

Vision Destiny 2022 – Session Fifteen

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

27th April 2021

I engaged the Father's face in the light of love and truth and felt waves of light radiating with the essence of pure unconditional love, limitless grace and triumphant mercy.

As each wave of emotional essence impacted me, I felt the frequency resonate within; and I was in a state of total rest: completely at peace, satisfied and content to just be.

This expanded consciousness was being one spirit, joined to the Lord in the oneness of cardiognosis, having the same mind.

I felt connected, through the mind of Christ, with all creation and it was wonderful to feel and sense the desires and intentions of the Father's heart as if it was already a reality.

Son, it is already a reality, as We are I am that I am and there is nothing missing or broken in Our being, including Our intentions; but We can also live beyond the transcendence of the eternal now in every quantum moment of existence and fully embrace the reality of those moments with complete empathy.

You must learn to live also from transcendence in immanence; to feel the groaning of creation in its bondage, so you can be fully motivated to see the restoration of all things.

In that expanded state of being, you can be at rest within the chaos that is all around you but still be moved to act with lovingkindness and compassion.

Just as We were asleep in the boat while the storm raged, Our intention was to cross and, when engaged, immediately that intention was realised in spite of the fear and opposition.

Son, you can learn to live at rest, above the storms of the physical realm, seated in the realms of heaven; and yet not be indifferent to those suffering, by being moved with compassion for those situations and people.

For example, you can be at rest above the pandemic and yet still be able to be moved to act for those embroiled in the fear; to bring good, and legislate for Kingdom purposes and outcomes.

Son, remember We are within all things and all things are within Us as We are omnipresent, omniscient and omnipotent.

Vision Destiny 2022 – Session Fifteen

You are within Us and We are within you; so when you are heart to heart with Us, you are also connected to all things.

So you can connect and feel what We feel, see what We see and know what We know, if you stay connected, abiding in the light of love and truth.
Go deeper into the depths of Our being to fully discover your full potential.

In that fleeting moment I felt like I was connected with everything; my whole being within all things, from the smallest particles, the Quantum Lumens of creative light, to the largest stars and expanses of the cosmos.

I was there at the moment of inception and expansion of creation, within every particle that formed everything, and encapsulated in the pure joy of it all.

Totally content that all is as it should be and yet fully moved and inspired to ensure it is all restored to be as it is.

Son, you are beginning to know the glorious freedom of true sonship that all creation is longing to be restored back to.

There is a 'beyond restoration' if you will come deeper; but that is for another day, so just be at rest, in that state where transcendence and immanence converge.

Our sons were formed from the glory dust of creation to be that point of convergence, to connect all things with all things in all things.

That is why mankind is the subject of such attention from all the other realms and dimensions and why they seek to create hybrids to be like you.

That is why the great deception is being perpetrated: to keep Our children from their true identity and creative freedom.

Only Our fully restored children have the capacity to bring creation to its intended destination and destiny but they are being deceived so the truth of their identity is obscured.

The earth shield is a vital component of the great awakening that will expose the illusion and delusion of the great deception, both in protecting and uniting all created orders in the union of one mind.

28th April 2021

Son, for the conference, focus on the restoration of intimacy with Us and with creation that will lead to revealing Our sons' creative abilities.

Restored oneness and union, abiding in the light matrix of intentions, is the place of rest and revelation.

The creative process of brooding to incubate Our intention is to birth the reality of restoration.
You are mandated to engage with the dimensions, earth shield, portals and guardians council.

Son, your encounters with time must become widespread as Our children need to be the masters of time and not subject to it.

I encountered Time as a being many times during ascensions where there was a restoration of relationship.

Vision Destiny 2022 – Session Fifteen

Time spoke of changing our vocabulary towards it because it was for us and not against us and wished to cooperate.

We need to evaluate what we say about time; and think of the positive and remove the negative.

No longer saying things like:

I don't have enough time, time is running out, time is against us, the passage of time, it's all in the past, another day gone, getting older every day, and time is our enemy.

We need to be untethered from the restrictions of time and learn to cooperate with Time creatively.

Time can be expanded, contracted and suspended to stand still.

