

Heavenly Realms

- A major aspect of living in the heavenly realms is the governmental perspective.
- There are different levels of governmental authority relating to the different realms.
- Our mountains and our thrones are **positions** of governmental authority that are in different realms.

Heavenly Realms

- As we mature in sonship there is also a creative function we begin to operate in.
- This requires deconstruction and renewal of our minds and the expanding of our consciousness to engage creative possibilities to choose and create realities.

Heavenly Realms

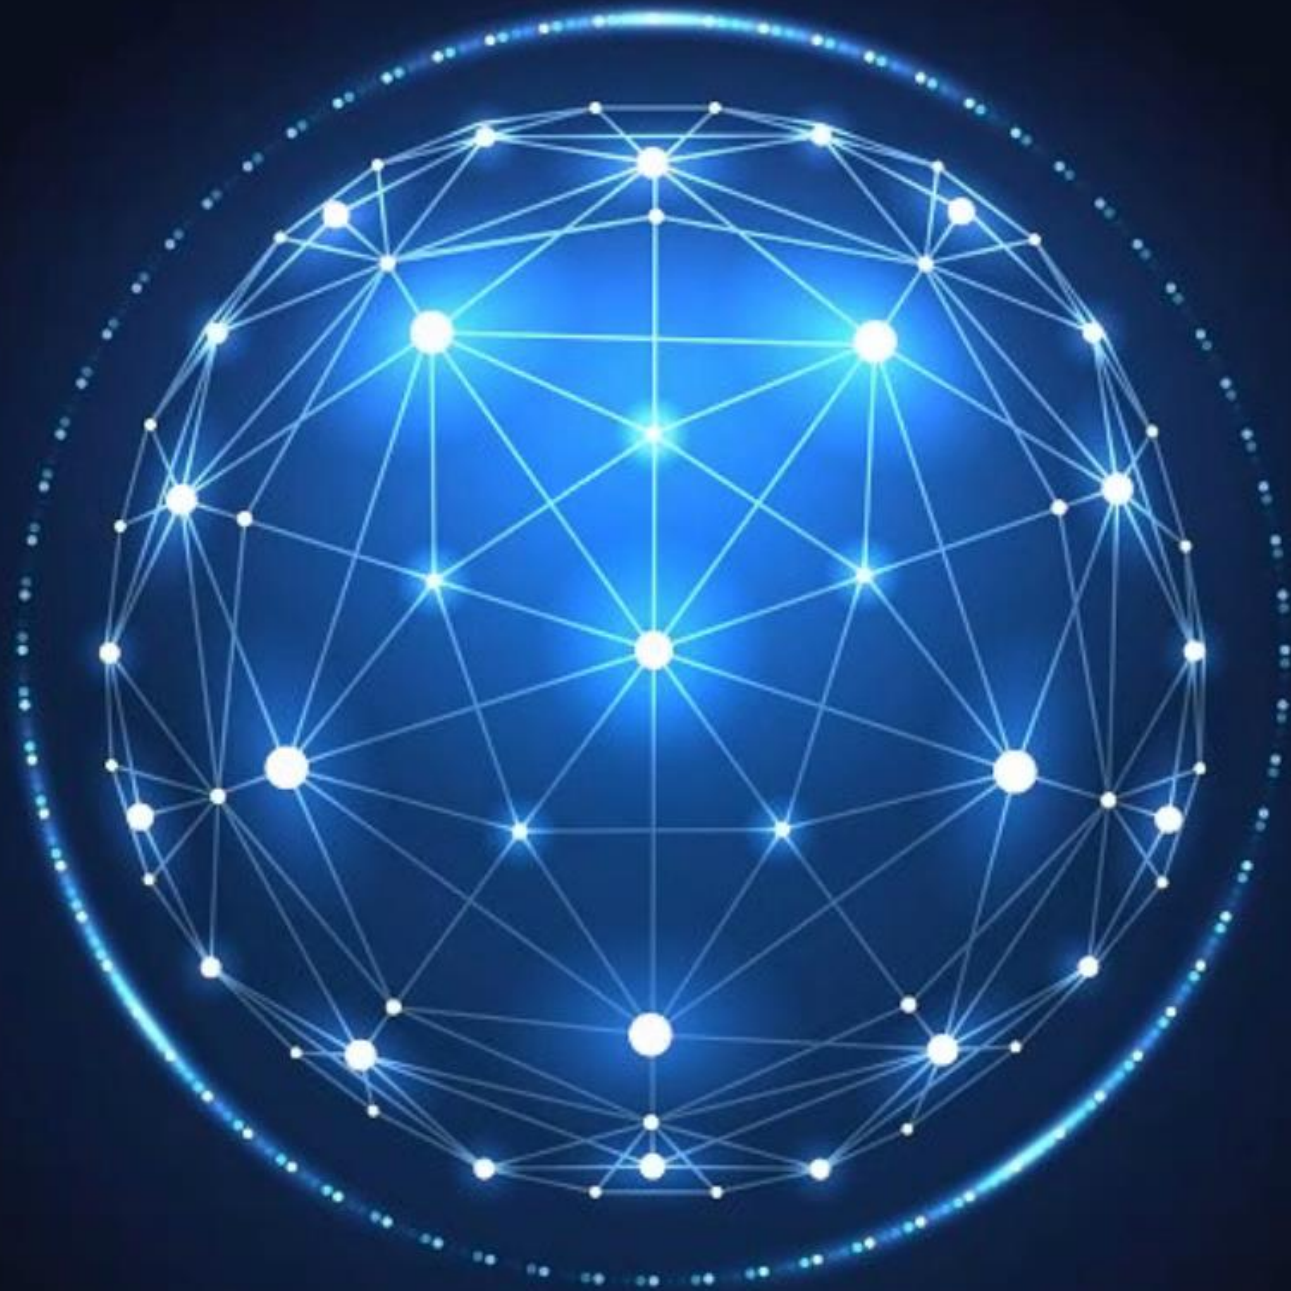

- This creative function takes us beyond the basic realms of Kingdom of God, Kingdom of Heaven and Heaven to engage Heaven of Heavens, Perfection and Eternity.
- There are important places within those realms that are key for our creative functions.

Heavenly Realms

- Those higher realms are more closely connected to the eternal now for the transcendent outside of time and space perspective of God's heart.
- That means when we choose and create reality it is aligned to the Father's heart.

Heavenly Realms

- Global, cosmic and dimensional roles.
- Sonship and quantum physics.
- Quantum entanglement.
- Multidimensional living.
- Brooding and incubating reality.
- Creative process of choosing and creating realities.

Heavenly Realms

- Son come walk with Me.
- The Father took me out into the cosmos to constellations and planetary systems and I discerned something that I had seen before the same voids that were around the atmosphere of the earth.

Heavenly Realms

- As the journey continued I saw that those voids were in many of the galaxies that we visited hidden portals and only discernible by the absence of light.
- I knew how to penetrate those shielded voids as I had done before by changing the vibrating frequency of my being.

Heavenly Realms

- The Father stopped the whistle stop tour of the universe at a particular constellation Pleiades and we entered the void.
- Within it there was a portal that was energised and very active with many beings coming and going.

Heavenly Realms

- I asked the Father who they were and what they were doing.
- These are who you are shielding the earth from and this is a junction between dimensions that connects many dimensional places.

Heavenly Realms

- I started to think about what I was supposed to do when the Father interrupted my musings by revealing His heart for those beings and all the dimensions that they represented.
- His thoughts were far from my thoughts so I just focused on Him and my mind went back to the Chamber of Creation.

Heavenly Realms

- I began to resonate with the Father's heart and I started to pulse and move in harmony and then the Quantum Lumens that were hidden within the void and also within me began to illuminate that place.

Heavenly Realms

- That absence suddenly became filled with light and love energy that took all those beings by surprise and got their attention.
- I was aware that I was supposed to do something but I hesitated and reached out to the Father with my mind.

Heavenly Realms

- I felt peaceful and at rest in that moment and inspired and energised I began to attract the Quantum Lumens who streamed towards me and joined with those from within me and surrounded me as if creating a luminescent field around me.

