

How can we be prepared for sonship?

Preparation with help from tutors

Preparation through entering rest

Preparation through soul transformation at different levels

Deconstruction of the mind

Intimacy with the Father is the best preparation for sonship as you can't be a son without a father
Any mindsets, doctrines, theology or beliefs that distort the nature of God as father and the relationship we have with Him must be deconstructed and renewed

In relationship the Father gives us identity, position and authority a mandate so we can be fruitful, multiply, fill, subdue and rule

Any mindsets, doctrines, theology or beliefs that limit our sonship must be deconstructed and renewed

Mindsets, doctrines, theology or beliefs that are based in old covenant thinking create fear, duty, obligation through the law

Law based mindsets often create barriers to intimacy because of the wrong sort of fear of God

We need to see all walls, barriers and partitions created through the law come down as they are penetrated by the God of love who casts out all fear

Encounters with love will deconstruct and demolish those walls of wrong thinking

Love encounters are key to intimacy

Deepening intimacy through face to face relationship will result in a continual process of transformation by deconstructing and renewing our minds during those encounters with God

The Joshua Generation are forerunners of a heavenly royal priesthood according to the heavenly order of Melchizedek

Also on earth we are oracles and legislators aligning heaven and earth as gateways of heaven into the earth

The Joshua Generation are also forerunners of restoration this will revolutionise our experience of the true nature of God as love

Iconoclastically destroying the false images of God created by the religious systems we have been programmed by

Son, a new vista that has a new landscape for the Ekklesia and the Joshua Generation is being established

Although many of the old order will die in the wilderness even more will cross over into their inheritance.

This cannot take place without major shifts in your consciousness through deconstruction and renewal of your mind.

The religious constructs must be challenged through powerful encounters with the truth of the living word of God

These encounters will expose and remove false doctrines and theology concerning My nature that have been created through man's own understanding of the Bible.

I AM is speaking today as I AM has always spoken but there are many more today with ears to hear than ever before

This is so that three generations of My family can come together in the unity of heart, mind and purpose.

Son, herald the call and proclaim the beginning of the dawning of a new season to release heaven's frequency, the frequency of heaven's sound and light into the earth

Heaven's frequency is the frequency of love; it is the sound of Me wooing My children back into a restored face to face relationship of innocence with Me

At the dawning of this new day I call for the light of love to burst forth from this new horizon with the new hope of a new reality

I call for love's light to shine with the radiance of God's true glory and essence

I call for the iconoclastic power of love to deconstruct the false idols of religious doctrine and theology

I call for the true nature of God as love to beginning to resonate within the hearts and minds of the children of God

God the great iconoclast is revealing Himself to forerunners in such a way that the destruction of our conformation to religious programming is inevitable

Being living sacrifices is key to the deconstruction of our mind and expansion of our consciousness

Rom 12:2 And do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect.

Rom 12:2 Do not allow current religious tradition to mould you into its pattern of reasoning. Like an inspired artist, give attention to the detail of God's desire to find expression in you. Become acquainted with perfection. To accommodate yourself to the delight and good pleasure of him will transform your thoughts afresh from within.

(The word, aion, is traditionally translated as "do not be conformed to this world." Actually aion points to a period of time of specific influence. In the context of this writing, Paul refers to the religious traditional influence of his day. This means to accommodate one's self to the opinions, desires, and interests of others.)

It is our desire that the Engaging God programme will impart revelational experiential truth through encounters and engagements

We want everyone to find an oasis of time and space to be able to engage our heavenly Father in intimacy as His sons/daughters to allow Him to deconstruct and expand our minds

The deconstruction of the mind and expanding of our conscious reality is vital if we are going function as fully mature sons

God is calling His children to arise as mature sons

We need encounters with the precepts of God that will turn our hearts back to the reality of who the Father truly is

The deconstruction of the mind will challenge our preconceived ideas about God, Bible, Christianity, Church etc.