Each quantum moment of time can expand indefinitely.

Time wishes to be part of the restoration of what we call history so it can be restored, as Time is creative and collaborative.

We have access to all history by engaging through the eternal now.

Time gives insight and understanding of history.

Time desires a positive relationship with us that enables us to function fully as sons of God, where there is always enough time to do all that we are called and mandated to do.

Time wants to be our friend and not our enemy, so we never think about being too busy.

Son, it is important for Our children to change their whole relationship with Time and work together in union.

Son, We are giving opportunities to those who are seeking Us with sincere hearts to connect with the angelic realm orders more closely.

The collaboration and special relationships that are being developed with angelic partners are vital for Our sons to fulfil their destinies.

We have assembled the groupings that each person needs to fulfil their mandates and assignments and they are seeking you out.

Remember those groups that have encountered you and you will begin to see patterns emerge as there is no randomness.

Wisdom, Knowledge, Understanding and Prudence.

Union, Liberty, Limitless and Blessing.

Transformation, Winds of Change, Sound of Many Waters and Refiners Fire.

Union, Covenant, Peacemaker and Family.

Limitless, Revelation, Breakthrough.

Love, Joy and Peace.

Truth Revealer, Truth Restorer and Truth Establisher.

Love, Peace, Sound Mind.

Immortality, Knowledge, Intimacy.

Faith, Hope and Love.

Love, Power and a Sound Mind.

Grace, Mercy and Limitless.

Vision Destiny 2022 – Session Fifteen

Unity, Union and Blessing.
Time, Wealth and Health
Gold, Silver and Precious stones

I engaged them all, thanking them for their service and demonstrating my gratitude by honouring them with positive judgment in their favour.

I engaged with those who I have helped to be restored, thanking them, honouring them and judging them for their service.

Abundant Life, Deep Intimacy and Revealed Truth.
Destiny, Freedom and Harmony
The Punisher bench of three who were restored to Protectors.
Sikurt who was restored back to Truth.

Son, there are so many more, ready to cooperate and collaborate, who are already prepared and working behind the scenes.
Seek to engage them by opening your heart and desires to them so connections can be established but always maintain respect, honour and gratitude.

I went to the court of angels and chose to open my heart to them, exposing my destiny and offering friendship.

I honoured them for all they have done in my life in caretaking my throne, aligning the circle of the deep, protecting and keeping me safe, engineering connections and encounters.

I went through the canopy of angels over my throne, stopping in each realm to honour and thank them for their service and judging them with positive affirmations.

I opened my heart and became vulnerable by revealing my deepest desires, demonstrating a trust that I have only previously shown to the Father.

I went to the Chancellors' Court, Court of Scribes, Court of Kings and Court of Judges, and judged them with honour and gratitude.
I went to the High Chancellors' houses, the Guardians' council and the Ambassadors of the ages, and honoured them.

I went to the Guardians of our solar system and the constellations and honoured them for their service and thanked them.

I went to the Court of the Upright and thanked the cloud of witnesses for their faithfulness and service, and honoured them.

I went to the thrones of the earth to engage the Elementals and I honoured them and thanked them for their service, and opened up my heart and desires for creation's freedom to them.

Son, this day marks a transition into a new season of restoration that will be characterised by deeper union and relationship.

Vision Destiny 2022 – Session Fifteen

29th April 2021

Son, the light of love and truth is the place of rest that forms the matrix of Our intentions and connects Our desires and thoughts into action.

Love and truth make up the energy of the light that you see as you come face to face with Us. That light reveals your true identity and glorious essence within Us and We within you.

As you abide in the light, that living light energy changes your heart and your mind so you know how Our intentions align with your destiny.

The love essence contained in the light enables you to know how the truth should be applied differently to situations that you face.

The matrix of light gives form and substance to Our desires and intentions so they become understandable; but you still need wisdom and prudence for application.

Knowledge, wisdom, understanding and prudence form the window for the loving manifestation of Our desire and intentions into purposefulness.

You must learn to abide and focus, brooding in the Cradle of Life within Our heart; and becoming the resonant sound of many waters of Our voice, with the light matrix of Our thoughts and intentions, so that the Quantum Lumens in the Chamber of Creation form reality founded and based in pure love.

