

# Vision Destiny 2021

- I am going to review some of the things that were key in 2020 so far
- I will share my journals that will include:
  - What God said in 2020 so far
  - What God did in 2020 so far
  - What does that mean for 2021?

# Vision Destiny 2021

- 10 February 2020
- Soon a storm is coming naturally in the world but an even greater storm is coming spiritually
- I have warned you about the shift and this storm is part of it.
- A storm of grace and a storm of opposition to grace.

# Vision Destiny 2021

- This will be a wild storm that will shake the world so make sure that you stay in rest in the midst of opposition with a loving forgiving heart.
- Only love has the power to overcome but that love must be true and unconditional to have such power.

# Vision Destiny 2021

- True love that is a full representation of who We are is the only reality that can change and transform an enemy into a friend.
- Son we have no enemies and all things that We created are loved and that love will eventually win over all as it will never relent in its pursuit of restoration.

# Vision Destiny 2021

- Only those with gentle and humble hearts can know true love and truly love unconditionally.
- Only those who come to Me recognising and admitting that they are weary and burdened can enter into true rest from their self effort.

# Vision Destiny 2021

- Many seek me in their own DIY way but will never find Me through their religious efforts but as soon as they give up there I am.
- I am using this shift to move Our children from independence to relationship but only surrender can facilitate that.

# Vision Destiny 2021

- Son bless those who bless you and bless those who curse you and many who now curse you will respond to your heart of love.
- Love will win because love has won. Love endures it will never cease because I am is the love between Us.

# Vision Destiny 2021

- I am can never cease to be love therefore love is the eternal substance that is the light and substance of creation.
- The shining of love's light will eventually overcome all opposition to restore all things.

# Vision Destiny 2021

- Son open the doors to the dimensions for others to follow with love's light as Oracles to reveal Our true character and nature.
- As the sons of God arise so will the awareness levels of creation to restoration.
- Love's light brings hope where it rises and shines.

# Vision Destiny 2021

- The frequency of sonship is beginning to cross the barriers and boundaries of creation with the hope of restoration now this hope must become reality.
- I am is calling to the sons with the sound of freedom's hope for restored identity and position.
- Creation's longing is coming to an end now that the darkness is being overcome with the light of love's life.

# Vision Destiny 2021

- The revealing of grace as limitless abundant and free is going to create ripples throughout the dimensions.
- Son be bold and very courageous in the face of the opposition from those in religious bondage to fear.

# Vision Destiny 2021

- 11 February 2020
- Son look into the eyes of Your Father what do you see?
- I see love fiery passionate love.
- Go deeper what do you see?
- I see a burning all consuming desire.
- Go further into the depths of the fire.

# Vision Destiny 2021

- I now felt it the intense joy that is becoming stronger almost painful in its intensity.
- Son come deeper into the fire with us.
- I felt the depths of compassion that moves and motivates all Your actions even to discipline those You love so they can be healed and restored to wholeness.

# Vision Destiny 2021

- Son it is painful living in each moment with each child when they are living less than who We know them to be.
- Son come deeper into the flames that burn within Us.

# Vision Destiny 2021

- I felt it, saw it, knew it, love amazing overwhelming love.
- A love so powerfully passionate with burning desire that it can never stop even when all is restored.

# Vision Destiny 2021

- Love is the fire that will consume all in its way to restore all things to their rightful intended position within I am as love.
- So all can once again know true invincible, unstoppable, unrelenting love.

# Vision Destiny 2021

- 13 February 2020
- I chose to accept the invitation that the Father gave me to come into the dark cloud of perfection.
- I stepped into the river of fire sinking into a deeper fire surrendering my whole being to the purifier.

# Vision Destiny 2021

- I felt the fire going through my being spirit, soul and body an intense burning desire came over me so I moved towards the Firestones but I started at the top and went down humbling myself under the Father's mighty hand until I stood in love.

# Vision Destiny 2021

- The Oracles began around me but start to go in me and through me like 5 wheels within wheels activating my 5 senses until became tuned to the frequencies.
- I heard the call and I responded by birthing a fiery stone from my innermost being.

# Vision Destiny 2021

- I ascended each stone until I stood on the tenth stone and immediately I was shrouded in darkness that welcomed me in
- The deeper I went the more thick and overwhelming it felt until I was at the matrix perfection.

# Vision Destiny 2021

- I stepped in and waited until I felt the desire to enter rise up in me.
- I stepped through the matrix into an atmosphere of pure love and light that was so rich that I gasped and breathed deeper.
- It felt like everything was in ultra slow motion each moment intensified like it was a lifetime.

# Vision Destiny 2021

- My whole being as light began to pulse rhythmically but each beat felt like an age.
- Everything was so slow and drawn out that it was like I was suspended in that moment experiencing all that there is to savour before the next beat imperceptibly drew my whole being into sync.

# Vision Destiny 2021

- Then I felt movement vibrating but it was also flowing slowly towards a point of light that eventually captivated me with an overwhelming sense of expectancy.
- The light enveloped me so that I was within it and it was in me.
- I was captivated by the light of love's truth pure energy, pure thought, pure oneness in this realm of pure light.

