

# Vision Destiny 2021

- I am going to review some of the things that were key in 2020
- I will share my journals that will include:
  - What God said in so far 2020
  - What God did in so far 2020
  - What does that mean for 2021?

# Vision Destiny 2021

- 1 June
- Son within us all possibilities exist as possibilities that we are aware of but not as actualities that are realities.
- The many worlds theory is not reality there is only one world and one universe not an actual multiverse.

# Vision Destiny 2021

- The heavenly realms behave like a multiverse environment so each of Our children will be able to relate to it in accordance to who they are.

# Vision Destiny 2021

- Everyone can engage with each of the places and beings like Wisdom simultaneously but there are not many Wisdoms just one with infinite capacity which is more a function of time not space.

# Vision Destiny 2021

- All possibilities existed as possible timelines created by each choice that each person makes and We are actively at work to bring good out of every choice.

# Vision Destiny 2021

- Within each living light energy string the possibility exists for everything but not everything will exist just could exist but We have chosen to work with the realities that Our children and creations make.

# Vision Destiny 2021

- We are at work to ensure that Our original intention for relationship with all of Our creation to be fulfilled therefore the ROAT is a given reality.

# Vision Destiny 2021

- There are however as you have discovered many different dimensions which are part of one creation that were designed to exist together in harmony with Our children.

# Vision Destiny 2021

- Each dimension was created to connect creatively with the earth through the mind of Our children as one but with the fracturing of independence came disharmony but the connection still exists.

# Vision Destiny 2021

- Son that is why the restoration of all the dimensions is important to the ROAT as the effect of independence from relationship creates the enmity that is seeking to divide through conflict.

# Vision Destiny 2021

- You have been shielding the earth from external influences but the internal influences of man's independent choices need to be legislated with love and forgiveness.

# Vision Destiny 2021

- I warned you that anger would rise in place of fear and now so many are blaming each other using the excuse of race.
- Man's internal character and nature is as much a part of the restoration of all things as the dimensions.

# Vision Destiny 2021

- We have created the opportunity of one new man in Christ the new creation reality but so many of Our children are living in the futility of the old mindset of independence.

# Vision Destiny 2021

- Administrate restoration government as ambassadors of Our heart so that the reconciliation that has already been accomplished will be experienced by all.

# Vision Destiny 2021

- Son all reconciliation is based on forgiveness and all forgiveness is based on unconditional love and that is who We are.
- Arise shine with the light of love and release forgiveness to limit the affects of the anger rising and do not be distracted or be self-absorbed.

# Vision Destiny 2021

- I went to the Chamber of Creation and began to resonate with the word of reconciliation until I could release a sound frequency of forgiveness.
- The energy of that sound activated the living light of grace string beings to form a new reality.

# Vision Destiny 2021

- I called for Limitless and Union to arc in agreement together with us to legislate for forgiveness to dampen down and suppress the anger being fuelled by the Orders of Division, Competition and Warmonger and Tribalism that is at the heart of this conflict.

# Vision Destiny 2021

- I engaged the dark cloud to engage with those who had been restored, Protector, Union, Hope, Covenant, Peacemaker and Family to seek for insight and to ask them for their help.

# Vision Destiny 2021

- They all spoke with unity of heart and volunteered to leave the safety of the dark cloud to help deal with the frustrations and anger rising from a deep sense of injustice within people's hearts.
- I commissioned them with Our blessing in love, joy and peace.

# Vision Destiny 2021

- I also engaged with the other Benches of Three angelic groups we have encountered to mobilise them to action.
- Love being at the heart of forgiveness activated in Faith, Hope, Love and Love, Power, Sound Mind.

# Vision Destiny 2021

- I call for the forces of light and love to go forth to overcome the anger being generated by the frustrations of inequality seen in race and prejudice.
- Even the Corona viruses operates in a selectively targeted way more effective against some ethnic classes.

# Vision Destiny 2021

- I call for the true unconditional nature of God as love to go forth to overcome the enmity and strife of division.
- I call for the sons of God in union of heart and mind to release unconditional forgiveness.

# Vision Destiny 2021

- I call for the restored ones to target the ring leaders who are inciting violence and influence them to become peacemakers.

# Vision Destiny 2021

- 2 June 2020
- As part of the governmental shield protecting the earth from outside influences I turned to look inwards.
- As I looked in the spirit I could see areas where there was an absence of light and coloured auras around those areas of the world where there was conflict.