It will iconoclastically destroy the false assumptions and presumptions of our minds created by religious programming

God is going to explode our minds by destroying the box He has been put in

Activations give opportunities to engage, encounter and experience the truth

Activations are not intellectual exercises but experiential opportunities

Practice to retrain our senses through intentionally repeated experiences

Activations can become our continual living testimonies if we will pursue them out of desire until the experiences become part of the fabric of our being.

Pursuit is the evidence of desire but do not strive, it takes time

Your personal times of reflection are key to maturing in sonship

We have legislated for the Engaging God programme to be a safe place to help you connect with the Father and allow Him to begin to deconstruct your minds by revealing the religious and cultural frameworks that restrict and limit you

We have legislated for the Engaging God programme to help facilitate the expansion of your consciousness and your reality by equipping you to go beyond the boundaries and barriers that have imprisoned you and explore the infiniteness of God through experiential encounters

These encounters are not always conscious and cognitive

Sometimes your mind is not yet ready to let go of long held beliefs but your spirit is being prepared by these experiences

When the time is right the truth will be revealed so do not give up

I am not asking you to believe what I am saying - in fact I am asking you not to!

I am asking that you take everything to the Father for yourself and allow the Truth to be revealed

Don't fight or resist the Truth; allow Him to set you free

This is a process, a journey to go beyond your past experience

The preparation of engaging the Father brings an intimacy of relationship that reveals our sonship so we can be invested and enthroned, seated in the heavenly realms

Engaging the dark cloud is the process of separating and reintegrating soul and spirit that enables us to live and function in dual and multiple realms

The purpose is to enable us to arise as sons, be seated in heaven and bring heaven to the earth

This part of the journey is about deconstructing the mind from religious and cultural programming and subsequently expanding our consciousness

As sons we can then choose and frame our reality using our expanded consciousness

We can learn to engage different states or levels of consciousness

Alpha, Beta, Theta and Delta waves

Creative and intuitive

Cognitive, logical and analytical

Spiritual insight and revelation

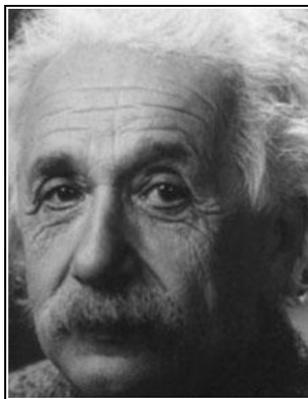

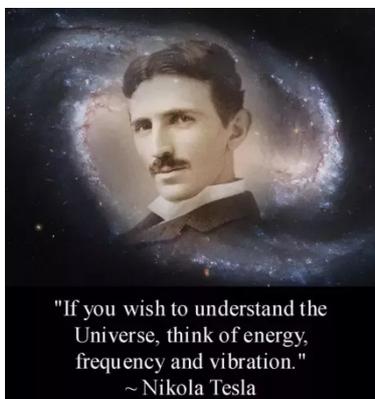

Deep rest that connects them all

Our consciousness can function through the learning and developing the principles of quantum observation

Frequency and energy can be manipulated and controlled by the power of our minds

Understanding frequency and vibration can help us use the power of our consciousness to create reality through intention by focusing our thinking to choose a reality that resonates with the heart and thoughts of God

