

## Vision Destiny 2022 – Session Twenty-One

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

- Realm of light
- Unconditional love, limitless grace and triumphant mercy.
- Exposing the great deception of the DIY tree path.
- Time, Union and cosmic dimensions.

14th June 2021

Son, it was for freedom that you have been set free, so do not be yoked to those who are not on the same journey and do not know how to love.

Do not become captive to a yoke of slavery.

To be unequally yoked to those who do not understand unconditional love will restrict you and hold you back; so let go, as you are not bound.

Do not bind yourself to those who do not love, as it will only bring frustration and disappointment; and that is not your destiny.

You have been faithful to those who have betrayed your trust and you have lived in a loving way, even when your love has not been reciprocated.

Living loved will bring you an abundance of joy and peace that is only to be found in Us, as We will never betray you or let you down as We are love.

We release you to be free from those who do not love; so do not allow anyone to put guilt, shame or condemnation on you, as We know you have gone the extra mile to be faithful and loyal.

Son, continue to seek first Our kingdom in Our righteousness and We will bless you abundantly with limitless grace and triumphant mercy.

Those that see love as something that they strive to receive rather than seek to give first will never be free to truly find love, as they are selfishly following the DIY tree path.

To be like Us is to love unconditionally, first, without conditions that require reciprocation: that is real love, and We know that mankind is incapable of love until their relationship with Us is restored.

When anyone knows unconditional love from Us, they will be empowered to love; but they have to choose to do so: it is not about feelings and emotions.

It is easy to love those that appear to love you but the choice to love has to be made when someone lets you down or causes you pain.

We love even those who see themselves as Our enemies or do not even believe in Us, as they are all Our children, but We do not force anyone to love Us.

## Vision Destiny 2022 – Session Twenty-One

If love is not freely given, without seeking reward, it is not love; so We wait for an opportunity to love Our children, when they need it most or deserve it the least, to reveal Our unconditionally loving nature to them.

Son, love wins but do not spend your life trying to love those who do not want to be in relationship with you: just choose to forgive them, bless them, and seek Us first.

We are able to be transcendent and immanent and patient because We are love; but We release you to let go of those who reject you and move on with a clear conscience and pure heart.

Love, honour and respect everyone but do not be unequally yoked and therefore restricted and limited. For those who are not willing to love you unconditionally, it is not necessary to go beyond the extra mile that you have already gone.

Never stop being open for reconciliation and restoration but do not be tied to those who do not want relationship, as that will tie you to the past.

Do not become hard-hearted or cynical: always have a soft heart but do not be tethered to false expectations.

Do not be controlled by others by setting desires and goals that are dependent on others for their fulfilment, as that will tether you to potential disappointment.

We cannot make anyone love – that has to be a choice that only they can make – but We never stop loving, as that is who We are.

Son, We know that you do not want to give up hope and you are free to hope: just do not let hope rob you of joy and peace in the present.

You are free from any obligation as you are no longer under the law to keep covenant vows when someone walks away from the covenant.

Son, live loved, love living and live loving in the fullness of Our lovingkindness and receive Our healing, as We will carry your grief and sorrow.

15th June 2021

Son, multidimensional living is intended to be the norm for all Our children but lost identity is causing so many to live inferior 'less than' kinds of lives.

An awakening to love will also be an awakening to the truth of sonship identity and restored position within the rest of I am, free from the striving of a life enslaved to the DIY tree.

The frequency of love is beginning to engage Our children who have become spiritually aware but those caught in the traps of religion need greater exposure to love to free them from their bondage to works.

The protection the earth shield is giving allows for a longer and greater exposure to love, as interference is diminished by the light of love and truth present within Our sons and the light beings who make up the shield.

## Vision Destiny 2022 – Session Twenty-One

The rising of the sons of God to their rightful position within the government of Our Kingdom is facilitating the awakening, as love becomes their experience and testimony.

As I pondered, bathed in the light of love and truth myself, face to face, heart to heart, I began to brood over those thoughts and intentions of the Father's heart in the Cradle of Life.

The greater love awakening consumed my whole being as I vibrated with the energy of that desire and envisioned that reality until it was birthed in me.

I became transformed into the voice and oracle of the love awakening, my whole being releasing the sound and light frequencies of love.

I felt in union with creation at a deeper level of oneness that was answering the call for restoration with love's light that was energised with intention.