# Vision Destiny 2021

- I released love as a frequency of forgiveness towards those inciting the violence amongst the protesters.
- I chose to forgive and released those who are institutionally racist amongst the authorities and those to seek to incite racism.

# Vision Destiny 2021

- I chose to forgive and released those taking advantage of peaceful protest fuelled by anger and hatred.
- I chose to forgive and released those who answer violence with violence and fan the flames of anger.

# Vision Destiny 2021

- I chose to forgive and released those operating with the political spirit and those who are trying to make political gain by promoting anger and violence.
- I chose to forgive and release those using the media to create a false narrative.
- I chose to forgive and release those creating fake news for deception and control.

# Vision Destiny 2021

- I call for the Peacemaker to step into the light.
- I call for the mediators to step into the light.
- I call for those carrying the message of hope for change to step into the light.

# Vision Destiny 2021

- I call for the frequency of love and forgiveness to overcome and suppress the anger.
- I call for Union to end the division.
- I call for Family to end tribalism.
- I call for Covenant to end competition.

# Vision Destiny 2021

- I call for Protector to overcome punishment.
- I call for reconciliation and forgiveness in the opposite spirit.
- I call for righteousness and justice.
- I call for grace and mercy to triumph over DIY justice.

# Vision Destiny 2021

- Son sometimes peaceful process leads to change and revolution but those who oppose it to control the system need to be removed from office and position.

# Vision Destiny 2021

- Legislate for change and peaceful revolution and shield the peacemakers from harm but call for the removal of the obstacles to change that is facilitated by the global cultural control systems.

# Vision Destiny 2021

- Son the media is a system being used by global forces to control the narrative and keep the status quo.
- The media systems need to be removed from the control of political and economic global systems and returned to their roots with the people.

# Vision Destiny 2021

- Legislate for a revolution within the media systems for an explosion of good news stories that changes the narratives of fear, anger and hatred.
- Son shield and protect the seeds of change and those who carry and plant them to change culture.

# Vision Destiny 2021

- Son align the circle of deep for the precepts and statues of God to create room for the voices of change to be heard.
- Align the twelve High Chancellor's houses for cultural change within the affairs of the nations.

# Vision Destiny 2021

- Let the ordinances of heaven incite and motivate the peaceful revolutionaries to take up their mantles and use the new peaceful weapons of transformation.

# Vision Destiny 2021

- Release the new scrolls and discoveries that will commission the changes in global culture through covenants that remove competition between nations and create family.

# Vision Destiny 2021

- Release the agents of change with a new heavenly narrative that will incite peace through forgiveness and reconciliation.
- Soon a new day is dawning the shift is preparing people for the global awakening to love.

# Vision Destiny 2021

- The truth of globalisation and its negative agendas is coming into the light to awaken Our children from their sleep to become world changers and history makers that is their destiny.

# Vision Destiny 2021

- The groaning of creation will awaken them from the stupor created by their addiction to the fruit of the poisonous tree of the knowledge of good and evil.
- Son legislate for the scandals that have been covered up by the globalised systems to come into the light free from spin and conspiracy.

# Vision Destiny 2021

- Legislate for those in the global system to awaken and turn from darkness to light and expose the systems from within.
- Son love is the only true agent of change that is pure and lasting.

# Vision Destiny 2021

- Release love's fire and passion for change to spread like wildfire fire uncontrollable and a true contagious pandemic of love.
- I went into the Chamber of Creation and began to pulsate with the voice of creation.

# Vision Destiny 2021

- I call for the good news of our unconditionally loving creator and Father to spread like a virus revealing the oracles of the Father's heart.
- I release the frequency of love, joy and peace to bring the world into a revolution of rest and enlightenment.

# Vision Destiny 2021

- I call for the living light grace strings within the fabric of creation to shine with love's light to create agents of change and peaceful revolution and transformation.

# Vision Destiny 2021

- I call for the light and sound frequencies of the Father's heart to create the seeds of a new age of global Kingdom government and peace operating in the economy of well-being.

# Vision Destiny 2021

- I call for the birth of the next age generation who will rise up and peacefully throw of the shackles of the religious and political spirit.

# Vision Destiny 2021

- 3 June 2020
- Son I am that I am is calling to Our children to come out from under the darkness and deception of independence but there needs to be forerunners who are the light that shows the way.