# Vision Destiny 2021

- I was both within and observing from without simultaneously seeing, hearing, sensing knowing being just one facet and then imperceptibly another and another until I was drawn out of myself but also still within.

# Vision Destiny 2021

- I looked intently focusing my whole being on the beautiful exquisiteness of the face of My Father where all frequencies of light energy are shimmering gently humming throbbing with an intensity of love's light.

# Vision Destiny 2021

- I fell to my knees undone ruined in total abject surrender where my whole being was spaghettified out into all things and all things became absorbed into the living light energy strings within my being.

# Vision Destiny 2021

- I began to feel the oracles but this time I was the pentatonic scale each note sounding vibrating resounding and resonating love's essence.
- That moment was like a slowly drawn out moment representing the eternal age of perfection.

# Vision Destiny 2021

- 17 February 2020
- I stood with my crystal sceptre before the Council of 70 to make representation on behalf of the Joshua generation and creation for the restoration of all things.

# Vision Destiny 2021

- I sought for the increase in those crossing over into the heavenly realms and that the message of restoration would go to each stream
- Crossing the boundaries of the four streams so the stream's banks would be broken and convergence would begin to take place.

# Vision Destiny 2021

- The Council gave their approval and released their verdict as a ripple through all the heavenly realms and dimensions of space time.
- They gave me the crown which gave me access to my throne in the heaven of heavens and I took my place.

# Vision Destiny 2021

- I call for the truth of restoration to invade each stream.
- I call for angelic messengers to visit those in each stream who are ready for deconstruction.
- I call for the lightning bolts of heavenly truth to penetrate the closed minds to prepare them for the truth.

# Vision Destiny 2021

- I call for the unveiling of restoration to be joined with the revelation of the mystic and eschatological truth.
- I call for the grace necessary to remove the veils of darkness covering the minds of those blind to restoration within each stream.
- I call for the season of grace to come into position and the greater grace to launch this season with limitlessness.

# Vision Destiny 2021

- I was seated on my throne from there I could see from a new perspective.
- I saw spiritual beings in opposition to restoration within each stream.
- I asked for a mandate to engaged them. I received the mandate but I had to deal with the third fear angel first.

# Vision Destiny 2021

- I sought the strategy for dealing with it in love.
- Love from the realm of light would be the key to its restoration.
- I stepped into the realm of light and love and adsorbed the light energy to activate my energy gates.

# Vision Destiny 2021

- I went to the cosmic bench to engage the two angels who were now restored so they would stand with me.
- I called for fear to come to the light of the three.
- It circled slowly until it was standing before us.

# Vision Destiny 2021

- I released forgiveness which was rejected but began a dialogue to offer restoration.
- I drew closer and released the truth of the light realm as burst of love that overwhelmed it and then I saw the opening to overshadow with intimacy as I encompassed it with my spirit.

# Vision Destiny 2021

- I felt its fear but now armed with perfect love from my encounter in perfection it cast out the fear.
- The light of love had overcome and the scales of darkness flew off and beauty emerged.
- A feminine light being of amazing beauty.

# Vision Destiny 2021

- What a celebration I felt throughout the heavens and the three joined to form an amazing connection and a sacred geometric pattern of such depth and complexity.
- I commissioned them to engage the benches opposing restoration in each stream with the hope of their restoration.

# Vision Destiny 2021

- Son you have done well keep up the pressure and passion for restoration within your own heart.
- This is not a season this is who you were created to be so without fear seated above administrative restoration as an ambassador of that message.

# Vision Destiny 2021

- February 18<sup>th</sup> 2020
- Son the restoration message is to become your primary focus beyond EG.
- From the Oracles of Our heart you will be empowered to legislate and engage the powers in the Kingdom of God realm and the Elementals in the dimensional realms.

# Vision Destiny 2021

- Generating and releasing the frequencies of the oracles will extend your boundaries beyond so your focus will shift from preparation to legislation and government with others.
- I was seated in the realm of perfection.

# Vision Destiny 2021

- Take your seat in Our government and look at all the dimensions from this perspective what do you see?
- I saw the frequencies of rest in sonship crossing the dimensional matrixes at the quantum level.
- Swirling energy carrying the message of hope for restoration through the veils of darkness radiating love's light.

# Vision Destiny 2021

- I saw the creational realities beginning to be transformed as the freedom of sonship begins to impact the Elementals.
- Now son you can see you can choose those realities and legislate for them to increase and expand beyond through every level and dimension.

# Vision Destiny 2021

- I call the sons to arise and take their places with you from all the streams of restoration.
- I call into the Mystics stream for Sons to arise and take their positions of legislative authority
- I call into the universal stream for Sons to arise and take their positions of legislative authority

# Vision Destiny 2021

- I call into the eschatological stream for the sons to arise and take their positions of legislative authority
- I call into energy healing stream fire sons to arise and take their positions of legislative authority

# Vision Destiny 2021

- I expanded my spirit over the 4 streams and gave access to my frequency to call the sons to relational connection.
- I call for the banks of the streams to break and the flows to merge into one flow of interaction and cross pollination of relationship.
- I call for the convergence of the 4 streams into 1 mighty river of restoration.