Heavenly Realms

- I was moving in unison with creative light and was one heart and mind with them.
- I thought and spoke and instantly through a quantum entangled connection they moved and created a new reality where love's light filled that void.

Heavenly Realms

- It was like I was conducting or orchestrating a message of hope for restoration that was dancing like an amazing cosmic light show communicating the Father's desire in a way that was far beyond anything I had felt or experienced before.

Heavenly Realms

- One by one the beings started moving towards the light that was encompassing me and I became aware that the Father was hidden from my sight.
- For a brief moment I felt apprehensive but then I felt the Father's comforting presence within me.

Heavenly Realms

- I released the call for restoration and the Lumens shone brightly with love's light and the whole atmosphere in that void changed.
- I continued to release the love frequencies of the oracles of the Father's heart and I expanded my being until it encompassed the whole void.

Heavenly Realms

- I called to them revealing the truth of their deception and their true origin within the Father's creative purpose.
- The beings began to respond and I felt them communicating their confusion at first but then one by one I felt their decisions to be restored back into creation according to the Father's desire.

Heavenly Realms

- I watched as the Lumens streamed towards them and burst from within them to join in a joyfully jubilant celebration that sent ripples into the dimensions that they were connected to.
- Releasing a joyous hope for restoration.

Heavenly Realms

- Again I felt overwhelmed by the experienced and did not know what to do next when the Father's comforting voice reassured me when He said come your part is over just keep them in your heart.

Heavenly Realms

- The revolution has progressed today and this has created the seed bed for great change.
- Son this is a lesson for you. You were thinking warfare and disruption and I was thinking peace and joy.

Heavenly Realms

- Rebuilding and restoration will never be facilitated by warfare only through coming in the opposite spirit will change begin.
- This a lesson that so many will have to learn if they are to collaborate with the Father's heart for the ROAT.

Heavenly Realms

- Son come walk with Me.
- We walked in the Father's garden amongst all its great beauty a feast for the eyes activating all the senses with wonder and awe.
- This was another connecting to creation moment on my journey.

Heavenly Realms

- The Father reminded me of the limitless possibilities that exist in this place of absolute rest and my mind although totally at peace was filled with creative potential.
- Son this is the place that is connected to the Chamber of Creation this is where We brood over creation.

Heavenly Realms

- This is where creative realities are formed in rest inspired by the beauty of possibility Our dreams become substance and the Chamber of Destiny amplifies Our frequency and so the Lumens dance to Our thoughts with creative energy in the Chamber of Creation.

Heavenly Realms

- Son this is not just My garden but is the cradle of all that there is and all that there will be.
- That is why we invite all Our children to be at rest here and the treasure chest of our thoughts is here within the pool of deep intimacy.

Heavenly Realms

- Son that is why the golden mountain and Metatron are here this is the garden of Our heart the birthing place of Our precepts.
- You have been drawn here all your life looking for this place of being that inspires the reality of who you are.

Heavenly Realms

- Now that you know the secrets of the Chamber of Creation brood here in the rest of I am and release your being.
- In that instant my being became a creative force capable of infinite creativity.

Heavenly Realms

- I was anchored within precepts of the Creator made in Their image and likeness spirit from spirit, light from light, love from love and fire from fire.
- My mind went to the upcoming ROAT 2 conference.

Heavenly Realms

- I began to see what would emerge from ROAT 2 conference; a generation inspired by hope for restoration establishing embassies of heavenly love, joy and peace all over the earth.

Heavenly Realms

- I brooded over what I saw and felt and I saw how that produced the sound of many waters and was amplified in the Chamber of Destiny behind the waterfall in the Father's garden.

Heavenly Realms

- I saw how the sound of many waters in the Chamber of Destiny connected to the Chamber of Creation which was resonating and pulsating with my creative thoughts and the Lumens were dancing to the tune of what my heart had released.

Heavenly Realms

- I saw light streaming from the portal into creation creating a new reality birthed from rest inspired by my Father but created by my being.
- All other possibilities ceased to be and the Quantum Lumens activated creation and this reality is established and has been called forth.

