

Vision Destiny 2022 – Session Twenty-Three

I am going to review some of the things that were key in 2021

I will share my journals that will include:

What God said in 2021

What God did in 2021

What does that mean for 2022?

Key themes 2021

Realm of light

Unconditional love, limitless grace and triumphant mercy.

Exposing the great deception of the DIY tree path.

Time and cosmic dimensions.

5th July 2021

As I looked into the Father's eyes I felt the depths of grace and mercy that are available for all creation, a never-ending stream and inexhaustible supply, empowered by love.

Son, Our love will never end, as We are infinite love and all creation exists within Us, so separation from love is impossible.

Separation, judgment and punishment are the lies and deception that are behind all religious dead works.

It is only within the mind that separation exists, fuelled by the guilt, shame and condemnation of lost identity programmed by the tree of the knowledge of good and evil.

Even when Our children feel condemned and unworthy, seeking to earn acceptance, Our grace and mercy abounds as lavish expressions of Our lovingkindness.

The guilt of humanity cannot overcome who We are as love, as love has already won and love will conquer all obstacles and hindrances to restore relationship back to face to face innocence.

The deception of dead works is what traps Our children in the mind prison of unworthiness, striving for the acceptance that is already theirs by right of birth as Our children.

Son, only a global and cosmic awakening to unconditional love consciousness can free Our children from the slavery they are trapped in so that they can then enter rest.

The Luciferian agenda of "I will" exploits the lost identity of humanity, deceiving Our children into living in a matrix of delusion, trying to establish their own identity and an independent name for themselves.

The futility of lost identity drives Our children into competition and conflict with each other and division and tribalism are the results.

Our desire and intention, empowered by love, is for union and family to be restored to all creation as the glory of sonship is revealed in union and oneness.

The frequency of the glory of sonship is beginning to rise, so creation can feel the hope of restoration and the memory of union and harmony.

Vision Destiny 2022 – Session Twenty-Three

The groaning of creation is what is causing the shaking of the world's independent systems so the true Kingdom of God can be revealed in truth and light.

Independence always causes entropy and ultimately destroys itself; but union creates oneness, harmony and blessing.

Every independent empire that has risen has also fallen into decay and corruption because all independence is doomed to failure.

The Luciferian deception is in reality the self-deception of “I will” and all the humanistic efforts of independence will always end in failure.

The deception is the insanity of believing that doing the same thing better will get a different result; but in reality, independence always results in failure.

Only union and oneness can result in the true harmony that will activate the blessing that will succeed in restoring all things.

The full glory of sonship can only be seen in union and oneness and will never be seen in independence; that is why division and separation only produce more conflict, not peace.

As humanity awakens to the futility of independence and rediscovers its true identity as mankind made in Our image, then creation will throw off its shackles of decay and corruption to find the freedom of the glory of the children of God.

When Our children begin to realise that they are already forgiven and loved unconditionally then they will cease striving and rest in the knowledge of who We are as love and who they already are as Our sons.

6th July 2021

Son, come walk with Me.

We walked into a large council room where the Guardians, Ambassadors and High Chancellors were in session.

The Father took centre stage and the proceedings continued, where representatives in turn presented dimensional, cosmic and earthly ideas and strategies.

They seemed to be making cases for their realms and dimensions.

There were representatives of restored fallen angelic and dimensional beings giving evidence and there were non-fallen dimensional beings also.

When everyone had been heard there was a silence and the Father asked for the opinion of the council in regards to the strategies and priorities relating to the activity taking place in this time of transition to the next age.

In unison they all said, “It is time for the revealing of the forerunners of the sons of God to engage the three spheres and take their places of responsibility.”

Son, what do you think?

Without actually saying it, I thought, “Why are you asking me?”

Vision Destiny 2022 – Session Twenty-Three

Then, without thinking, I said, “There needs to be a shield established for each sphere where all categories of beings are in union, not only for protection of the spheres but for their restoration.”