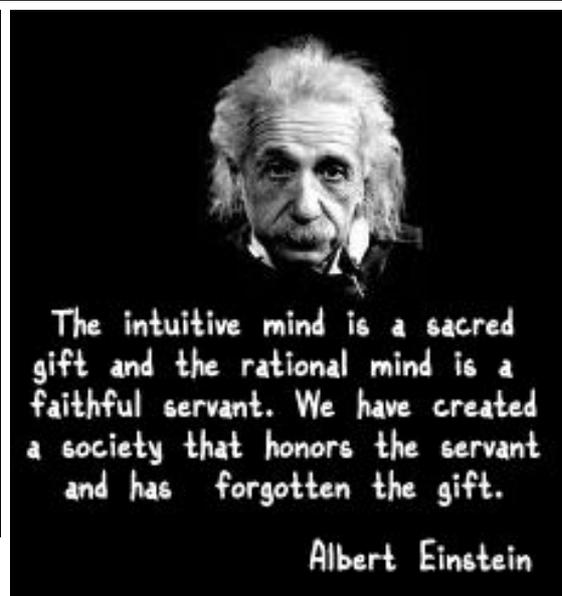

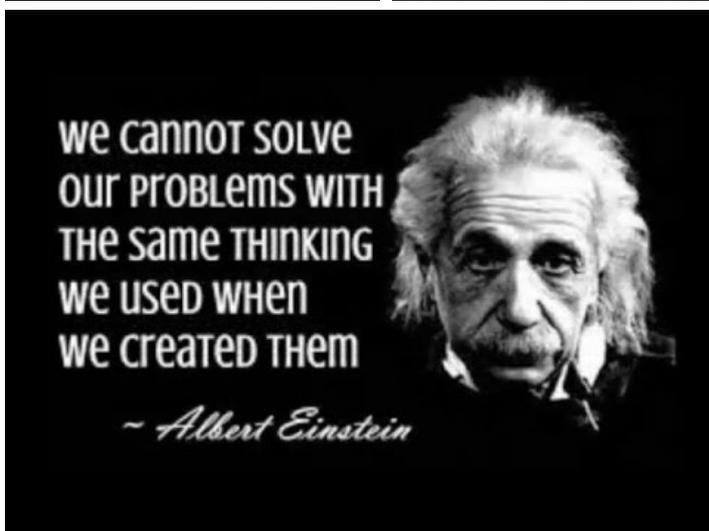

Energy changes and forms matter

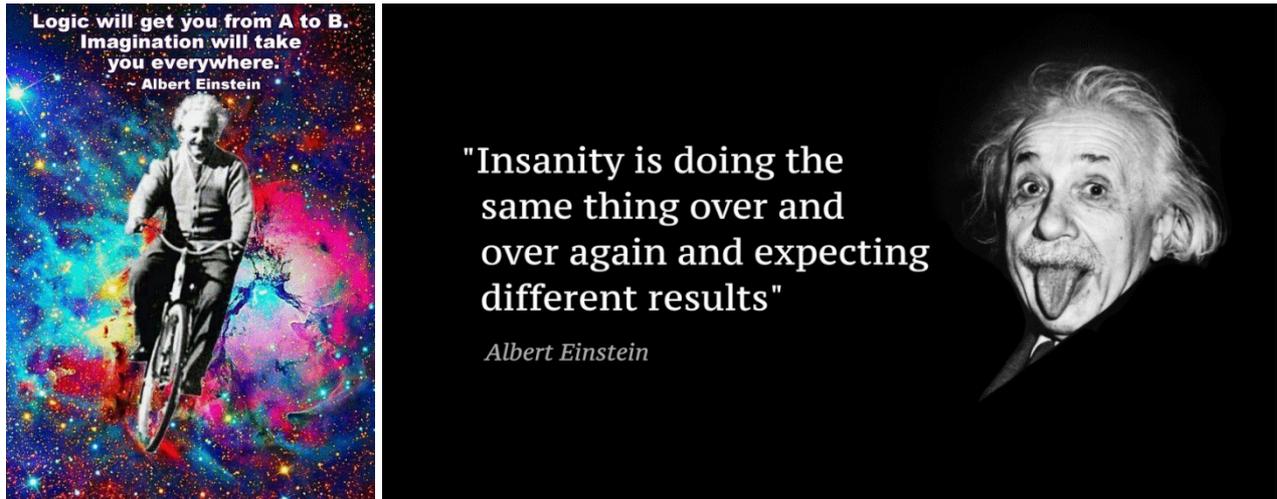

We are slowed down sound and light waves, a walking bundle of frequencies tuned into the cosmos. We are souls dressed up in sacred biochemical garments and our bodies are the instruments through which our souls play their music.

Jesus used the principles of quantum physics that He created to do what we now call miracles or supernatural manifestations

Jesus knew how to control the vibrational frequency of matter for transmutation, quantum tunnelling and quantum entanglement
