

Vision Destiny 2021

- I am going to review some of the things that were key in 2020
- I will share my journals that will include:
 - What God said in so far 2020
 - What God did in so far 2020
 - What does that mean for 2021?

Vision Destiny 2021

- 9 June
- Son create an atmosphere of rest around all that you are and all that you do.
- Legislate for the ROAT 2 convergence to create ripples of light, sound and frequencies of truth to travel around the world and out into the cosmic dimensions.

Vision Destiny 2021

- The world is being prepared for the shift to a global awakening to the ROAT agenda of love towards all creation.
- Release that love for creation to stir the hearts and minds of Our children from their self-induced stupor.

Vision Destiny 2021

- Awake awake oh sleepers arise and shine with love's light into the darkness of a creation in bondage to deception.
- Son true reality needs to be demonstrated so that the cosmos can awaken from the sleep that it has been subjected to.

Vision Destiny 2021

- The lies of religion and the global influences that have suppressed the truth are being rejected and a new reality is beginning to emerge like a butterfly from its chrysalis.

Vision Destiny 2021

- The protests around the world are just the beginning so keep releasing the ripples of truth to give momentum to the process.
- The cosmos has been living an elaborate illusion that has kept it blind to its origin and true purpose.

Vision Destiny 2021

- The truth is being revealed by the frequency of those sons who carry the Oracles of Our heart who are shining love's light.
- The ROAT conferences are creating the seed bed of revolution as minds are freed from the programming of religious deception.

Vision Destiny 2021

- The lightning bolts of heavenly truth must be able to shock and penetrate the veils of deception that cover minds in the four streams of restoration truth.
- Each of you is a powerful individual weapon but together in union you are unstoppable and have exponential power and authority.

Vision Destiny 2021

- The Union of three has evolved into seven and that is just the beginning of what is possible.
- When there are unions of twelve there will be acceleration of the awakening and shifts in consciousness that will be a springboard for future shocks.

Vision Destiny 2021

- Mind-quakes of cosmic intensity will change and transform the landscapes of not only spirituality but of government, economy, science and many other systems.

Vision Destiny 2021

- As the world awakes to a new global reality unions will be the catalysts for cataclysmic transfigurations to societies and culture where the sons are governing.

Vision Destiny 2021

- The discoveries house will release new realities daily as changes like never before will be revolutionising societies.
- The discoveries will not be limited to technology but will include quantum truth, kingdom truth, heavenly truth, spiritual truth and dimensional truth.

Vision Destiny 2021

- Advancements of truth will cause great leaps forward in the ascension of mankind in its restored mandate and purpose in creation.
- Creation will begin to act in a symbiotic union with the sons of God as it once was now it will be beyond anything and everything that has gone before.

Vision Destiny 2021

- Changes that took decades will occur in a day as consciousness is awakened to true reality.
- The quantum lumens will respond to the thoughts of those who know their identity and the heart of the Father to co-create.

Vision Destiny 2021

- Son in this future reality things will not be made but created from light at a quantum level.
- All the living grace light beings are waiting for are the sons of God to awaken and be revealed in their glory.

Vision Destiny 2021

- Son release the ripples in this time of convergence to accelerate the awakening and shake the systems that can be shaken.
- The old wineskins must be shed and cast off for the new to emerge in its beauty and splendour.

Vision Destiny 2021

- Arise and shine awakened and unrestricted to a new reality.
- Look and see the new vista the horizon is of a new landscape.
- I could see reality swirling as the living light grace particles were waiting to be called into existence.

Vision Destiny 2021

- 10 June
- Son shield the conference from outside influences as you have been shielding the world.
- There are those who are afraid of the ROAT message and will try to disrupt it so be diligent and vigilant to allow all frequencies of love and truth to go out but no negative frequencies of division and competition to come in.

Vision Destiny 2021

- Son love keeps no record of wrongs as they are as far from us as the east is to the west ensure that you do the same through in the power of unconditional forgiveness.

Vision Destiny 2021

- Love that demands is not love just as forgiveness that demands is not true forgiveness.
- Forgiveness is at the very heart of I am that I am as it is all about being one with those who offended you.

