

Vision Destiny 2021

- I am going to review some of the things that were key in 2020
- I will share my journals that will include:
 - What God said in so far 2020
 - What God did in so far 2020
 - What does that mean for 2021?

Vision Destiny 2021

- 16 July
- Soon the end of the beginning season is coming soon but there are more seasons of shifting and shaking to come.
- Legislate to enable smooth transitions between the seasons and deal with the forces behind the systems that will disrupt the flow if allowed to.

Vision Destiny 2021

- Continue restoring the fallen ones and begin to engage the dimensions behind them who are usually hidden from sight.
- Look for the voids where there is the absence of light and goodness to observe the strategies of the systems that perpetuate the global control of Our children.

Vision Destiny 2021

- Son prepare for the harvest that will come during the next seasons your mandate is to equip them in sonship.
- Invest in a paper version of the EG programme and in translating it into the major languages as you now have the foundational material to do so.

Vision Destiny 2021

- Legislate for more volunteers to transcribe the modules and create a greater community for the E.G. programme by giving more regulate updates and interaction.

Vision Destiny 2021

- Son mobilise Our sons to action and prepare them for the next seasons so they will be ready to shield the earth and restore the dimensions.
- Do not hold back on establishing the ascension restoration government groups announce them soon and start with three, seven or twelve.

Vision Destiny 2021

- The groups must be mature enough to function independently of you or willing to learn quickly by engaging with their mandates.
- Ascension groups must become relational and always be governmental to maintain their effectiveness.

Vision Destiny 2021

- The group's primary purpose is the restoration of the fallen systems to enable the dismantling of the global control systems of darkness.

Vision Destiny 2021

- All legislation must be an outworking of the Oracles of Our heart in love therefore some EG programme sessions are vital for preparation.
- Son as always passion and heart are more important than intellectual knowledge alone but maturity in character and love is vital.

Vision Destiny 2021

- Son cross-pollination is something you should be open to going forward but at present there are very few people with the experience of the restoration of the fallen ones but this will become more widespread over the next few years as We are raising them up.

Vision Destiny 2021

- Son love for creation and its freedom is also a characteristic that will help facilitate what will be needed going forward in interacting with the Elementals.

Vision Destiny 2021

- 27 July
- Son you are creative made in Our image to be an expression of love to creation.
- Start in your Jerusalem with balance between body, soul and spirit and express the rest you have in unconditional love to others.

Vision Destiny 2021

- Use the limitless grace that you have been blessed with to be a blessing to all others in your spheres.
- I am the God of the living and the dead so My limitless grace is available to you for all creation do not limit it but be an expression of it to all.

Vision Destiny 2021

- Focus your attention on the living make them your priority to give them the same value and worth as We do.
- Son you can value some things higher than others because you are not infinite but We do not as all things carry the same worth to Us and are precious.

Vision Destiny 2021

- Treasure those things that you value do not take them for granted but appreciate their worth as We do.
- Soon the shift that is occurring is a time to recalibrate values and worth at all levels from the cosmic and global to the personal.

Vision Destiny 2021

- Reset your life and reorder your priorities to expand outwards until all is balanced and harmonious as a son within and without.
- The groan of creation starts within all living things and all things can feel it but it is only the sons of God who are designed and have the abilities to be the Oracles of Our heart.

Vision Destiny 2021

- Mankind is an oracle but has expressed the sound of the wrong source that of knowledge without relationship.
- The world is a reflection of the internal state of Our children fragmented and broken but on a corporate level it is also a reflection of the denominated state of the church.

Vision Destiny 2021

- Only as Our children are restored to face to face intimacy can they resonate with Our heart and be the oracles of love that creation is longing for.

Vision Destiny 2021

- Only as the divisions, competition and conflict that are so evident within the institutional church are exposed by those who are truly representing who We are in union and oneness can creation respond.

Vision Destiny 2021

- The old religious systems of the DIY tree must be exposed for what they really are by the revealing of true freedom and relational union.
- The light of love must arise and shine in expressions of true sonship that must not be hidden beneath a religious facade.

Vision Destiny 2021

- The true mountain of the house of the Lord must rise above all the false mountain systems inspired by the knowledge of good and evil.
- The false mountains created by the DIY culture will crumble and fall and bow to the government of God.

