt that we had a mandate to create more guardians for unguarded dimensional portals, so one person simply created a variety of different-looking guardians and they were then commissioned.

One of those created guardians went to the constellation of Leo that has a kingship function. During the encounter I was functioning within the earth shield, releasing waves of creative energy to equip the group for creative and restorational abilities.

Son, the tree of life has many functions and purposes that can be used in the restoration process like the sap you experienced.

Keep seeking and you will keep finding, as there is so much more to discover about your identity as a son and your sonship governmental and creative abilities.

I engaged the helical ladder within the Tree of Life again and ascended through levels of mankind's intended maturity; each one had DNA transformations and consciousness expansions.

These stages were associated with the frequencies encountered on the fire stones that are also part of mankind's ascension and development to oneness.

Son, the oneness of intimacy that is within the Perichoresis of I am that I am is like a marriage consummation where two become one.

Vision Destiny 2022 – Session Fourteen

The deception of the tree of the knowledge of good and evil was the lie that We were withholding things back from Our children to stop them being like Us.

This is total twisting of the truth, as We created mankind in Our image to be godlike; but maturity in wisdom and character was always meant to be a relational journey of discovery.

The choice to try to be like Us independently created the DIY tree path of striving, through self-effort and dead works, to be who you always were.

Lost identity trapped mankind on an infinity loop that was a counterfeit of eternity that perpetuated the deception of 'I will ascend'.

The deception has created a cyclical pathway that looks like the covenant pathway where the end and the beginning meet for new beginnings with fresh mercy; but it is a trap.

The deceptive loop creates an illusion of progress but is in fact as futile as expecting a hamster to evolve by running around a wheel that is going nowhere.

Son, Our children need to be set free from this futile, evil existence of striving, toil, and labour that is an illusion and a delusion.

Only an awakening to unconditional love, limitless grace and triumphant mercy can free Our children to know their true identity as sons by freeing them from the controlling matrix they are trapped in.

Experiencing the truth of Our unconditional lovingkindness is the only thing that can expose the deception and free Our children from the trap of lost identity.

Only the intimacy of oneness within Us can reveal the true glory of sonship and elevate mankind to its intended position in relation to creation.

Only ascended, mature sons can free creation from its bondage to mankind's corruption into the harmony of oneness that We intend.

26th April 2021

Son, abide in the light of love and truth and be seated at rest in the knowledge of who We are, so that your full creative abilities can be activated.

Be enthroned on the highest throne in the realm of eternal possibilities and connect to the creative process you have learned.

In a quantum moment, see what are the possible consequences of all your choices, so you can prepare beforehand for good.

I remembered the scenes in the Avengers film where Dr Strange sees the possible outcomes and choices from all the possibilities.

Some possibilities require surrender, just as the lamb was slain before the foundation of the world to ensure that all creation would return to face to face innocence.

Vision Destiny 2022 – Session Fourteen

Yes, son, the truth is that creative responsibility requires the willingness of the creators to die for their creations; and unless that motive is behind every choice, then the maturity necessary is not demonstrated.

Unconditional love requires the willingness for self-sacrifice or it is not unconditional nor love. Ponder these things before you choose to dwell in the creative realm.

That revelation caused me to pause and brood, as the reality of creativity began to weigh heavily on my shoulders.

The thought that 'it is for the joy set before us that we would be willing to endure' flashed into my mind.

I reflected and meditated on the responsibility of creativity and I chose to continue the journey of restoration to perfection and embrace whatever is necessary to become all that the Father intended for me to be.

Son, you have chosen well and I see that you have wisely chosen not to expand this moment and that brings Us so much joy because you trust Us.

Trust is the greatest indicator of maturity and freedom from the tree of independence that so many of Our children are still addicted to.

The restoration of all things is like a rehabilitation program for creation to become free from its addiction to corruption.

The journey towards restoration is a challenging process of transformation but there is limitless grace and triumphant mercy in abundance at the dawn of every new day to ensure love will bring good out of every choice.

Son, mercy always triumphs because judgment and justice are acts of lovingkindness that are filled with limitless grace, motivated by unconditional love.

The glory of sonship is the unveiling of the light of this truth so creation itself can be set free to fulfil its destiny and full potential.

The foundation stone and first principle built into creation was the unconditional love of the creator, encapsulated by self-sacrifice.

That foundational act of love is what makes the restoration of all things inevitable; but it can never be imposed, only surrendered to through the willingness to be loved unconditionally.

The great deception makes accepting unconditional love so hard for those still enslaved and ensnared by its addictive seduction to dead works.

An awakening to unconditional love is the only thing that can free Our children from the deception and delusion that keeps them in their lost identity.

As Our sons learn to brood creatively and become the oracles of Our heart, the living light of the Quantum Lumens will begin to shape the reality of restoration.

Vision Destiny 2022 – Session Fourteen

I reflected on my own journey and began to overflow with gratitude and appreciation for such a wise and loving heavenly Father.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
