

## Vision Destiny 2022 – Session Eighteen

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

18th May 2021

I engaged my focus to the realm of light in perfection where I abide and I looked intently into the Father's face, drawing close to His heart.

I initially felt the intense emotions that He felt about me, which brought me comfort and security in a state of deep rest; but then the emotions just kept coming, widening the field to cover each aspect of creation one after another.

I felt the overwhelming love, limitless grace and triumphant mercy as waves of emotional desire and intention, directed towards creation for restored harmony within relationship.

I felt the Father's intent for humanity to become one family of mankind that are all blessed in union; and then I felt the Father's deep concern for the earth, in all its beauty and wonder.

Like concentric circles, waves of desire and intent rippled out to cover all created beings: angelic, dimensional, elementals, and others that I have no knowledge of, just the feelings towards them, whatever or whoever they are.

The ripples continued, energised by the deepest desire and intention for the restoration of all things, the solar system, galaxy, constellations; until the whole of creation would be restored, from the smallest string of living quantum light to the largest star.

I felt God's passion and love for creation's harmony and His intention for the union of all things to be bathed in His lovingkindness.

Son, your capacity to feel what We feel has increased to a level where Our desire and intentions are much clearer to you.

The motivation of your heart is beginning to resonate to such a level that the frequency of your intent is transforming you into an oracle, a voice that creation is responding to.

Son, We know what you are feeling right now, and you have felt Our compassion, so cast all your cares and burdens onto Us and live loving towards those who hurt you.

You have just experienced the deep emotions We feel towards you and creation, so you know that We know your pain: let Us care for you.

## Vision Destiny 2022 – Session Eighteen

As you seek first the kingdom, all that you need will be abundantly available to you; and you know you can trust Us, so do not be distracted from being.

Continue to choose the realities that are aligned to what you have just felt and patiently rest in Our loving care.

I felt safe and cocooned in a blanket of security that comforted me greatly and hope began to encourage me not to give up, but persevere.

Son, never give up on your hopes and dreams because you know We will never give up on you as We always desire the best for you, even when you do not know what that is yourself.

Son, We know you trust us, even when you go through the betrayal of others; just stay close and keep your heart aligned with Ours in the choice to forgive and bless.

I turned my heart towards those causing me pain and heartache and chose to bless them, wanting the best for them even if it is not the best for me.

Restoration government ascension engaging with Time

What does it take for the sons to take their places and positions?

We need to engage with the being of Time...

How do we engage with Time?

How does Time work for us and not against us?

Begin by honouring Time...

I honour you, Time, who I have actually treated more as an enemy and a scarcity.

I open my heart now to learn from Time, in the presence of the Father, in the presence of the Lord, so that I can see what my relationship SHOULD be with this being of Time and how to function WITH him in that relationship.

I honour you, Time, and thank you for desiring to partner with us...

Time is saying, "Time is not running out. You need to change your mindset and vocabulary towards that with me, so that we can partner for the restoration of history, for the incubation needed for the Restoration of All Things."

There are so many ways of talking about time, which are a dishonour and lack of trust.

Time wants to work WITH us, not FOR us.

We have connected Time with death and aging. We have tied our understanding of time to the passage of hours, days, years, and that it's gone and we have no access to it.

I ask forgiveness for using negative words and concepts of time, for using phrases that has disrespected and dishonoured time, making Time an enemy rather than a friend.

In Father's presence I engage with Time, seeking for a relationship which will be fruitful and fulfilling and will enable us to outwork and fulfil all that we need to do in restoration.

I ask that Time would teach us about time travelling so that we may repair the breaches of the past.

I repent of judging myself and others for wasting time. Father, thank You that You have given us all the time we need.

## Vision Destiny 2022 – Session Eighteen

I repent of thinking of sleep as an interrupter of my activities, rather than valuing sleep.  
We have been given light-emitting shoes to “walk forwards and backwards.”

We accept the invitation to partner with Time.

We honour that partnership, and we join together for the purposes and the intentions of God’s Kingdom, for the restoration with Time.

We declare: we have all the time that we need.

Time is NOT running out.

Time is our friend, not our enemy, and we cooperate in partnership with Time to facilitate the restoration of all the past that’s affecting the present and the future.

We renounce the separation of past, present and future (as if we are living in the present, rejecting the past and not thinking about the future) – we just see the whole thing as one, not limited or restricted by past, present or future.