Vision Destiny 2021

- The shaking of the old systems will reveal the new as they are removed, crumble and fall.
- All the isms and ideologies of man will come to nothing as they have always been doomed to failure.

Vision Destiny 2021

- There is no manmade solution that can fix the problems that mankind has created through their independence from relationship with Us.
- The true solution can only be found in following the path of the tree of Life back to restored innocence.

Vision Destiny 2021

- Son there is a simplicity in unconditional love that does not need to be complicated so just live loved, love living and live loving.
- Rest in the reality of immortality and be who We made you to be; unrestricted and unlimited.

Vision Destiny 2021

- 28 July
- Son all things will be restored to Our original intention but that does not mean to the wishes of Our children.
- Many people want to see things restored that were never Our desire in the beginning so those wishes can never be fulfilled.

Vision Destiny 2021

- Many people are living with the regrets of the past that were the results of following their own desires so those things will not be restored.
- Son living in the past with regrets over lost opportunities is a waste of present and future time.

Vision Destiny 2021

- We desire to wipe away all the tears linked to the past so Our children can go on unhindered by loss and regret.
- So much time and opportunity is lost by dwelling on the past where Our children are not living life they are existing in pain and sorrow wallowing in what they have done or in what has been done to them.

Vision Destiny 2021

- The cloud of witnesses have no pain or regrets but have wisdom having had all things put into a right perspective.
- Memories no longer have the ability to cause pain or sorrow as they are covered by the victory of life over death.

Vision Destiny 2021

- It is time for you to move on to live for the future. Resolve what you can but be transformed by Our unconditional love.
- Son, We do not dwell on the past make sure you do not also. Some people will not let things go in this life do not be controlled by them.

Vision Destiny 2021

- Son living in regret is such a negative energy state that is debilitating and demotivating it can be redeemed but you cannot restore what should never have been.
- Son you have seen Our desire to restore relationship with Our children so focus on restoring future relationship not resolving the past.

Vision Destiny 2021

- Son come and brood over a restored future in the Cradle of Life.
- Feel Our heart let Our desire motivate your intentions so you can be as We are.
- I felt the energy of life begin to pulsate within my heart creating new future possibilities that were filled with positive energy.

Vision Destiny 2021

- I took that energy to the waterfall and imparted it to the sound of many waters for amplification in the Chamber of Destiny so it could echo within the Chamber of Creation to form future reality.

Vision Destiny 2021

- I saw the living light swaying and moving energised and activated by the sound frequency of my desire.
- I saw the future begin to manifest into reality where hope fulfilled is a tree of Life.
- The Quantum Lumens stream out to form reality.

Vision Destiny 2021

- 29 July
- Son come walk with Me. We walked in the Father's garden to the golden mountain and we sat there observing the wonder of creation.
- I saw thrones associated with creation connected to the basic elements, air, water, earth and fire.

Vision Destiny 2021

- Those thrones were by the river of fire, the waterfall, the mountain, the garden and there were other thrones also for the trees, animals, plants and for all beings.
- The Father took me to each throne and there waiting for me to sit as an ambassador were the representatives of each of the Elementals.

Vision Destiny 2021

- They were ancient spirits and I felt their deep connections to creation and their desire for union and symbiosis with the sons of God.
- They were waiting for Our authority to complete what was lacking in them by giving them direction and order.

Vision Destiny 2021

- They were powerful but not wise and the Father showed me history in a moment where they had been seduced by darkness.
- I felt their grief over the groaning of creation but also their shame for being deceived and influenced by darkness.

Vision Destiny 2021

- We went to each throne in turn where a connection was made and I received a download of infused knowledge concerning creation past, present and future.
- I felt the sentience of creation and understood more of its longing and my desire for its freedom and restoration became more focused.

Vision Destiny 2021

- Son you have always had a deep connection to nature but now you are more aware of the responsibility of sonship you will begin to connect and partner with the Elementals.

Vision Destiny 2021

- Creation needs the government of man to be fruitful as intended and mankind needs the cooperation of the Elementals and the elements for harmony to be restored.

Vision Destiny 2021

- Son the need for union and harmony with creation is built into the fabric of your being and no DIY substitute can ever bring fulfilment.
- Son these thrones will need to be occupied by Our sons who are awakened to the ancient ways.

Vision Destiny 2021

- The elements must be governed to see restoration of peace therefore the winds must be tamed, the earth's plates must be unified and the seas be brought to rest so that nature will be in harmony as it was in the beginning.