Vision Destiny 2021

- Forgiveness flows from the desire for unity and commands a blessing and it is the heart of the new covenant.
- New creation sons who have nothing held against them and are those who freely give what they have freely received by holding nothing against anyone.

Vision Destiny 2021

- Son unconditional love has no choice it cannot ever be anything other than what it is as it 100 percent pure with no mixture, no contamination, unadulterated, untainted, uncorrupted, unpolluted with no inconsistency and no shadow of turning.

Vision Destiny 2021

- Unconditional love is totally consistent it has always been the same and always will be the same faithful and true.
- Unconditional love is overwhelming and can never be escaped or separated from.

Vision Destiny 2021

- Unconditional love is light pure bright shining and hot with passion and burning desire for the blessing of its object.
- Unconditional love is a consuming fire that will refine and purify everything in its way destroying nothing but transforming everything.

Vision Destiny 2021

- Unconditional love is the essence of the ROAT as restoration is its inevitable consequence.
- Unconditional love expresses itself as limitless grace and mercy overflowing with joy and peace and always leads to rest.

Vision Destiny 2021

- Unconditional love is deeply compassionate and is moved to heal, reconcile, resurrect, redeem, restore and renew all that it touches.
- Unconditional love is kind, patient, gentle, enduring, tolerant and always good overflowing in lovingkindness.

Vision Destiny 2021

- Unconditional love is the living essence of light that is the frequency vibrating as grace within the fabric of all creation.
- Unconditional love is the building block energy of all matter and the relational glue that holds all things in existence.

Vision Destiny 2021

- Unconditional love is Our and your glory the weight and essence of being.
- I am that I am is unconditional love, light, fire and the spirit of life and existence.

Vision Destiny 2021

- Son, the sons of God revealed as the light of the world are to be the ambassadors and emissaries of unconditional love to all creation.
- Unconditional love is the only thing that can set creation free from its bondage to corruption so arise and shine with love's light

Vision Destiny 2021

- 11 June 2020
- I engaged the Chamber of Creation and immediately began to pulsate and groan to the rhythm of the Father's heart for creation.
- It felt like I was vibrating but contracting in picking up energy and expanding out over and over.

Vision Destiny 2021

- I began to groan my mind and my voice in agreement with the frequency it became deeper and louder.
- I became totally unaware of my body in a trance like state I saw the quantum lumens dancing to the rhythm of the groan swaying like a moving ribbon of light particles.

Vision Destiny 2021

- This became more intense my thoughts and my whole being entwined in the sound and light
- It felt like it was moving being conducted and I was moving with it.

Vision Destiny 2021

- I then focused my thoughts and the frequency of my being with each of us in union on releasing the light into the earth shield and into areas where there was an absence of light.

Vision Destiny 2021

- The quantum lumens moving as one living being began to stream out of the chamber through the portal energised by the sound that we were producing.

Vision Destiny 2021

- I saw and felt the living light focused and streaming with purpose connecting and energising synchronising with other sons around the world.

Vision Destiny 2021

- I saw Enoch and Limitless together in agreement with us in union with us directing the sound and the light.
- The Father's heart expressed through us in a union of living sound and light is awakening people to the new reality that we in union with each other and with others are creating.

Vision Destiny 2021

- The Father began to speak to me of love unconditional love in regards to this global awakening of consciousness.
- I went into the dark cloud the cloak of mystery and engaged with the restored angels of Union, Covenant, Peacemaker, Family, Hope and Protector.

Vision Destiny 2021

- I shared our heart with them about shielding protecting the earth as we steward this revolution.
- I asked them to help us weaken the systems of global influence.

Vision Destiny 2021

- To remove the cabals controlling the economy, banking systems, oil industry, pharma corporations, the arms dealers by drawing more of their kind to restoration.

Vision Destiny 2021

- I asked them to help destabilise the systems so this awakening could gain momentum by inspiring counter culture through the genuine protests.
- They agreed and together in union we began to release a ripple of frequency into the spiritual realms.

Vision Destiny 2021

- It felt like we were getting the attention of the orders of fallen angels responsible for division, conflict, competition and tribalism and some on them began to lose their focus.

