

## Vision Destiny 2022 – Session Twenty-Two

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

30th June 2021

Son, the foundations of the kingdom are being laid in the heavens, unseen by those who are earth-bound but not unfelt.

The deeper the preparations within Our sons and by Our sons for establishing Our Kingdom on earth as it is in heaven, the more effective this process will be.

There are those who, seeing what Our original intentions were, are making preparations for Embassies of Heaven on earth; but the real preparations are taking place in the councils and assemblies of heaven.

The restoration of the fallen ones, the strengthening of the Earth shield and protecting the cosmic dimensional portals are key parts of this preparation and are foundational to success.

Son, we are keeping most of the preparations hidden from view so those who are seeking to fulfil the Luciferian agenda will be unaware and vulnerable.

Most of the shakings of the world systems that are taking place are too small to be noticed, but they are the preparations for future seismic changes to take place.

The larger global shakings are designed to prepare Our children to shift their focus away from following the DIY tree path to accept and promote the great reset that is coming.

The great reset is designed to turn Our children away from humanism to focus on spirituality and, more specifically, love.

This will require both a slow process of undermining trust in the systems of globalism and an awakening of global consciousness to love.

As more of Our children stop trusting the DIY systems and begin to reject them, they will begin to turn away and look for alternatives.

This is when the light of love and truth must shine brightly through Our sons to draw Our children out of darkness to follow the light.

Great demonstrations of unconditional love, limitless grace and triumphant mercy will take place to challenge the religious and political spirit systems that promote judgment and justice based on retribution and vengeance.

The establishment of the earth shield and restoration government groups are in preparation for the leaven of the kingdom to infiltrate and spread through the DIY tree systems, weakening and undermining them with love, grace and mercy.

Son, We always work in the opposite spirit to those We are seeking to turn from darkness to light, as direct warfare through conflict always has the opposite result.

## Vision Destiny 2022 – Session Twenty-Two

Love and peace wins, not hatred and war; that is why restoration is at the heart of Our agenda and it will be the only way that everything can ultimately be as We intend.

Love wins: so live loved, love living and live loving; and the frequency of love that Our sons resonate with and live in will awaken creation.

This is becoming evident in the revealing of the elementals and the beings that represent creation, including the guardians, engaging more actively with mature sons.

Son, expect more evidence and interaction cosmically as creation continues to awaken from its state of bondage.

The earth and the components of nature will communicate more overtly.

The light and sound frequencies of love, hope, grace and mercy that Our sons are beginning to be is causing the awakening and this will continue to increase.

The enlightenment of Our sons is awakening the deep memories of ancient oneness that were present in the beginning and stirring hunger and desire within creation for freedom and restoration.

Time is your partner and critical for this awakening of lost identity, both for Our children and creation, as eternity is hidden within the hearts of all Our children and within the fabric of the space-time continuum.

Son, in spite of the personal challenges you are facing, stay focused by living in lovingkindness and trust Us to bring good out of the hurt and pain of betrayal and rejection.

1st July 2021

Restoration government ascension: we were led by Pleiadia, a being, to double golden gates that were inscribed with historical events.

The gates were opened and we were given access to the ancient pathway of wisdom.

As we were travelling down this path of wisdom, around about us were many wonderful, brightly coloured notes, lining the hallway of a building that we entered.

We entered a round room, and over the top of us there was a beautifully constructed dome-like ceiling that had what looked like hand painted images, but right in the middle of it there was glass in 12 sections.

We were also standing on a round translucent floor divided into 12 different sections reflecting what was above.

The glass that was in the round centre part of the domed ceiling began to spin and open up like the iris of a camera.

Many angelic beings were peering down to see what our response was going to be.

There was a huge multi-dimensional shaft of brilliant blue light, and as we stepped into the shaft we were carried up through the ceiling.

A golden vortex appeared and we stepped in where 12 lights were coming in from our right and 12 lights were coming in from our left.

## Vision Destiny 2022 – Session Twenty-Two

They came together and joined in a circle and they began to rotate around us in a clockwise fashion.