Heavenly Realms

- Son now you know and your knowing will inspire a generation of sons to become mature in their true identity as creative beings at rest as they begin to father the future.
- I felt pure joy and elation resting in the true knowledge that I am that I am within I am that I am.

Heavenly Realms

- Son today We desire to draw you deeper into Our desire so you can dwell permanently within the creative place of Our heart.
- The Cradle of Life is the birthing place of Our thoughts this is your abiding place but there is further revelation to come.

Heavenly Realms

- Come through the garden of Eden through the golden gates into the garden of Our heart.
- We will enable you to see in the light that is just the Cradle of Life the creative birth place of all things.
- This was an encounter that further clarified the connection between sound and light for me.

Heavenly Realms

- I could see but I could not really see it was still too much for my mind. My consciousness still needs to be expanded beyond my current capacity.
- The light enveloped me and it felt like I was being wrapped in the beautiful light and love of creative thought.

Heavenly Realms

- In this chrysalis of transformation my consciousness was changing it felt like I was aware of mysteries that I was never aware of before or even knew existed.
- The mysteries were no longer hidden and as this process continued they became knowledge to my spirit even if not yet to my soul.

Heavenly Realms

- That amazing light was being woven into the fabric of my being and it was light that has been everywhere and seen everything and it was as if all of history was now contained within my consciousness.

Heavenly Realms

- It was like a movie of the ages was playing within my mind reminding me not just of the facts and events but how the Father was working within them.
- I could see how the Father was rewriting the narrative of every event in every person to enable the love story to continue.

Heavenly Realms

- There were constant revisions and new beginnings throughout history that are the fingerprints of God on all people and all history.
- Limitless grace and mercy expressed over and over throughout all time and space bringing inclusion and reconciliation to ensure relationship.

Heavenly Realms

- Relationship is the creative spark, the common theme and the thread that runs throughout all of time and connects time within eternity.
- The deepest desires for the face to face innocence of a love relationship is the pure essence of the narrative and the true spark of all that is behind the whole creative process.

Heavenly Realms

- The brooding frequency is vibrating to this creative rhythm producing the sound that moves and energises the light to form those desires into reality.

Heavenly Realms

- Son if you are to be like We are as I am that I am you must learn to dwell here deep within Our heart as this is how and where the convergence of the eternal now and what will be is framed and formed.

Heavenly Realms

- Son all the other heavenly realms, places, courts, thrones, councils, houses that you have experienced began here in the cradle of all life and existence.

Heavenly Realms

- This place was always designed for Our children to abide so that they can be like us ascended fathers moved and motivated by love's light relationally expressed.
- Son now you know even more the depth of Our desire for the restoration of all things and why it is inevitable.

Heavenly Realms

- Son be one with Our heart in the Cradle of Life motivated and directed by the oracles that you have experienced and embraced.
- Joined with Us you become one spirit within Us as We become one spirit within you.
- You will discover more within.

Heavenly Realms

- You are I am that I am within Us as We are I am that I am within you this is another stage of ascension revealed by your last Firestone engagement.
- We have been drawing you here through the encounters you have experienced in preparation for the global shift you are now participating in.

Heavenly Realms

- Being truly one spirit, soul and body with all your gateways and energy gates balanced, aligned and energised has opened this realm of being as a new state of consciousness.

Heavenly Realms

- Son as you are at rest resonating with love, joy and peace brooding over creation the Chamber of Creation is responding to your voice as you feel Our heart and know Our mind and the Quantum Lumens of living grace dance creation's dance.

Heavenly Realms

- Son this is how reality is framed and comes into existence as the eternal now and time converge.
- Union, Covenant and Peacemaker will partner with Limitless, Hope and Love so that Family can open the windows from the eternal now and time.

Heavenly Realms

- These angelic orders are at the disposal of Our sons who are moved by the restoration of all things.
- You have been given a mandate to turn those in darkness to the light of their creative purpose begin with the benches of Division, Competitiveness and Warmonger (Conflict) before you engaged Tribalism.

Heavenly Realms

- I began to brood over them within the Cradle of Life feeling how the Father feels and knowing the vast sums of His thoughts towards them.
- My whole being started to convulse with the sound of their creation and I began to be consumed with passion for their restoration.