Son, this does not just have to be a progressive process, even within a quantum moment, but can also be a simultaneous state of being.

Abiding in Our desires, thoughts and intentions gives the living, loving energy to your voice, so that light responds creatively when you speak.

The glorious light of sonship is the ability to speak and direct creative love energy to form the reality of Our desires.

Son, We left so much for Our sons to continue to completion within creation, which is why there is no end to the increase of Our Kingdom government and peace.

Our desire is that creation will reflect the glory of sonship and fatherhood equally and seamlessly in loving union, oneness and harmony.

To enable Our children to mature to this glorious state of oneness, there must be a continuous expansion of consciousness to be able to contain the vast sum of Our thoughts about each one.

Each of Our children must mature to fully know and be their identity; but they must also learn to appreciate, value and honour each other in their own Perichoresis.

The mind of Christ is the corporate consciousness of sons in union and oneness in perfect agreement and is therefore an anointed creative mind.

The mind of Christ is all for one and one for all which is a borrowed phrase that aptly describes how union releases blessing.

Vision Destiny 2022 – Session Fifteen

There is such energy released when two minds become one, just like the concept of atomic fusion (which is creative and not destructive like atomic fission).

The power of union becomes exponential, so imagine all of Our children united in a glorious union of heart mind and purpose.

The great deception is seeking to counterfeit this desire with the aim to create a name that is motivated by “I” not We and has Lucifer as its light and object of worship.

The Luciferian agenda seeks to deceive all into making a name for themselves, but they are only really being enslaved into making a name for the false light bearer.

4th May 2021

Son, Our blessing is upon you and you are highly favoured; and no matter what others will seek to do, you can trust in Our goodness and faithfulness.

Do not fear what others will say, as Our grace and mercy will bring good out of every situation that others will judge you for.

You can trust in Our love, as it will never fail; it is genuine and unconditional towards you and all Our children and you could not escape it even if you tried.

Those still operating in a religious system with a religious mindset will judge you and place expectations on you that We do not.

The burden of religion is heavy, Our union is light and Our yoke is easy; so stay in rest and choose your reality of blessing.

We will not leave you or forsake you, as you are eternally Ours; as We are in you and you are in Us and We are one in a union of true love.

Son, you know Our love and We know that Our love is all you need; but if you wish, you can have physical love; but it can never compare and will never be unconditional.

Son, seek first Our Kingdom and everything you need will be added in abundance and overflow, as We desire to lavish Our love, joy, peace, grace and mercy upon you.

Focus on your destiny and mandates within Us, and prioritise what you know We have shown you, and let everything else go as it has no eternal value.

Son, the earth shield is getting stronger as more of Our children are awakening to their true identity and responsibility as sons, coheirs and co-creators.

The frequency of sonship is getting stronger and is being broadcast to all realms and dimensions, so many doors of opportunity are being opened for restoration.

The wheels within wheels are being aligned and the seasons are shifting and changing as the great awakening to love gathers pace.

The multidimensional reality designed for Our sons is being revealed as enlightenment and illumination of truth that will remove the restrictions and limitations that Our children have been in bondage to.

Vision Destiny 2022 – Session Fifteen

The freedom and glory of sonship, demonstrated through an expanded consciousness, will awaken and free creation from its bondage to decay.

Son, We feel your pain; but just like all the other betrayals that you have faced, it will subside as you choose to let it go.

We are here for you and We have the oil of joy to anoint you with, so that fresh mercies are always new when you do not live in the past.

For the joy set before you We know you have endured a less than ideal existence but We will honour you for your decision to forgo a soul mate to fulfil your destiny.

We designed you to be able to be single minded and focus and that has protected you from hurt as you have been able to shut out the distractions of life.

Greatness in destiny requires the willingness to sacrifice what others deem as basic requirements in life for a higher cause.

There are many who do not fit into your world's mould because We designed them to be different from what others call the norm.

Son, those who embrace their identity and refuse to fit into any manmade mould can change the world; but those who don't, maintain the status quo.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