The Lord said that we have now been joined to the 24 elders. They were rotating around us, beginning to spin very quickly.

They spun so fast that their lights were moving together until it looked almost like a solid line.

I feel like it is connected to Isaiah's scroll, as the moment we started to engage, I started to see how those scriptures in Isaiah, that I've always just interpreted as relating to the earth, are heavenly as well.

So it says that your sons will come from afar, the son shouted for joy at the creation of the earth. So they're coming from the fires as kings will come; the brightness of your rising will raise the brightness and the kings of the elders; your sons will come from afar; and nations will come to the brightness of your rising, which is cosmic in nature.

You will repair the desolation of generations; you'll be called repairer of the breach: repair what is devastated. And I was seeing a tube with words on it locked in.

I think it was not just words but it looked like technology.

I think I felt in the ascension when we were rising it was connected to when Isaiah says "Arise and shine, your light has come and the glory of the Lord has come over you."

The kings and sons are also from other dimensions and they are going to be drawn to the brightness of the rising of the sons of God

The brightness of your rising is connected to the formation of the government of God.

We honoured the elders and we embrace the elders.

The Lord has given me a word for a number of years that the elders are vital to complete the body. We honour the elders; we honour the funnel of light, the glorious light seen upon us.

We call the sons from afar.

We just honour those 24 elders and we thank You, Lord, that You brought them to impart to us something from the ancient path of wisdom. Thank You, Lord.

Wow, we just open up our hearts now to receive that which is being imparted by the ancient path of wisdom.

I feel like there is almost a crown coming upon us, the crown of government: an expansive, corporate crown.

Thank you Father for the crown of light, the crown of government and the formation of the crown.

We embrace the elders and the sons.

We thank you for the frequency of the blood, which is light.

Since we started to engage I felt like the blood frequency – yes it was blood – was just bursting out of us in this encounter.

There is a frequency and a sound that is coming out of us into the cosmos, into the heavens, into the heaven of heavens, which is speaking; and it is almost like a beacon of light.

## Vision Destiny 2022 – Session Twenty-Two

We open our hearts now to receive the maximum; the maximum that can be imparted from the 24 elders from the blood of Your way.

We are opening up our hearts, now fill us, Lord.

I feel like a fire in my chest right now. Thank You for the burning flame.

Thank You for the formation of a fuller expression of government into the cosmos, into the galaxies.

We bring ourselves now into agreement with the heart of the 24 elders: we open up our hearts; we throw open the doors of our heart.

We ask You to make impartation from the ancient pathways.

And I'm seeing the Lord gathering many stones from creation, the cosmos, to form in this beautiful structure; and it is reminding me of how the high priests had stones on them; and knowledge is coming back to us, cosmological knowledge, multi-dimensional knowledge.

Knowledge of the past, present and future: who was, and is, and is to come.

I feel like the Lord is uploading into our DNA the truth, which is setting us free and creation free.

So, Father, I thank You that You are the wisdom that builds the house, the knowledge that fills the house.

We receive now knowledge. Multiple strands of knowledge, into our DNA.

Hyper-dimensional quantum knowledge, time and space knowledge, eternity knowledge.

Wave sound energy frequency vibration, that we are built with precious stones.

Thank you, Lord, for the knowledge, the covering, the importation of truth.

Thank you for the multi-dimensional beings, angels and the elders. They are also the sons that are coming from afar.

Thank you that you're rebuilding us with stones.

I was watching Saturn, and I saw three concentric rings of fire around Saturn,

But, interesting, now I saw that those rings were on an axis that could be manoeuvred into any position that the planet chose.

I saw some beings on the outer ring, guarding the ring. And I asked the Father, "What do you want me to do about them".

He said, "Just send them My love". So I started to extend the Father's heart of love to them, through me.

And as I sent them more and more love, I found myself within the planet; and I heard the Father say "Just sit with Me in my peace in this place."

So I completely encapsulated His peace as best I could, extending and projecting His peace into the planet.

As I was doing that, I saw that there is a connection with Saturn, and the elementals that function on the earth.