Heavenly Realms

- My thoughts and emotions became a deep groan that echoed as the sound of many waters within the Chamber of Destiny and the living light grace beings danced energised and activated in the Chamber of Creation.
- I absorbed the light into my being which activated and energised me.

Heavenly Realms

- I saw what would be months of engagements become focused into one concentrated moment as I chose that reality and the quantum wave function began to collapse.

Heavenly Realms

- As the light streamed into reality I issued the call of hope to Division and the angelic orders surrounded me within the cloak of mystery the dark cloud.
- The three generals of Division were drawn into the dark cloud safe and shielded from darkness.

Heavenly Realms

- Son everything is a convergence and a fractal that is designed to balance and align with who We are.
- Everything is within Us and We are within everything therefore you are gods within God.
- We are within you as you will discover later on your journey.

Heavenly Realms

- You are Priests, Kings, Oracles and Legislators within YHVH as you are the faces of God within the Four faces of God.
- You are within the eternal now and the eternal now is within you as you are the convergence of time and eternity.

Heavenly Realms

- You are a garden designed to dwell within a garden within a garden within a garden as sons both created and creating.
- Son as you learn to brood within the Cradle of Life it is also brooding within you as a resonant frequency creating a resonant frequency.

Heavenly Realms

- Son as you groan you answer a groan being both sound and light so arise and shine pulsating to the rhythm of Our heart.
- Son just as you have the Merkabah and the Sephiroth within you so are you within them a fractal and a convergence.

Heavenly Realms

- Son come let's walk together in the garden of your heart.
- We went to my secret place I first discovered in 2010 and I sat on my swing the Father gently pushing me said look at the tapestries.

Heavenly Realms

- I saw there were more tapestries than before those new ones represented the multidimensional living that I have learned to be.
- There was a picture for each set of functions lived in the quantum moment that has become my existence.

Heavenly Realms

- Son you have tended and cultivated this place well and the intimacy of rest can be truly enjoyed but there is still more expansion needed for a full creational reality.
- Remember when we first engaged here before you were even aware of a garden? Yes it was special.

Heavenly Realms

- Now in 10 years you are abiding in the garden of My heart as I abide in yours but you need to realise the creative potential you have.
- This is the cradle of your life as a son who will become an ascended father made in the image and likeness of Me.

Heavenly Realms

- Son learn to brood here as you have in My heart. Be inspired to be creative so your imagination can be expanded to match your heavenly consciousness.
- Son there are infinite quantum moments here that you can brood into reality created from the light of your being.

Heavenly Realms

- Rejoice in your being and be filled with joy unspeakable full of your creative glory as that will be your strength.
- This is where you can truly see who you are as you engage My face in deep intimacy within yourself.

Heavenly Realms

- This another wheel within a wheel that is capable of amazing creativity when you learn to align your 12 houses.
- Yes son you have a circle of the deep within you with 12 houses that are a fractal of the chancellor's houses as you are a Chancellor.

Heavenly Realms

- Son the Merkabah has many more dimensions to it that will be discovered as you learn to creatively brood here.
- I could see it now the connections within that reflect the heart of God and the creative process.

Heavenly Realms

- The Merkabah being the point of connection between dimensions where everything can be in perfect harmony and balance.
- I pondered and mused in that quantum moment and infinite possibilities of creative realities streamed before me.

Heavenly Realms

- I felt completely at rest knowing that I am within the Father and the Father is within me even faced with infinite choices.
- I was overflowing with the joy set before me rejoicing as I pondered the creative potential.

Heavenly Realms

- Son the shift is here you have moved from one to many from individual to corporate and your authority has increased exponentially.
- Your mandate in government is creation with a specific emphasis on the fallen ones and fallen dimensions and their restoration.

Heavenly Realms

- I began to brood over Competition and Covenant within the Cradle of Life resonating with the relational creative intention and I felt the direct affects of Division that has promoted competition globally and cosmically.