# Vision Destiny 2021

- Your mandate for the Joshua generation and for the harvest fulfils both goals.
- You have experienced the Oracles of Our heart for creation but the ROAT must start with the sons rising.

# Vision Destiny 2021

- The ambassadors for the Joshua generation must focus their efforts on the wilderness of religious deception to call Our children out of the old into the new.

# Vision Destiny 2021

- Son use all the laws and legislation at your disposal to expose the lies of the old religious systems functioning with the religious and political spirit.
- Remove the veils and scales of darkness imposed by men through religion so Our children can truly know who We are as love.

# Vision Destiny 2021

- The global shift you are protecting and stewarding must become a global awakening of consciousness to the reality of God is love and the rest that is available in restored face to face relationship.

# Vision Destiny 2021

- Only restored innocence will see  
Our sons rise and shine love's light  
into the darkness of the creation.
- The restoration of all things begins  
with the restoration of the true  
identity, position and authority of  
Our sons.

# Vision Destiny 2021

- Call them out from the wilderness where their lives are restricted by the mediatorial suppression of man's religious illusions.
- Free them from the matrix that is a crafted web of deception by releasing the frequency of sonship made up of Our oracles and your testimonies.

# Vision Destiny 2021

- The shift is the time to take advantage of the weakening of the power of the delusion of religion and the strengthening of the power of love and a sound mind.

# Vision Destiny 2021

- Mobilise the angelic legions at your disposal and release the ordinances of heaven into the earth with a pandemic of visions and heavenly encounters.

# Vision Destiny 2021

- Only the power of cognitive dissonance can reveal the truth and bring freedom from the matrix of deception.
- The challenge of experience over intellectual knowledge must be the catalyst for the transformation necessary to free the minds who are slaves to religious systems.

# Vision Destiny 2021

- It is time for encounters with the truth to expose the lies to reveal the true reality and begin the awakening.
- Son come walk with Me. I followed the Father's call and we entered the circle of the deep that appeared liked a giant cog.

# Vision Destiny 2021

- We entered into the House of Precepts and the windows into the Father's heart burst open flooding the house with a new light.
- We entered the House of Statues in the new light of revelation and the wheel began to turn to a new alignment where I saw with new eyes as my mind was enlightened as never before.

# Vision Destiny 2021

- We walked into the House of Laws with new insight and I felt a new frequency as the wheel aligned.
- I saw the portal that connected the voice of God resonating here with the Chamber of Creation.

# Vision Destiny 2021

- The circle of the deep was aligning the cogs of the cosmos as each tooth slowly engaged to cause the rising of the house of Aquarius.
- I saw the dawning of the next age of man as the wheels slowly turned and we walked into the House of Ordinances all the legions of heaven were aligned waiting to be assigned.

# Vision Destiny 2021

- The next House of Mantles was a hive of activity where we were giving new mantles to the angelic legions to equip them for their next age functions.

# Vision Destiny 2021

- We walked into the House of Weapons and there were rows of racks all filled with new eyes, new tools, new covenants, new mandates, new mindsets, new high tech love weapons all waiting for the sons to arise out of their religious stupor into the glorious light of their sonship.

# Vision Destiny 2021

- As we continued our walk through the remaining houses each was being prepared for the alignment of the next age.
- New next age scrolls, discoveries, commissioning to new roles and next age functions, next age culture, the affairs of the nations transformed into family affairs, the next age resources ready and waiting for our maturity.

# Vision Destiny 2021

- The whole of creation took a deep breath as if in anticipation of the global awakening and the dawning of the next age.
- It felt like the whole of creation contacted waiting for the moment it could expand with our expanded consciousness.

# Vision Destiny 2021

- It felt like we are in this pause a hiatus of space time waiting in the Chamber of Creation for the convergence of eternity that would release the frequency of sound that would ignite the living light of grace and explode into a next age big bang.

# Vision Destiny 2021

- The next age of the ascension of mankind into a new level of maturity in sonship will be truly beyond beyond once again.

# Vision Destiny 2021

- 4 June
- Son the age of light is living in the light of love which is true oneness with I am that I am.
- Living in the light of oneness illuminates creation and restores it back to its position which you saw in 2010 where there was no absence of light.

# Vision Destiny 2021

- The whole cosmos was illuminated by each living being of creative light as each shone with love's light filled with the light of love that they radiated as luminaries.

# Vision Destiny 2021

- Restoration will restore that primordial condition and everything that was created in the beginning will be transfigured to reveal Our true essence as they reflect I am in glorious splendour.