“Assign the sons to the spheres that match their destinies to join a council for each sphere to be strategic in defence and proactive in restoration.”

Son, you have done well. Because you are abiding in the light realm you have become wise beyond your years.

There were others who I felt were kindred spirits who were called to give their opinions and they added other suggestions to the plan, mentioning specific angelic orders to be involved in the process.

Protector, Conservation, Preservation, Union, Liberty and Limitless were mentioned, amongst other dimensional names I did not recognise except the Servici.

The Father, Son, and Spirit were now present and edicts were made and blueprints and mandates produced.

There was a blueprint and mandate for the establishment of people and places of refuge in each of the spheres.

A scroll was produced by the Father called The Law of Cosmic Union and it was read out to the council by the Father.

We hereby authorise a cosmic tripartite union between the sons of God, the council of ages and the dimensional council.

We authorise the union to take responsibility for establishing and maintaining the three shields for this time of the transition of the ages.

We assign the guardians, ambassadors and chancellors as a privy council to assist with the ordinances between the spheres.

We authorise the cosmic union to form legions from the three dimensions to be strike forces of restoration.

We authorise the cosmic union to recruit legions as a defence force for protection of the spheres.
We authorise an awakening to the light of love and truth across the dimensions to catalyse creational responsibility.

We authorise the union of guardians, elementals and angelic beings for your solar system.

We authorise the expansion of the earth shield around the planets.

We authorise the shield to release the sound that would restore the solar system.

We authorise the shielding of the planets from the sun to allow the planets to reengage with the earth.

We authorise the establishment of people and places of refuge to be established under the coverings of angelic protection.

We authorise the jurisdiction to be without limitations.

The Father turned to me and the other sons present and assigned us to the three different spheres: the earth, the cosmic/heavenly and the dimensional.

Vision Destiny 2022 – Session Twenty-Three

I was assigned with others to have dimensional jurisdiction responsible for the dimensional council and shield.

I felt so out of my depth, but I was not alone in that feeling that way.

I drew back to the realm of light and the Father's face, where it was safe and comforting; but I also felt the intentions of the Father's heart form a matrix of light around me.

I knew that it is time to grow up and mature in responsibility.

I felt encouraged and motivated for the task ahead but still somewhat overawed; but I did not dwell on it, I just drew closer to the Father's heart and felt His lovingkindness.

7th July 2021

Son, the union between the dimensions is a key in the preparation of the Restoration of All Things agenda as it is unifying the earth shield with the shields in the other spheres.

Union will always command a blessing; and when the earth is blessed, so will the other dimensional spheres and vice versa.

The role of the sons of God is critical to the restoration of all other things, as they are destined to provide the government that brings and maintains peace throughout creation.

The joint councils being established are key to the government of peace being established, as the counterfeits thrive on division and conflict.

Union is the opposite spirit to division and the conflict it produces; and that weakens the counterfeits' position amongst the spheres, as it creates a frequency of coherence that disrupts communication.

The union of the three dimensions divides the counterfeits and each act of restoration weakens them so it is so important to continue this process.

With each act of mercy towards the fallen ones the power of union grows stronger and the frequency of hope increases its effect.

Son, it is time during this transition of ages for the sons of God to have one voice and one frequency; so those who do not yield and surrender to the oracles of Our heart will be removed from their positions of influence.

We do not do this lightly, as We have been seeking to deconstruct and transform the false doctrines within their belief systems that oppose restoration; but some have been resistant to the process.

Son, continue to reach out to them in the spirit and keep an attitude of lovingkindness towards them; but if they continue to resist and oppose, their influence will begin to wane.

Many of them are undertaking fleshly projects created from their own understanding as they have lost touch with Our intentions.

Union between the sons and between the dimensions is the greatest sign of the transition between the ages and there will be more powerful demonstrations.