Vision Destiny 2021

- Son it is the season for the hope of freedom to be communicated to creation with limitless grace and a deep compassion.
- The oracles of Our heart are not limited to what you see as living beings but for all creation in all its reflections of I am.

Vision Destiny 2021

- Son legislate for the sons of God to arise and respond to creation's groaning and connect with the Elementals.
- This union and reconnection will raise the frequency of the earth and cause the cosmos to react.

Vision Destiny 2021

- 30 July
- Son the thrones within the atmosphere and the seismic plates are occupied by principalities and rulers that are controlling global issues.

Vision Destiny 2021

- The sons of God are beginning to occupy the mountain spheres and the water spheres but there are still many thrones that need to be occupied and governed.
- The Elementals are presently influenced by those seated in darkness.

Vision Destiny 2021

- The Elementals recognise who are enthroned and cooperate with them unless many sons are interceding to counteract the negative influence.
- Son creation is longing and waiting for Our children to arise and be seated in identity and authority in heaven and on earth.

Vision Destiny 2021

- Who is seated in the atmosphere has the greatest influence on the earth but who is seated in the heavenly realms has greater authority to cleanse the atmosphere but they must converge both realms by functioning as the order of Melchizedek.

Vision Destiny 2021

- Son, teach Our sons to engage and function in the dark cloud of the cloak of mystery to remove the darkness by releasing the light.
- Only when you take authority in the dual realms of heaven and earth can you restore the atmosphere and mobilise the global Elementals to enable full governmental rule.

Vision Destiny 2021

- Changing the global control systems will not be possible without occupying the thrones of the elements of creation as they are used to create instability, insecurity and fear.

Vision Destiny 2021

- Fear generates anger and anger is used to create division and division creates competition and that creates conflict which creates tribalism and empire which creates more cycles of division.

Vision Destiny 2021

- The cycles must be broken by coming together in union of relationship that will model a new progression of well-being.
- This cycle is where union creates covenant that creates peace which creates family which brings union and harmony.

Vision Destiny 2021

- This cycle of seasons functions like a fractal at many levels beginning with you being the union of spirit, soul and body and the convergence time and eternity and heaven and earth throughout the dimensions.

Vision Destiny 2021

- Union leads to cooperation and peace which creates harmony which restores family oneness, togetherness and the environment that fosters love.

Vision Destiny 2021

- Son when Our children truly function in relationship and government in the heavenly realms in the union of perfect love they will be able to begin to reflect heaven in and through their lives and so manifest sonship.

Vision Destiny 2021

- I went to the Cradle of Life within the heart of the Father and began to brood over union until I was pulsating with creative energy and producing the frequency of oneness.

Vision Destiny 2021

- I stretched out the moment of incubation to be ready to birth union and I saw Division fighting resisting but eventually falling.
- I saw the repeating cycle of the viscous circle of Division to Tribalism broken and the infinite pathway of covenant replace it.

Vision Destiny 2021

- Energised by what I saw I engaged the waterfall of the Sound of Many Waters to amplify the sound of Union and it began to resonate and increase in intensity in the Chamber of Destiny until the Chamber of Creation was activated and the sound was magnified to a creational level and the Quantum Lumens began to dance to the creative rhythm of the frequency.

Vision Destiny 2021

- The creative light was alive with the energy necessary to pop the qwiff and beginning the cycle of wave function collapse.
- Son the season of limitless greater grace is beginning as the age of the waters of light and love are dripping into creation ready to be poured out.

Vision Destiny 2021

- 3 August
- Soon the shift you are going through is to reset and recalibrate your life so you can reprioritise your time and energy on those things which really matter.

Vision Destiny 2021

- Son it is relationships that are the most important thing for Us as that is who We are so if you are to become a mature son and eventually an ascended father then focus on your priority relationships.

Vision Destiny 2021

- Son all the legislation and government will mean nothing if you don't have love at the centre of your relationships.
- Value what We do and do not be works orientated in relationships.
- Just as you have realised that religion cannot produce relationship through self-effort you must also realise that your relationships are more important to Us than your working with Us.

Vision Destiny 2021

- Unconditional love does not value what you do above who you are as being comes before doing.
- So often Our children put more value on what they do than who they are and so their relationships suffer.