I saw what would look like a light power cable. So, in the old days I would call it a ley line, but actually I'm calling it a light power cable on which the elementals travelled back and forth from Saturn to Earth.

## Vision Destiny 2022 – Session Twenty-Two

I could see an agenda of plunder, but actually that had replaced the agenda of replenishment. I could see that the elementals were originally tasked, along with other beings, to travel back and forth along this line, this power cable, to replenish the earth from Saturn.

So I engaged them. Having asked the Father what to say, Father said to remind them. So I engaged them, and I said, “May I remind you that your mandate is for replenishment into the earth? May I remind you that plunder does not feel as good as replenishment?”

As I said that, I got their attention. It was like something sparked for them when I reminded them that replenishment felt more satisfying than plunder.

So I said you're free to choose, you have another choice.

You're free to choose your original design and I encourage you to choose replenishment.

I urge you, for your own satisfaction, choose well.

Then I felt the Father say, “Okay, now stop talking and just release My love into them as beings.”

So that's what I did; and then I was back in the room.

These relationships have got to be restored because it's in our community, isn't it? It's in our community of planets.

It makes sense to me that there are elemental forces (you think of them as forces, living forces) where we interact electromagnetically.

Scientists have discovered that without Jupiter and Saturn, Earth would not be able to exist because Jupiter and Saturn are gravity wells.

They pull a lot of the materials and cosmic forces in and they act like bouncer planets.

So they've said, to have an earth-like planet, you also need like a Jupiter and Saturn, because they act as guardian planets.

And they actually pull a lot of asteroids in that would otherwise hit us. They're very strong gravity wells.

I saw that the planet, these rings were able to actually move on an axis, and as, as the planet, reposition the rings. Yeah, like, a vibration went out into the cosmos, and it had an impact into the cosmos.

I stopped at the golden double gates and was joined by Time who pointed out four specific dates inscribed around the golden doors:

1917, 1946, 2015, 2021.

Time revealed the significance of those gates was connected to opening portals or gates connected to the earth and the dimension around the earth via the everlasting doors.

In 1917, Aleister Crowley an occultist, using an ancient ritual, “The Amalantrah Workings”, opened the West gate and engaged beings called Lam (right), who were very similar to the Greys of UFO lore.

In 1946, L. Ron Hubbard and Jack Parsons, a NASA rocket fuel scientist, opened the West gate using the Babylonian workings and many UFO sightings followed, like at Roswell.

## Vision Destiny 2022 – Session Twenty-Two

In 2015, Jason Westerfield was deceived into trying to open the Western gate during an online conference with the web address of [openthewesterngate.org](http://openthewesterngate.org)  
Many gullible believers joined him but the attempt was thwarted by sons assigned by the Father to protect and guard the gate.

7th November 2015

Son, the veils between dimensions are being prepared for multi-dimensional incursions: set the watchmen at the gates to guard, protect and defend.

The veils once removed will also allow many to travel into the mysteries that have been inter-dimensionally, and return with the discoveries for the opening of the Discovery House.

2021 there will be a legitimate opening of the West gate where mature sons will be able to access to bring the light of love and truth of restoration to those dimensions beyond.

2021 being a significant event that we would be responsible for, in engaging through that gateway.

The four gateways which are the north, west, east, and south gates are significant gateways towards the earth and outward.

These are not the portals out there in the cosmos but actually portals within the atmosphere and connected to the everlasting doors around the Earth.

Son, all the dimensions accessible within the 12 constellations do not engage your realm unless everlasting doors are opened, such as the West gate.

Most activity between dimensions is coordinated by counterfeit councils; and there are some portals that are currently active, but many are being awakened and activated.

You have a mandate to engage the active portals as before, but you will need to cooperate with the angelic orders and guardians to protect those portals that are at risk of activation.

Son, the pathways of ancient wisdom and knowledge need to be navigated carefully, as what they reveal can be used for good or evil.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei, and out: Vav.

Repeat: in Hei, out Yod, in Hei and out Vav.

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