Vision Destiny 2021

- The frequency began to draw them towards the dark cloud and away from their activities in the earth so that the awakening could accelerate.

Vision Destiny 2021

- The living light streams began to illuminate the areas of darkness with revelation truth enlightening people to the possibilities of change.
- It felt like this enlightenment was going to become the seed bed for the future to usher in this global golden age a new renaissance.

Vision Destiny 2021

- 15 June 2020
- Son come walk with Me.
- The Father took me out into the cosmos and I could discern something that I had seen before the same voids that were around the atmosphere of the earth.

Vision Destiny 2021

- They were in many of the galaxies that we visited hidden portals and only discernible by the absence of light.
- I knew how to penetrate those shielded voids as I had done before by changing the vibrating frequency of my being.

Vision Destiny 2021

- The Father stopped the whistle stop tour of the universe at a particular constellation Pleiades and we entered the void.
- Within it there was a portal that was energised and very active with beings coming and going.

Vision Destiny 2021

- I asked the Father who they were and what they were doing.
- These are who you are shielding the earth from and this is a junction between dimensions that connects many places.

Vision Destiny 2021

- I started to think about what I was supposed to do when the Father interrupted my musings by revealing His heart for those here and all the dimensions that they represented.
- His thoughts were far from my thoughts so I just focused on Him and my mind went back to the Chamber of Creation.

Vision Destiny 2021

- I began to resonate with the Father's heart and I started to pulse and move in harmony and then the lumens that were hidden within the void and within me began to illuminate that place.

Vision Destiny 2021

- That absence suddenly became filled with light and love energy that took all those beings by surprise and got their attention.
- I was aware that I was supposed to do something but I hesitated and reached out to the Father with my mind.

Vision Destiny 2021

- Inspired and energised I began to attract the Quantum lumens who streamed towards me and joined with those from within me and surrounded me as if creating a luminescent field around me.

Vision Destiny 2021

- I was moving in unison with creative light and was one heart and mind with them.
- I thought and spoke and instantly through a quantum entangled connection they moved and created a new reality where love's light filled that void.

Vision Destiny 2021

- It was like I was conducting or orchestrating a message of hope for restoration that was dancing like an amazing cosmic light show communicating the Father's desire in a way that was far beyond anything I had felt or experienced before.

Vision Destiny 2021

- One by one the beings started moving towards the light that was encompassing me and I became aware that the Father was hidden from my sight.
- For a brief moment I felt apprehensive but then I felt the Father's comforting presence within me.

Vision Destiny 2021

- I released the call for restoration and the lumens shone brightly with love's light and the whole atmosphere in that void changed.
- I continued to release the love frequencies of the oracles of the Father's heart and I expanded my being until it encompassed the whole void.

Vision Destiny 2021

- I called to them revealing the truth of their deception and their true origin within the Father's creative purpose.
- The beings began to respond and I felt them communicating their confusion at first but then one by one I felt their decisions to be restored back into creation according to the Father's desire.

Vision Destiny 2021

- I watched as the lumens streamed towards them and burst from within them to join in a joyfully jubilant celebration that sent ripples into the dimensions that were connected.

Vision Destiny 2021

- Again I felt overwhelmed by the experienced and did not know what to do when the Father's comforting voice reassured me as He said come your part is over just keep them in your heart.

Vision Destiny 2021

- The revolution has progressed today and this will have created the seed bed for great change.
- Son this is a lesson for you. You were thinking warfare and disruption and I was thinking peace and joy.

Vision Destiny 2021

- Rebuilding and restoration will never be facilitated by warfare only through coming in the opposite spirit will change begin.

Vision Destiny 2021

- 16 June 2020
- Son rest in love's embrace let Me draw you closer take you deeper and lift you higher.
- We desire that you enter into another level of oneness where you can be in unison like never before.

Vision Destiny 2021

- Son you have stood within perichoresis and heard Our conversation, you have been with Us on the dance floor entwined with Us within you.
- You have been within creation in harmony and heard the music of the spheres the symphony of life.

Vision Destiny 2021

- Now come into oneness where you are You within Us and Us within you.
- I immediately felt my frequency change and became aware that my essence is light and spirit and I was at a new state of being.