# Vision Destiny 2021

- Son that is just the beginning not the end of the ascension of mankind as Our children are destined to become ascended fathers and co-creators in the ages to come.

# Vision Destiny 2021

- The ability to speak with Our voice like a father will awaken the creative power to partner with what you have called quantum lumens to form new realities.

# Vision Destiny 2021

- Son you will only be limited in creative light power by the smallness of your thinking and imaginative power.
- Do not limit creativity by being tethered to what you presently know because with an expanded consciousness there is limitlessness.

# Vision Destiny 2021

- With the ability to create must come the responsibility to have a father's heart towards that which you will have the power to create.
- With great creative light power comes even greater responsibility to be love's light shining with the oracles of the Father's heart.

# Vision Destiny 2021

- Son love cares it is deeply compassionate towards that it creates with a passion and burning desire for its wellbeing.
- When you are truly mature as ascended fathers you also will be fiercely protective towards what you create with a joyous pride and pleasure.

# Vision Destiny 2021

- Your creations will be the treasure of your hearts just as this present creation is the treasure of Our heart.
- Son remember true love never gives up, never fails can never be separated or divided from its object, and will always win and overcome.

# Vision Destiny 2021

- Son learn the dancing movement of the living light beings that respond to the sound of your voice.
- When you speak with a father's heart light will be ignited and become activated bursting with love's creative energy.

# Vision Destiny 2021

- Son in the age of light living light itself will dance to the rhythm of the frequency of the beating of your heart as you learn to express your creative desire as thoughts tuned to the frequency of love.

# Vision Destiny 2021

- Standing in the Chamber of Creation I saw the living light grace beings, the Quantum lumens, moving to sound like a swirling mist or flock of birds flying in murmuration or shoal of fish shimmering as they move in unison waiting to form into the manifestation of the creator's desire.

# Vision Destiny 2021

- It was so beautiful living light dancing moving waiting full of potential needing only a focused loving thought to collapse the quantum wave into reality.

# Vision Destiny 2021

- 8 June
- Son with all that you are legislating in this present time of changes and shifting ensure that the Restoration of all things remains the focus.

# Vision Destiny 2021

- All present changes are part of the bigger restoration agenda that will accelerate as the global influences are diminished and eventually removed.
- The global awakening to the true reality of who We are will also unveil and produce hope for a new world Kingdom order and cosmic changes.

# Vision Destiny 2021

- Creation's freedom will become the focus of future as discoveries are released that will change the reality of man's identity and purpose forever.
- As Our children realise their true nature as sons they will begin to rise to the challenge and the responsibility for creation's freedom.

# Vision Destiny 2021

- All legislation in the present that We mandate has that end goal embedded within it as motivation for restoration.
- Son it will require pure hearts motivated by love to facilitate the restoration of all things so there will always need to be fire involved in the process during the present ages.

# Vision Destiny 2021

- Son I am that I am is working within creation constantly to include all within the overall narrative.
- We are able within the convergence of the quantum transcendence and immanence to bring good out of all situations whilst still giving all the ability to choose.

# Vision Destiny 2021

- Although We live within the beginning and the end in the eternal now We also live within fabric of each moment and as all things exist within Us, We exist within the fabric of all things that we have created.

# Vision Destiny 2021

- Separation is but an illusion within the minds of those who have never experienced restored face to face relationship with Us.
- Whenever a person glimpses true reality through encounter that illusion is suspended.

# Vision Destiny 2021

- Sadly religious delusion often takes its place and the beautiful freedom that is Our desire is marred by the fear, duty and obligation imposed by the religious systems.

# Vision Destiny 2021

- Free Our children from the slavery of religion and call them out of the wilderness of delusion to cross over into the promise land that is their true inheritance.
- Creation is waiting longing for the sons to arise and as more do so hope ripples out into the dimensions.

# Vision Destiny 2021

- This hope will not disappoint and the end of the bondage and corruption of the present will be just the beginning of that which is to come as Our sons become co-creators.
- This is the hope set before Our children and the global awakening will ignite the passion needed to see that hope fulfilled as the tree of Life.

# Vision Destiny 2021

- I am that I am and I am is love
- I am love and love is I am
- Love is who I am and love is the motive of every desire, thought and action
- I am that I am and I change not. I have always been and always will be love as love is an eternal constant

# Vision Destiny 2021

- Live loved
- Love living
- Live loving
- Rest