Vision Destiny 2021

- Son this is the way of the DIY tree path as lost identity often means things are more important and valuable than people.
- This is why the world needs to be recalibrated on wellbeing not profit to challenge the god of materialism with love's relationship agenda.

Vision Destiny 2021

- The old systems controlled by competition and conflict that lead to greed and materialism must be replaced by love based covenant.
- Creation is longing for relationship to be re-established as the core value of sonship so that love will be once again be what fuels the physical universe.

Vision Destiny 2021

- Love and light are the essential essence of creation that has been perverted and corrupted by the fall from grace of Our children.
- Restoring love and light is the primary purpose of the message of the ROAT that must be clear and obvious.

Vision Destiny 2021

- The irony of the lack of relationship within restoration must be addressed so that the ROAT movement puts the highest value on love.
- Love and restored relationship must be the core value and motivation for restoration at every level.

Vision Destiny 2021

- Trying to restore creation is ridiculous if relationship is sacrificed on its altar but so often the mission becomes more important than its values.
- The whole of creation is waiting and longing for this recalibration back to love and relationship so it can be set free.

Vision Destiny 2021

- Restoration of relationship between people, families, nations, dimensions, the spiritual and physical realms and beings.
- This must bring an end to all division whatever it is based on be it colour, origin, ethnicity, wealth, intelligence, position, power, nationality or any other thing that contradicts love.

Vision Destiny 2021

- The union and harmony of all things relationally is the true goal of the ROAT agenda and must remain its core principal.
- Son reassessment of all values in the light of love is one of the key elements of the shift that is taking place.

Vision Destiny 2021

- When unconditional love is the foundation of life then relationship will be life's greatest and most valuable commodity.
- When establishing restoration government groups love and relationship recalibration will need to be the first priority.

Vision Destiny 2021

- 4 August
- Son come walk with Me. We entered into the Court of the Councils of the Fathers and I stood before the 24 Elders.
- They addressed me quite formally as an Ambassador for the Joshua generation and ROAT and said We call you to represent the one new Man in Christ to unite old and new in oneness and union of purpose.

Vision Destiny 2021

- We give you the mandate of the Father's heart as an oracle to this generation for union to bridge the generations.
- You have accepted the scrolls for the harvest and the Joshua generation now we call you to bring union for the ROAT.

Vision Destiny 2021

- I felt their hearts burning with passion for union and oneness and I resonated with them so I accepted the mandate.
- They have me a crown and a new tool of light. It was like a blue light orb of creative energy that vibrated in my hand.

Vision Destiny 2021

- The Father said son, We are one and union is Our nature so We are going to open up new opportunities to legislate for the 4 streams to become one river and more importantly for two generations to become one.

Vision Destiny 2021

- Son creation is longing for union and the earth needs to be unified as one family to become your source of oneness to the created order.
- We call you to unite Our children from many nations into one family in sonship for the sake of creation.

Vision Destiny 2021

- We are going to do more heart surgery this time not to expand your heart but to strengthen it so it can beat with more force.
- We will give you the strength of heart to be empathise so be prepared to feel deeper emotions spontaneously for people and groups.

Vision Destiny 2021

- Son you will be moved with compassion unexpectedly for things you that never bothered you before and you will greatly energised for those things that did.
- Son you have given Us your heart and you will enter into a season of deeper emotional connections.

Vision Destiny 2021

- 5 August 2020
- Son your mandate with government groups is to engage Our heart and legislate whatever We show you.
- Do not set the agenda let Us direct you as you collaborate with Our heart each group will function differently.

Vision Destiny 2021

- You can introduce each group to the Cradle of Life, Chamber of Destiny and the Chamber of Creation process and the true dark cloud of mystery.
- Each group will release its own frequency to attract the angelic realm and then follow Our directions.

Vision Destiny 2021

- We will assign the cloud of witnesses to engage with you and as you function in union together with Our heart your mandates will greater impact.

Vision Destiny 2021

- Son brood over the groups creatively within the garden of Our heart to activated them with living light.
- We will give each group a sound that will reflect their collective identity.

Vision Destiny 2021

- I am that I am and I am is love
- I am love and love is I am
- Love is who I am and love is the motive of every desire, thought and action
- I am that I am and I change not. I have always been and always will be love as love is an eternal constant

Vision Destiny 2021

- Live loved
- Love living
- Live loving
- Rest
- Live in the rest and reality of immortality.