I was passionate and burned with such desire that I felt like I was going to explode or combust with love, joy and peace.

Yet I was still at rest and everything was as it should be within the light.

I was acutely aware of being multidimensional at that moment, as if all of the heavenly realms and the eternal now was awash with a tangible hope for the restoration of all things.

Son, this is the level of desire all Our sons are journeying towards so that the enlightenment of all Our children will fully manifest and creation will rejoice.

Continue to issue the call to sonship and be persistent as your own frequency increases in intensity and the Quantum Lumens begin to form that reality.

Son, this process requires even greater levels of union and oneness of heart, mind and purpose between Our sons than there has been since the beginning.

Legislate for this union into one mind to overcome all the obstacles and barriers that exist because of the religious and political spirit infiltration, programming and indoctrination within Christianity as a religion.

Religion makes it more important to be right than to be one; and that situation can only be overcome with demonstrations of humility and unconditional love.

Overwhelming love can change any situation when there is agreement and union; but division and separation lead to competition and conflict over who is right, which develops into tribalism.

Son, be careful to not be divided over theology and fruitless arguments around doctrine: it is not a competition to see who is right.

It is better not to compete than to divide and be in conflict, as love does not compete, it gives freely and unconditionally.

Do not be drawn into fruitless debates over doctrines or ideologies: just love with honour and respect those who seek to be divisive.

## Vision Destiny 2022 – Session Twenty-One

Love is a choice that desires the best for others even if it means loss for yourself, so keep a soft heart by choosing to forgive and release everyone for anything and everything.

Love enables living in a higher dimension of reality: do not be dragged down to the lesser dimension of illusion.

Son, the more consciously aware you become of abiding in the realm of light, the greater you will be able to shine with love's light and truth.

You become like that which you behold; keep focused on Our face, heart and mind and you will reflect love's light without detraction or distortion.

16th June 2021

Son, the ROAT agenda is the full expression of Our heart for relationship with creation; and your passion is a reflection of Our passion and fiery desire that all that We have created is restored.

Does mankind have the same passion for all that they have created?

The answerer to that question will determine what happens in the end to what you know as demons, as they are the result of humanity's independence.

As Our children are awakened to the truth of who We are, then humanity will be restored to the mankind that was made in Our image as We intended.

As humanity begins to rediscover its identity, the global consciousness of the mind of Christ will begin to choose love over hate, forgiveness over revenge and retribution, grace over law, mercy over judgment,

union over division, covenant over competition, peace over conflict, family over tribalism; and then mankind will choose life over death and conservation and preservation over destruction and annihilation.

Love will overcome and mankind will truly reflect the fullness of Our image, essence, nature and character; and then all created sentient things can be restored.

We gave mankind the free will to choose and they chose independence; but when all the darkness is flooded with light and restored, then mankind will have to choose again.

When mankind has ascended to relational maturity, the choices made will not be independently made but will be made in union and oneness with Us: face to face, heart to heart and mind to mind.

Love is predestined to win and overcome all things and Our desire is that all that We have created will fully represent who We are within I am that I am.

When mankind has ascended to creative fatherhood, all will fully understand what it is to be a responsible parent who loves unconditionally.

The ROAT is only the end of the beginning of the journey: the story will continue to go beyond beyond.

28th June 2021

Son, the glory of sonship is being revealed to creation; but it is humanity that is slow to see it, as the deception of independence is still a darkness that is covering Our children.

## Vision Destiny 2022 – Session Twenty-One

The frequency of sonship within the earth shield is not only protecting the earth from external interferences but is penetrating the darkness on the earth and in the cosmos.

Son, continue to release the frequencies that are calling Our sons to their destinies by unveiling their identities.

The light of love and truth that is being absorbed by Our sons is beginning to illuminate creation with the hope of freedom.

The hope of freedom is stirring the memory of Our original intention and the oracles of Our heart are awakening global consciousness to the reality of Our true identity.

The darkness of the deception of the religious and political spirit agenda to twist and pervert who We are is being exposed so Our children can know Us as unconditional love.

The deception of religious dead works and humanistic political solutions to the problems creation is facing is being exposed as futility.

The futility of independence from Us is beginning to dawn on those deceived into following the DIY tree path and Our children are awakening and starting to throw off the shackles of religion and politics.

A new – yet, in reality, eternal – spirituality, based in pure love, is beginning to awaken Our children to return to Us in the light of truth.