We can just learn to be at rest, knowing that we have all that we need, all resources and access that Time gives us - it’s available to us to expand, to contract, to travel to instantly be connected to places.

In a sense the speed of light, which is a function of time, enables us to be anywhere and everywhere and live in a multi-dimensional way, unlimited by linear time.

We reject the concept of linear time in favour of engaging rich time, the Eternal Now perspective of time, that will not limit us or restrict us in any way in the fulfilment of the whole of the restoration of God’s purposes.

Daniel 2:20-22: “Blessed be the name of God forever and ever, for wisdom and might are His, and He changes the times and the seasons. He removes kings and raises up kings. He gives wisdom to the wise and knowledge to those who have understanding. He reveals deep and secret things. He knows what is in the darkness, and light dwells with him.”

Filaments of light coming from the being Time are connecting us instantaneously with other places, time, self, history.

These are quantum-entangled “wormholes” that are instantaneous connections for multidimensional engagement. We are not limited to our own time-space continuum and framework of time.

Time is basically releasing all of these things for us to follow and connect and engage with.

These are the pathways. These are the partnership opportunities that Time is releasing for us that’s connecting us with specific moments, past, present, future – all encapsulated so that there’s no limitation to our engagement.

But not just “time” but also dimensional reality as well. This is giving us access to those dimensions. Father is saying to us, it’s TIME now, because we’re ready. We weren’t ready before.

Our understanding is where it is in regards to time.

It’s time now to unlock some of the treasures of darkness.

I receive that, Father. I receive the treasures of darkness.

I agree and align myself with what You’ve decreed, that it’s time.

## Vision Destiny 2022 – Session Eighteen

Isaiah 45:3 “I will give you the treasures of darkness and hidden riches of secret places, that you may know that I, YHWH, call you by your name.”

I want to be friends with Time, and friends hang out together.

So Time, I would like to be your friend and hang out with you and learn from you how to redeem the time; without feeling guilty about it, or under undue pressure, but just to understand how time is available to us to make good use of.

We untether ourselves from our limitations concerning time. We untether ourselves from the time connected to aging and death.

We untether ourselves from where time has been connected to the passage of time in moments of time that we're disconnected from.

And we release to those who are trapped in time, feel time's running out, feel they're lost, drifting without purpose, aimless, directionless.

We release the frequency of hope. We release the light. We release the truth.

We release what we've experienced, that time would be redeemed. Their whole lives in relation to their destiny, their purpose which they may feel has been wasted or lost – we call for a redemption of their purpose and their destiny, freeing them from any time constraints or sense of lost opportunities and time.

We release it as a frequency of hope to inspire people to, again, partner with Time in a completely different way, that they will be free from the restrictions and limitations that they feel Time has placed on them but they've placed on themselves.

So they would have the fullness of the times, those things that the Lord releases in new seasons.

We call for new seasons of opportunity of change, of transformation to take place.

19th May 2021

Son, the history of humanity as written has been manipulated and influenced by the Luciferian agenda and is a history of the achievements of knowledge sourced from the DIY tree.

The history of mankind can be read in the books of the library of heaven and records the story of Our interactions with Our children and the stories of their individual lives.

The narrative of most history books has twisted the truth through the filters and perspective of Leviathan to be the record of 'I will' humanistic achievements.

The Luciferian agenda has been hidden deceptively to mask the political and religious spirits' interference in human history to obscure the truth behind layers of crafted lies.

In the distant past it was emperors and kings who had history recorded to paint them in a favourable light; but in more modern times it is the global cabals who control the finances, and the printing companies and media who control the narratives.

Corporations have replaced empires but the agenda for control, subjugation, division, competition, conflict and tribalism is the same.

## Vision Destiny 2022 – Session Eighteen

All humanistic political control systems are rooted in the tree of independence and are manipulated by the religious and political spirit for the goals of the Luciferian agenda.

The hijacking of history to hide the deception dresses up the Luciferian agenda in many ways to keep humanity deceived and enslaved to worship Lucifer, who is behind humanistic independent knowledge and achievements.

The truth that can be found in history are the acts of love, courage, compassion and selflessness that are recorded and reflect Our nature that is encoded within Our children.

Son, love wins and the awakening of love consciousness will also awaken humanity to the truth of mankind's history and destiny and that will expose the great deception.

As I was standing in the light of the Father's presence, I began to feel the unconditional love that is the very essence of God.