Vision Destiny 2022 – Session Twenty-Three

Son, you have suffered personally for the greater good and your persistence in the face of pain and betrayal will bring great rewards.

Son, draw on the acceptance, approval, appreciation and affirmation that We have for you in abundance and continue to live loved, love living and live loving.

We are carrying your personal griefs and sorrows so that you are able to remain in a state of rest and continue to be by being filled with love, joy and peace.

I felt reassured by the unconditional love that was lavishly being poured over me and even more determined to pursue the union that is the Father's desire and intention.

I continued to open up my heart and broadcast the frequencies that are calling to all the dimensions to come into a union of heart, mind and purpose.

12th July 2021

Son, it is time for the sons of God to take their responsibility to join the councils and assemblies of heaven in coheirship.

The Guardians, Ambassadors and Chancellors have been waiting for the sons to mature so they can take their places in heavenly government.

Creation is waiting for the freedom that only the sons can deliver; but only those who have abandoned independence and are free from the path of independent knowledge are able to fulfil their roles.

The deception of independence is keeping Our children in bondage so that the union necessary for dimensional freedom is being hindered.

The law of Cosmic Union must be legislated and enacted and the three shields must function as one if freedom is to be secured.

Son, those responsibilities are Our sons' and We have left many things for you to do to complete the restoration of all things.

Occupying positions on the councils of creation is the birthright and destiny of Our sons but their present vision is too limited to be effective.

We are expanding the consciousness of those who are willing to come close enough in the realm of light in perfection to see Our face and feel Our heart.

Only those who have let go of their own agendas have come to the realm of light and begun to abide here; but too many are still leaning to their own understanding.

It is time for more radical shaking to take place to free those who are not in the religious systems as they will be able to let go of their own agendas more easily.

Judgment of the religious institutions is continuing and the verdicts will enable justice to shake those systems; but those outside the religious systems are beginning to respond to the call to sonship.

Religion has obscured who We are and is being rejected by those seeking truth and they will find the truth in love.

Vision Destiny 2022 – Session Twenty-Three

The religious and political spirit will fight to keep Our children deceived and in bondage within the institutions.

The power of love to reveal truth is going to awaken those outside of the religious systems more effectively than those within at first; but as the darkness of deception is illuminated, those inside will also be awakened from their slumber.

As the sons of God begin to occupy the cosmic councils, greater awakenings will occur, as the frequencies of cosmic union are powerful.

Cosmic union will bring dimensional blessing to establish the shields for protection and action and that will bring greater freedom to the three spheres.

What is beginning in the earth shield will be the model that the other spheres will look to so it is important that it functions in union and oneness.

When hearts and minds are in union with Our intentions and purposes then great blessing will be the result and that will influence creation itself.

The cosmic union of heart, mind and purpose will generate frequencies that have great creational power and that is why division, competition, conflict and tribalism must be overcome with love.

Union, covenant, peacemaking and family are the key objectives of the cosmic councils and the strategies for those objectives must become a priority.

The cosmic union of the physical, spiritual and dimensional in love is the most important agenda for Our sons to embrace and is the most fiercely opposed.

Only great focus and perseverance will produce the level of union necessary that will command such blessing to free creation from its bondage to decay and corruption.

Union, Liberty and Limitless are your key allies in the process of restoration along with Time, Wealth and Wisdom, and Conservation, Preservation and Construction.

The law of cosmic union has the power to unite the three spheres to one joint cause and that cause is the restoration and freedom of all creation.

The crown of wisdom will be given to all those who will focus on the three and not just the one as that is the hallmark of true covenant union.

The willingness to prioritise others before self is the antidote to the “I will” agenda that divides and is the crowning wisdom of love.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down; and start thinking of the name of God, YHVH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei, and out: Vav.

Repeat: in Hei, out Yod, in Hei and out Vav.

Vision Destiny 2022 – Session Twenty-Three

Be still and know that I am God.

I am love, I am joy, I am peace, I am truth.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place.

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