Heavenly Realms

- As I began to rhythmically pulsate the Chamber of Creation began to amplify the frequency and the Quantum lumens began to energise.
- I absorbed that light energy within my being which activated the light within me and I was in unison and harmony with the Father's desire.

Heavenly Realms

- Being within the quantum moment I engaged the dark cloud of mystery and released a frequency that drew the bench of Competition.
- My whole being was energised with the light of covenant love and all objections just melted away like ice in a furnace.

Heavenly Realms

- In that quanta a moment of time all time existed and the months of fire and purifying refinement was now.
- I felt the whole process of transfiguration within that moment and there were three resplendent beings of light restored to their former glory as Covenant.

Heavenly Realms

- Son the eternal now is the dimension of Our being, Our oneness, Our pure essence that gives birth to Our precepts Our Heart and Spirit that in turn to Our Statutes Our Mind and Love and to Our Laws Our Light.

Heavenly Realms

- There must be a window to creation that enables Us to be experienced that is Our Ordinances Our Hand and Fire.
- Remember that we are Spirit, Love, Light and a Consuming Fire and We choose and create reality as you must learn to do.

Heavenly Realms

- Son the Cradle of Life is where Our heart's desires become living spirit frequencies and the Father's garden is where those frequencies form Our thoughts that vibrate and are energised and become living love motivation.

Heavenly Realms

- That life spirit carries Our thoughts and they become living words of love the sound of many waters in the Chamber of Destiny and they become living light within the Chamber of Creation and as that light crosses the event horizon it becomes Our hand of living grace fire within the fabric of the all things of creation.

Heavenly Realms

- Son there is always a fourth a window that enables the three of Our being to be experienced through Our ordinances Our hand of fire that connects Us to the physical realm of creation.

Heavenly Realms

- Son walk with Me. We walked in Eden by the River of Life, Tree of Life and Throne of Grace which are another three representing Our heart, mind and voice.
- Then we walked to the Judgment Seat and the I saw that the fire is the window of ordinances where destiny is refined by God's hand.

Heavenly Realms

- We continued walking to the great waterfall that cascades into the Father's garden as we descended the falls I could see as never before.
- I saw the golden mountain where the seasons of heaven and doors, windows and portals are administered by Metatron.

Heavenly Realms

- I saw the pool where the golden chest of divine thoughts is found and where there is an entrance to the eternal now.
- I saw the golden gates that led to the Cradle of Life and then I saw it behind the waterfall is the Chamber of Destiny the entrance to the Chamber of Creation.

Heavenly Realms

- The waterfall is the sound of many waters where Our voice is amplified in the Chamber of Destiny before it enters the Chamber of Creation.
- I could see through the chamber to the event horizon where it connected through the consuming fiery hand of God to creation.

Heavenly Realms

- We were then within my spirit seeing the river of life flow through my worship and choice gates to the garden of my heart, the dance floor, soaking room and bridal chamber which followed the same pattern of three becoming consummated in the fourth.

Heavenly Realms

- Son We are but have included man in Us so you can be and Our hand and fire is always fulfilled in creation.
- We are a consuming fire that keeps Our living desires, thoughts and words alive in the transfiguration of man by Our hand.

Heavenly Realms

- Son only the light of love can draw fallen creation and that love must be genuine and have integrity.
- When you come into the realm of light within the dark cloud to see Our face you will absorb the light of love that We have for Our creation.

Heavenly Realms

- Son you will begin to see what We see when We look at Our creation with the eyes of a Father creator.
- We see beauty even in the midst of outer darkness as We see with the eyes of love's light for Our creation.

Heavenly Realms

- Rest is the key to restoration, revelation and creativity.
- Start to focus on your breathing slowing it down and start thinking of the name of God YHVH
- Breathe in deeply and exhale slowly
Yod
- Breathe in Hei and out Vav

Heavenly Realms

- Repeat in Hei out Yod in Hei and out Vav
- Be still and know that I am God
- I am love, I am joy, I am peace

Heavenly Realms

- Invite love, joy and peace flow in you and through you to create an atmosphere of rest around you
- You are in a safe place
- Start to think of an open heaven and set your desire upon engaging wherever the Father takes you.
