

Welcome to Module 10 **Governmental Sonship** by Mike Parsons.

If you wish, you may download* the **audio, video and PDF files** to your computer and transfer them to other devices you own.

***A reminder about downloads:** *Engaging God* is a subscription program and we only grant access to the materials while you remain a subscriber.

If you leave the program we will ask you to delete your downloads. This is in accordance with the [terms and conditions](#) to which you agreed when you joined the program.

This does *not* apply to extra materials (such as the Sons Arise! recordings) which you purchase outright or to free materials such as the annual Vision Destiny series.

If you have a **fast internet connection**, you may download a zip folder containing all mp3 audio and PDF files here: [Governmental Sonship.zip \(1.71GB\)](#). This is quite a large download and may take a few minutes (depending on your connection).

If you have a **slower internet connection**, or if you wish to download the videos, or until the relevant zip folder becomes available, we recommend you download the files separately into a named folder which you make for the purpose.

Please **right-click** each blue 'Audio', 'Video' and 'PDF' link below and choose '**Save link as**', '**Save target as**' or the equivalent.

If you left-click a file instead, it will open or begin playing in your browser, but this will normally **not** save it to your device.

Once you have downloaded your files, you can transfer them onto your other devices (iPod, phone, tablet etc.)

The **audio and video links** on this page have been configured to be **available for download** if you **right-click** them. You can also left-click on them to stream them if you have a suitable player installed on your device.

Please honour Mike by **not sharing any of these audio, PDF or video files** with people outside Freedom Church or the *Engaging God* community, and do not post them on social media. Thank you.

The music tracks used in the engagements are used by permission of Samuel Lane of SML Music. You can find his music on Soundcloud at soundcloud.com/user-796521340

SML Music's 2019 album 'Renewing the Mind' has also been used in the engagements and is available for purchase on iTunes: [Renewing the Mind](#)