# Vision Destiny 2021

- I reached out with my spirit to bypass the restrictions and limitations of the closed minds to touch the spirit of sonship within those who are the major ambassadors of the 4 streams.
- Son look for an opportunity to connect and share heart with ... to open dialogue.

# Vision Destiny 2021

- Son I have called you to legislate as an ambassador shift your focus and spend more conscious time seated in the heaven of heavens where you will have greater insight and greater capacity.

# Vision Destiny 2021

- Son you can also prepared vision destiny 2021 each month that will keep your focus up to date.
- You are ready to engage with those in opposition to restoration in both the spiritual and physical realms.

# Vision Destiny 2021

- Love's light will shine in you and from you to illuminate your spheres of influence but also to expand beyond to remove the darkness restoring it back into light and revealing the truth to those shrouded by darkness in their minds.

# Vision Destiny 2021

- I engaged the realm of light so I could more easily recognise the absence of light which was operating beyond the visible wavelengths.
- I tuned my senses to different frequencies to detect the darkness which was felt rather than seen.

# Vision Destiny 2021

- I scanned the spiritual atmosphere of the Kingdom of God to detect the voids that indicated where access portals were located.
- Those voids were across the dimensions as pockets of darkness like vacuums drawing the light like a magnet where opposites attract and swallowing it up.

# Vision Destiny 2021

- I detected the void associated with restoration and chose to engage it by activating my energy gates to a greater level that created a field that matched the frequency of the void in the opposite.

# Vision Destiny 2021

- I felt a greater intensity of the opposite spirit in this case love's light for restoration activated by the five oracles.
- I engaged the darkness by feeling it was like an area of sensory deprivation with a total absence of passion expressed as total apathy.

# Vision Destiny 2021

- A complete absence of desire expressed as total aversion.
- A complete void of joy expressed as deep depression.
- A total absence of compassion expressed as severe vengeance.
- A total absence of love expressed as deep hatred and fear.

# Vision Destiny 2021

- Those feelings were the exact opposite of the Oracles and were like a dark cloud that was keeping the message of restoration hidden but not just hidden opposed with such anger and hostility.

# Vision Destiny 2021

- I withdrew from the void armed with the insight I needed to overcome the darkness with the frequencies of sonship using the pentatonic scale of rotating energy fields of the Merkabah.
- Shifting harmonic frequencies like a shield.

# Vision Destiny 2021

- Son I have this to give you. What is it?  
It is a mystery.
- Why would I need a mystery Father?
- Trust Me in this. Ok I will receive this  
mystery.
- The Father placed the mystery over  
me like a cloak or mantle but it  
completely shielded me from view.

# Vision Destiny 2021

- It felt like an energy field that surrounded me but also light that shines inwards absorbing illumination
- I felt wisdom and knowledge and might like I was cloaked with the 7 spirits of God.

# Vision Destiny 2021

- I had 7 eyes so I could see dimensionally. I had 7 heads an increased consciousness capacity and authority.
- No one would be able to fathom this including myself. Was this symbolic I thought but it felt real even if it looked surreal.

# Vision Destiny 2021

- I thought I need to test it out so seated on my new throne in the heaven of heavens I looked to see with 7 eyes.
- I saw the voids but this time clearly and how they formed a dimensional image like an inverse fractal.
- I went to the restoration void passing through the shielded harmonics as if we not even there.

# Vision Destiny 2021

- I saw three fallen begins responsible opposing the restoration of all things message
- I felt no intimidation after my encounters with the light and now I was clothed with a mystery like a dark cloud but actually light but not as I had seen before.

# Vision Destiny 2021

- I spoke in a way I had never done before able to communicate my deepest desire for restoration, forgiveness, oneness to the three who were knotted together like a Trinitarian knot.
- I overshadowed them within the mystery and all the light I had absorbed burst upon them with love's passionate burning desire for their restoration.

# Vision Destiny 2021

- The void was filled with an intensity of love's light that absorbed the darkness and there were the three most amazingly beautiful beings of light.
- They asked if they could stay in the mystery until they were ready.
- Ready for what I thought/asked because they already knew.

# Vision Destiny 2021

- To be disconnected to become how they were created 3 but governmentally and relationally one.
- I said yes even though I would need to meditate on what they meant.

# Vision Destiny 2021

- I went back to my throne where I could not see them but felt them within the mystery but not within me.
- I had created a safe house of sorts an underground railroad for escaping fallen ones.

# Vision Destiny 2021

- 24 February 2020
- So now it is time to legislate for greater grace for the EG programme to reach the Joshua generation and become more effective in discipling to sonship.
- Take your place and remove the barriers and open the doors to reach those beyond the valley of decision.

# Vision Destiny 2021

- Extend your boundary into the religious institutions to open eyes and hearts to their destinies.
- Soon your heart has changed and will continue to change as it is motivated by the oracles so you can be an oracle of greater grace.