Vision Destiny 2021

- I was within I am and I am was within me but now I was just being only aware of oneness connected and immanent and disconnected and transcendent, inside and outside, within and without, enveloped and enveloping, simultaneously being.

Vision Destiny 2021

- Son be and as soon as I heard and felt those words I was in a different state of consciousness vacillating between knowing everything and nothing, being everywhere and being nowhere.

Vision Destiny 2021

- Son you are feeling within Us and feeling that We are within you, you are within creation and creation is within you.
- Son to choose realities you must be within realities being those realities and those realities being you.

Vision Destiny 2021

- Son fatherhood is a different state of consciousness than sonship where you are creator not created.
- Son just as you have learned to feel being within us and Us being within you now you will have to learn to be within what you create and that creation be within you.

Vision Destiny 2021

- You have chosen realities creatively but from what you already know but you will have to learn to create realities that have not yet existed.
- Son this is just glimpses of the future you still need to mature in oneness as a son but to be an ascended father is a whole new state of being.

Vision Destiny 2021

- Son you will continue to experience different levels of consciousness that prepare you for being.
- You will not understand or be able to explain what you will experience but that is how it is meant to be.
- Just enter deeper states of rest and be.

Vision Destiny 2021

- 17 June 2020
- Son rest in the truth that you know by experience filled and overflowing with love, joy and peace.
- Activate your energy centres to balance your spirit, soul and body into oneness with Our I amness.

Vision Destiny 2021

- To live loved, love living and live loving is to be spiritually and emotionally balanced at rest within I am that I am so you can be in the constant knowledge of I am that I am is within you.

Vision Destiny 2021

- Son live in the heavenly atmosphere of rest on earth as a gateway of heaven where the rivers of living water are activated and energised and limitless within you.

Vision Destiny 2021

- Son come walk with Me.
- We walked in the Father's garden amongst all its great beauty a feast for the eyes activating all the senses with wonder and awe.

Vision Destiny 2021

- The Father reminded me of the limitless possibilities that exist in this place of absolute rest and my mind although totally at peace was filled with creative potential.
- Son this is the place that is connected to the Chamber of Creation this is where We brood over creation.

Vision Destiny 2021

- This is where creative realities are formed in rest inspired by the beauty of possibility Our dreams become substance and the chamber of creation amplifies Our frequency and the lumens dance to Our thoughts with creative energy.

Vision Destiny 2021

- Son this is not just My garden but is the cradle of all that there is and all that there will be.
- That is why we invite all Our children to be at rest here and the treasure chest of our thoughts is here within the pool of deep intimacy.

Vision Destiny 2021

- Son that is why the golden mountain and Metatron are here this is the garden of Our heart the birthing place of Our precepts.
- You have been drawn here all your life looking for this place of being that inspires the reality of who you are.

Vision Destiny 2021

- Now that you know the secrets of the Chamber of Creation brood here in the rest of I am and release your being.
- In that instant my being became a creative force capable of infinite creativity anchored within precepts of the creator made in Their image and likeness spirit from spirit, light from light, love from love and fire from fire.

Vision Destiny 2021

- I began to see what would emerge from ROAT 2 conference; a generation inspired by hope for restoration establishing embassies of heavenly love, joy and peace all over the earth.

Vision Destiny 2021

- As I brooded over what I saw the Chamber of Creation resonating and pulsating with my creative thoughts and the lumens dancing to the tune of what my heart had released.

Vision Destiny 2021

- I saw light streaming from the portal into creation creating a new reality birthed from rest inspired by my Father but created by my being.
- All other possibilities ceased to be and the quantum lumens activated creation and this reality is established and has been called forth.

Vision Destiny 2021

- Son now you know and your knowing will inspire a generation of sons to become mature in their true identity as creative beings at rest as they begin to father the future.
- I felt pure joy and elation resting in the true knowledge that I am that I am within I am that I am.

Vision Destiny 2021

- I am that I am and I am is love
- I am love and love is I am
- Love is who I am and love is the motive of every desire, thought and action
- I am that I am and I change not. I have always been and always will be love as love is an eternal constant