Love's light is the light of truth that has been covered in darkness to obscure the truth; but light will always overcome darkness in the end.

Darkness is only temporary, but light is eternal as it is who We are. Deep darkness may cover the earth but the glory of Our nature in mankind will arise and shine.

The glory of Our true identity will shine from Our children to reveal their sonship to creation and bring freedom from corruption and decay.

The history of humanity has been written to display humanistic achievements that glorify independence, but their glory is but a flickering candle in comparison with the glory of mankind's true destiny.

Son, all things will be restored and the glorious freedom of creation will once again be displayed in the harmonious union of all things.

The story of humanity's independence will be redeemed and mankind's glorious beginning and future will be what is remembered.

There will be a cosmic awakening of love consciousness that brings such enlightenment that all the hidden agendas of independence will fade into nothingness.

All of the history of creation will be restored, and there will be no memory of what is only a hiatus, as Our original intention is realised and fulfilled in the harmonious union of all things.

I saw all that was within the Father's heart in a glorious quantum moment and I rejoiced in wonder and awe.

I could not do anything but smile, contented and fully satisfied, as all is as it was always supposed to be.

24th May 2021

Son, trust Us by seeking first Our Kingdom and We will provide everything you need to fulfil your destiny. You know that you can trust Us because you know how much We unconditionally love you and Our love will never fail or give up.

## Vision Destiny 2022 – Session Eighteen

It is time for you to enter into a new season of life of rest as the shift that We have prepared you for fully comes to fruition

During the next three years, We desire that you focus your attention on deeper intimacy with Us and writing what We show you and less time on travelling or conferences.

You have been faithful in all that We have asked you to do, so the next part of your destiny is prepared to be much more spiritual and multidimensional and less physical.

We desire you to enter a very different dimension of rest, so you can enjoy the fruits of your labours during the next season of your life.

Son, what you are learning to do in the spiritual and multidimensional realms will become the focus of your being; so that although others will not be able to see what you are doing, they will be greatly benefitting.

We are drawing you away from a public life to focus on what is hidden and cannot be seen.

I was surrounded by a very bright light beyond anything I had previously experienced when abiding in the realm of light.

The light seemed to consist of rotating fields of energy that were moving around me and in me; and each field consisted of fluctuating emotions, knowledge and intentions; and these fields were in me as much as I was in them.

I could do nothing but be still and experience the different sensations that were moving through me and allow them to do what they were designed to do.

It felt like I was moving through different states of reality and existence and I became aware of Time's presence.

The rotation of these fields was like eddies of time, possibilities that were preparing me for the next seasons by giving me glimpses of potential possibilities by enlightening my consciousness.

To be truthful, I had no real idea of what I was experiencing; and although it was disorienting, it was still good, and I was still at rest in the midst of it all.

Perhaps one day I might understand, but for now I just choose to trust in my loving Father and in His lovingkindness.

Son, you have done well not to try and figure all this out; and that shows a new level of maturity, so continue to rest and be.

25th May 2021

Son, you know you are loved unconditionally - and that makes life worth living in spite of every negative situation that you face - but you have to choose to live loving.

Maintain a forgiving, soft heart towards everyone and everything so that you keep your integrity in the same way as We do towards all things.

Loving unconditionally is easy in theory for Our children but very difficult in practice; but just like it is for Us, forgiveness is the key.

## Vision Destiny 2022 – Session Eighteen

We hold nothing against anyone or anything to maintain Our integrity as We are love and We could not expect all Our children to forgive unconditionally if We did not do the same.

We cancelled all decrees and debts against creation when We paid the cost to redeem creation from its bondage to corruption and decay.

That is why all things will be restored, because all things are already reconciled back to Us; but it is still the responsibility of Our sons to increase Our government so that all things will be at peace and in harmony.

We hold the keys to death and separation and We have unlocked and opened the door for all to return home to the place of restored innocence within Our heart.

The resurrection broke and overcame the power death had over creation through independence, and the keys of death are in Our loving hands.

Son, this plan was put in place before the foundation of creation so that love would win over all things and Our original intention for peace and harmony would be guaranteed.

Our love is stronger than death and Our passion for creation is unstoppable and unconquerable, therefore love overcomes all things.

Our love is unconditional, Our grace is limitless and Our mercy is triumphant: there is nothing that can ultimately separate Us from creation, as it is in Our heart.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