Rest is the hallmark of true spirituality and futile dead works is the stain of religion; and many of Our children are beginning to seek the truth and freedom.

Rest from a performance-oriented lifestyle is the desire that is being awakened within Our children on a global scale.

Many who are awakened will begin to seek alternatives to what has been the norm.

This is a sign of awakening.

The light of love and truth is penetrating the darkness of deception and birthing a new spiritual awakening – but not through traditional Christian revivals.

Son, you know Jesus is the only door for Our children to enter in but We are not as precious about the name Jesus as evangelicals are.

Jesus has many names that are descriptive of Our character and nature.

It is not the name Jesus or Yeshua that is the door but the true eternal identity of love, truth and light that will bring a realisation of what salvation really is.

Many will discover love and truth in the light of Jesus without yet knowing the name Jesus or coming through Christianity but they will still be enlightened and know the truth.

Religion, of whatever type or description, will never be the door to enlightenment, as all religions are based on the works of independence to gain entrance.

Son, the door to Us has always been open but Our children have been deceived into believing they have to create their own door through some form of ritual or sacrifice.

## Vision Destiny 2022 – Session Twenty-One

The simplicity of entering through love's light into restored face to face innocence is being revealed and many are awakening to that reality.

The true hallmark of restored relationship with Us is the knowledge of unconditional love, limitless grace and triumphant mercy that expands conscious awareness of Our true essence, nature and character.

Son, rest in the eye of the storm and We will show you levels of unconditional love, limitless grace and triumphant mercy beyond anything that you could imagine or think.

We have the capacity for unconditional love that will destroy the bondage of the limitations of all religion with expressions of limitless grace and triumphant mercy.

Humanity's need for justice will be superseded by true justice, which was established before the foundation of the world when triumphant mercy was embedded in the foundation stone of creation.

That is why the covering is called the mercy seat and the eternal blood there is a reminder to creation of the hope of freedom that awaits it.

When the true sons of God who are awakened and shining brightly reveal love, creation will respond and enter into the freedom of the glory of sonship.

Son, as you rest in your true identity you are releasing the frequency of hope by just being: so stop trying to do, and just be.

29th June 2021

Son, come boldly to the throne of grace and cast all your cares on Us and rest by trusting Us to meet all your needs.

Do not try to meet your own needs, even though you may be very capable to do so in some areas, as this will take you down the path of the DIY tree.

That path is deceptive and always results in independence and eventual self-reliance, so let everything that you are carrying go.

So many of Our children, including many sons, are weary and burdened, living in stress and exhaustion because they do not know how to rest by fully trusting in Our faithfulness.

Seeking first Our Kingdom by prioritising intimacy and relationship will enable all Our sons to come to the place of rest where they know that they are loved unconditionally.

Creation is waiting to be restored back to the place of rest and union with the sons of God, free from its bondage to decay and corruption.

Son, come closer: draw nearer into union and oneness, as there are so many more levels of oneness beyond your wildest imaginations.

I drew closer until I was absorbed into love's embrace and immediately stopped being able to think, as my mind was emptied or disconnected.

## Vision Destiny 2022 – Session Twenty-One

I was floating on a sea of pure bliss, drifting, without the need to know where I was or where I was going: nothing mattered but being.

It felt like I was in an isolation tank but filled with light, not darkness; where I could feel but not think, so I just was.

Being within I am that I am was the only way I could describe that state of being, floating on an ocean of love, completely disconnected from the cares of life.

There was no thought, so no worries, complete *hakuna matata*; but all was as it was meant to be: living loved, with nothing else to distract me from bliss.

I was floating in blissful love, with no concept of time, so it could have been a minute or eternity, when that state of emotional being infiltrated my mind and all my thoughts were transformed by love until my mind and emotions were completely in sync and at rest.

Son, this is the state of oneness and union that all Our children were designed to live in and this is what can be restored so all of creation will be one and at rest.

This is the glory of sonship that creation is longing for; and now that you have a greater understanding of this state, you never have to leave, as your consciousness has been expanded once again.

I took several deep breaths of that atmosphere and I could feel the joy of union and oneness and could do nothing but rejoice and be glad not sad.

Son, anytime sadness tries to overwhelm you, just breathe deeply and rest in living loved; and you will be able to love living and live loving.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply the unconditional love of the Father.

Be still and feel loved.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth, I am limitless grace, I am triumphant mercy.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
